

Lydia E. Pinkham's

Vegetable Compound cures the ills peculiar to women. It tones up their general health, eases down overwrought nerves, cures those awful backaches and regulates menstruation.

It does this because it acts directly on the female organism and makes it healthy, relieving and curing all inflammation and displacements.

Nothing else is just as good and many things that may be suggested are dangerous. This great medicine has a constant record of cure. Thousands of women testify to it. Read their letters constantly appearing in this paper.

Reason is a man's guide, but principle is his safe-guard.

Best for the Bowels.

No matter what ails you, headache to a cancer, you will never get well until your bowels are put right. CASCARETS help nature, cure you without a gripe or pain, produce easy natural movements, cost you just 10 cents to start getting your health back. CASCARETS Candy Cathartic, the genuine, put up in metal boxes, every tablet has C. C. stamped on it. Beware of imitations.

People who have long faces are apt to have short understandings.

Try Magnetic Starch—it will last longer than any other.

The man who crossed Niagara Falls on Blondin's back lives in Chicago. Blondin was the greatest rope walker of that day.

A pet robin awoke a farmer in New Jersey in time for him to frighten away burglars.

Magnetic Starch

The Wonder of the Age
No Boiling—No Cooking

It Stiffens the Goods It Whittens the Goods It Polishes the Goods

It makes all garments fresh and crisp as when first bought new.

Try a Sample Package. You'll like it if you try it. You'll buy it if you try it. You'll use it if you try it. Try it.

Sold by all Grocers.

W. N. U.—OMAHA. No. 32—1900

PISO'S CURE FOR CONSUMPTION

AN EXTENSIVE ADDITION

Being Made to the Indiana Mineral Springs (Indiana) Hotel

AT AN OUTLAY OF \$30,000.

Growth of Enterprise Representing Expenditure of \$250,000—Successful Management of H. L. Kramer.

Ten years ago the ground where the magnificent hotel property of the Indiana Mineral Springs Company is located at Indiana Mineral Springs, Indiana was wholly unimproved and almost a wilderness. Now, owing to the discovery of the valuable medicinal qualities of the springs and the healing virtue of the soil itself, together with the enterprise of Major H. L. Kramer, there is located there one of the finest sanitariums in the United States. The natural picturesque surroundings have been made more attractive and the hotel is a model of comfort and elegance.

For the greater accommodation of guests who come in constantly increasing numbers from every section of the United States, arrangements have now been made for the enlargement of the hotel buildings. The contract was let yesterday by Major Kramer for additions that will cause an outlay of over \$30,000. The improvements will consist of a new bath house and an addition to the hotel. The addition will be two stories in height and will occupy a ground space 50x160 feet. It provides forty additional guest chambers. The entire addition will be handsomely and elegantly furnished. The bath house, when completed, will be the finest in the United States.

Besides the bath house and the guest chambers there will be on the first floor a dining hall, a music room, a billiard hall, physician's offices and a barber shop. In connection with the bath house there will be ladies and gentlemen's dressing rooms and cooling rooms. The dressing and cooling rooms will be elaborately decorated and the floors will be laid in white tile. In both cooling rooms will be built large ornamental fire places which will be used for heating purposes in addition to the regular steam heating. The work will be entirely completed in 90 days.

The improvement and the entire arrangements of the hotel and grounds are made, keeping in view the artistic effect of the whole, and when the improvements arranged for are completed the hotel and surroundings will be much more attractive than before.

Major Kramer states that a still further addition to the hotel is contemplated, and that plans are now being prepared for an additional structure to contain 150 rooms for guests.

Already a quarter of a million dollars has been expended on the Indiana Mineral Springs enterprise and under the present management greater growth and development in the future is assured.—Attica Daily Ledger.

Well Filled Graveyard.

In a little graveyard in Philadelphia, which is about giving way to the march of improvement, the bodies are being disinterred for reburial elsewhere. The cemetery, which was the burying ground of the Third Baptist church, does not measure more than 50x30 feet, but fully 1,300 bodies have been interred there. Whole families were buried there, and the men in charge of the work have encountered from five to seven skeletons in these tier boxes.

Are You Using Allen's Foot-Ease?

It is the only cure for Swollen, Smarting, Burning, Sweating Feet, Corns and Bunions. Ask for Allen's Foot-Ease, a powder to be shaken into the shoes. At all Druggists and Shoe Stores, 25c. Sample sent FREE. Address Allen S. Olmsted, LeRoy, N. Y.

Partial to Boy Critics.

Conan Doyle, the novelist, says that, for his writings, to use his own language: "I want a boy critic, the boy who will start a story, and then chuck it down; and say 'rot,' or who will read a book straight through and say 'ripping.' That's the person I want to criticize my work." "It's strange, too," he said one day, while snatching a few minutes' rest, "the older I get, the less I read and the more I think. As a child the book that appealed to me most was one of Charles Reade's, and, curiously enough, it is the book I enjoy the most now."

Detroit's 200th Anniversary.

Detroit will give itself a birthday party next year that will cost a pretty penny. Mayor Maybury issued a proclamation the other day containing four suggestions as to memorials for the 200th anniversary of the city: Marking the outlines of the old city, cost \$5,000; statue of the founder of the city, Cadillac, \$15,000 to \$25,000; memorial fountain, \$25,000 to \$50,000; memorial arch, \$100,000 to \$200,000. The mayor suggests also the buying of the center of the old city for a public park.

BURNING WEEDS.

