

Here we are on deck again with the latest improved, lightest running, longest lasting, Harvesting Machine on the market, and the one that saves the people money and the horses lots of work. The Deering Binder cuts 6, 7, 8, and 10 feet at a time and has a header attachment. What more do you want?

Well, we presume a 12-foot header and binder, which we have in the HARVEST-KING, the best kind of its make on the market and is liked by all who see its work. Don't buy a Mower, Hay Rake, Binder or Header without first looking over our stock.
