#### A Rug of Many Pieces.

A Washington man has on his dining room floor a remarkable rug. It is composed of 225 pieces so artistically sewn together that no seam is visible. It seems that there is a certain wild sheep in Brazil whose general color is solid brown, with the exception of a small spot, snow white, about four inches square, on its breast. The rug in question is made of these white spots, and 225 sheep were killed to provide them.

### Correcting an Error.

The editor of the Star of Hope, Sing Sing, 1,500 denounces as fallse the report that "the convict editor of the Star of Hope has been deposed, and that a citizen printer has been assigned to the position." The paper, he says, is entirely the inmates' paper, and is edited, contributed to and printed by the inmates themselves. It is strictly an institution journal, conducted by the inmates themselves in every branch.

It depends on what we do whether we are really industrious.

# MANY AMERICANS AMONG THEM.

#### Fighting Men From Everywhere Flocking to Boer Standard.

NEW YORK, April 2.- A World correspondent writing from Pretoria. March 7, says: The Boer army has thus far been strengthened by about 3,000 men who have come into the country through Delagoa bay since the war began. Three thousand is a low estimate, but the exact number cannot be ascertained, even from the war office here, which is willing to tell almost anything concerning the conduct of the war. This large body of men has been recruited chiefly in Europe, where sympathy for the Boers is second only to the hate of England, but many men have come from America, and even Australia. Ever since the war began this steady stream of fighting men has been pouring into the Transvaal over the Portuguese border, although the English officials there have done everything in their

pewer to stop it. Every train arriving from Lourenzo Marquez brings from ten to fifty recruits and a short time ago such a large number of men were clamoring for transportation from the Portuguese town that an extra train was run for their accommodation.

# POLYGAMIST OUT OF OFFICE.

#### T. C. Graham Superceded as Postmaster at Provo, Utah.

WASHINGTON, D. C., April 2.-It was announced at the postoffice department that J. C. Graham had been removed as postmaster at Provo, Utah, on March 28, and a temporary successor in the person of Read Smoot appointed in his stead. Mr. Smoot was selected by the bondsmen of Graham and will retain office until some one is selected to take permanent charge. Graham was removed as a result of an investigation by the house postoffice committee on charges that he was a polygamist. The committee found that he was guilty as charged, but exonerated the president and all officials of the postoffice department of any knowledge that he was guilty of polygamy at the time of his appointment.

## Negroes Denounce Boers.

PHILADELPHIA, April 2.-At a session of the Delaware Mthodist Episcopal conference, a resolution denouncing the Boers as slaveholders was presented by Rev. F. H. Butler and was unanimously adopted. The conference is composed of colored preachers and laymen of Delaware, Maryland and a portion of Pennsylvania. The slavery complained of is the present apprenticeship system in vogue in the Boer republic.

#### New Trusts in Germany

WASHINGTON, April 2 .-- Consul General Guenther, at Frankfort, under date of January 29, writes to the state department relative to a trust of soap manufacturers formed last summer in six of the Rhenish provinces, with the object of establishing uniformity in the prices of both hard and soft soap. Certain methods employed in the endeaver to force all manufacturers in these provinces to join the trust have resulted in legal complication.
