

Do not wash your hands and face with a common laundry soap, or if you do, don't complain when you find them rough, hard and chapped. Ordinary laundry soaps are good for scrubbing floors, but not for the skin. Ivory Soap makes a creamy lather that rinses easily and takes the dirt with it. The natural oil of the skin washed with Ivory Soap is not removed, and the skin is left soft and smooth.

IT FLOATS.

**A SMALL SPOT MAY BE CANCER.**

**MOST VIOLENT CASES HAVE APPEARED AT FIRST AS MERE PIMPLES.**

The greatest care should be given to any little sore, pimple or scratch which shows no disposition to heal under ordinary treatment. No one can tell how soon these will develop into Cancer of the worst type. So many people die from Cancer simply because they do not know just what the disease is; they naturally turn themselves over to the doctors, and are forced to submit to a cruel and dangerous operation—the only treatment which the doctors know for Cancer. The disease promptly returns, however, and is even more violent and destructive than before. Cancer is a deadly poison in the blood, and an operation, plaster, or other external treatment can have no effect whatever upon it. The cure must come from within—the last vestige of poison must be eradicated.

Mr. Wm. Walpole, of Walshtown S. D., says: "A little blotch about the size of a pea came under my left eye gradually growing larger, from which shooting pains at intervals ran in all directions. I became greatly alarmed and consulted a good doctor, who pronounced it Cancer, and advised that it be cut out, but this I could not consent to. I read in my local paper of a cure effected by S. S. S., and decided to try it. It acted like a charm. The Cancer becoming at first irritated, and then discharging very freely. This gradually grew less and then discontinued altogether, leaving a small scab which soon dropped off, and now only a healthy little scar remains where what threatened to destroy my life once held full sway." Positively the only cure for Cancer is Swift's Specific—

**S. S. S. FOR THE BLOOD**

—because it is the only remedy which can go deep enough to reach the root of the disease and force it out of the system permanently. A surgical operation does not reach the blood—the real seat of the disease—because the blood can not be cut away. Insist upon S. S. S.; nothing can take its place.

S. S. S. cures also any case of Scrofula, Eczema, Rheumatism, Contagious Blood Poison, Ulcers, Sores, or any other form of blood disease. Valuable books on Cancer and Blood Diseases will be mailed free to any address by Swift Specific Company, Atlanta, Georgia.