Method of Destroying Them in Use by Railroads.

At this season of the year one is reminded of the annual contest waged against growing vegetation to preserve railway tracks in clean condition. Especially is this true of the dirt-balled tracks in the western states, where the expense entailed in keeping vegetation down by grubbing with a shovel is a formidable figure, compared with the expense of the same work where tracks are ballasted with a good quality of gravel. For many years western roads have resorted to numerous experiments for killing vegetation, with machinery, the most successful of which has been the scheme of subjecting it to scorching heat produced by burning crude petroleum under a shield carried a few inches above the track. Machines of this description are used on the Chicago, Milwaukee & St. Paul; Atchison, Topeka & Santa Fe and Chicago Great Western roads. In the construction of this weed burner use is made of an ordinary flat car, on the front end of which (as it runs in service) is mounted an upright thirty-horse-power boiler and a pair of engines. By means of sprocket chain connection between the engine shaft and car axle the car is made self-propelling. After some experience it was found necessary to connect the second axle of the truck with the first, or that driven by the engine, by means of a sprocket chain, in order to overcome slipping due to the lopping of long weeds over the rails. By this means of locomotion a speed of from ten to twelve miles per hour is easily made, as when running for stations to meet passing trains. The water supply for the boiler and for extinguishing fires, which may be set accidentally, is carried in a wooden tank in the center of the car. On top of this tank there are two air reservoirs, and inside of the forward cab there are two air pumps for creating the air pressure necessary to spray the oil into the burners. The burner rigging is suspended from a rear platform, built upon four T-rails. The shield and burners are hung from the outer end of this platform upon bell cranks, and an old reverse lever and quadrant are used to adjust the burners to the desired height from the rail. The burners are easily taken down when it is desired to couple the car in with a train. The oil tank for supplying oil to the burners is located inside the rear cab or just in rear of the water tank.

SUCKED THE BOTTLE.

Young Pachyderms Take Kindly to an Artificial Form of Nursing.

I owned some young elephants which I had lent to a showman on the Bowery. On going to see them one day I noticed a man holding his finger in the mouth of one of the smaller ones. I placed my finger in the mouth of another and found that the creature seemed to derive pleasure from the action of sucking. Immediately I sent out for an ordinary infant's nursing bottle. The young elephant drained the bottle as if "to the manner born." It was passed from one to another of the infant class. Finally they fought in the most indescribably comical manner for possession of the bottle. Then I fitted a large glass jar, holding a gallon, with rubber tubes, so that all could use it at the same time. Invariably they would empty this bottle before loosening their hold on the nipples. They had doubtless been taken from their mother when too young, or perhaps she had been killed at the time when the young were captured. So effectively did they appeal to public interest and sentiment that by dint of skillful advertising the celebrated "sucking baby elephants" made quite a fortune in a single season. They would take their nourishment like human babies, their overgrown size making this infantile operation very comical and absurd. The sight captivated the heart of every woman who attended the show.—Saturday Evening Post.

Poker Defined.

Judge Finn of the First Municipal court, New York, is one of the coolest poker players on Manhattan island. A case was before him the other day in which the defendant refused to pay a poker debt of \$92. The judge asked what poker was, and five lawyers, with all of whom he has often played, diffidently opined that it was played with cards. "Is it a game of chance?" inquired the court. "That depends altogether on how good a player the other fellow is," answered one of the lawyers mildly. After much consultation the court gave a verdict for the plaintiff.—Newark News.

Indian Relics on Golf Course.

An Indian ax and several stone arrowheads were unearthed today on the Jersey City Golf club grounds by Dr. William Pyle and other players; they were so near the surface, said some who did not find any relics, that a "schluffed" stroke was all that was needed to unearth them. The links is located on low land in the western section of Jersey City and is believed to have been the "stamping ground" for the Hackensack Indians.

Paving with Glass Refuse.

In Geneva glass refuse is pressed in paving blocks under a new invention that has recently been put into operation. Several streets have already been paved with this new contrivance and give great satisfaction, not only in appearance, but also in durability. Several other cities in Europe have adopted the invention.

There are nearly 80,000 more women than men in Russia.

The Duerber Watch Works, at Canton, O., form the finest and most complete watch plant in the world. The twin factories producing both watch movements and watch cases are devoted exclusively to the manufacture of high-grade watches. Every resource and every effort is concentrated in the single direction of making watch movements and watch cases as nearly perfect as lies within human power. All common watches are pendant set, and consequently dangerous and unreliable. The watch which is ever set and pronounced by all experts as the most reliable and accurate watch on the market. In buying a watch, get the very best you can afford. It will be the cheapest in the end and give the greatest satisfaction. Railroad men, in the nature of their employment, are necessarily good judges of a timekeeper. They will tell you that no watch made equals the "Special Railway 25 Jewel" manufactured by the Hampden Watch Co., Canton, Ohio. Thousands of these watches are the standard in train service, and their accuracy of movement and reliability under all conditions have earned for them the enviable reputation of surpassing all others in the world. The latest production of the Duerber-Hampden factories is the smallest ladies' watch made in the world. The name of this unique production is "The Four Hundred." Any lady who is the proud possessor of one of these gems has a thing of utility and beauty not excelled by anything that money can purchase. The mechanical equipment of the Duerber-Hampden watch factories is of the finest quality, and its experienced workmen stand without peers in the watch industry. Today the Duerber-Hampden watch is supreme; and the Duerber-Hampden Works the greatest watch plant in the world. All first-class jewelers keep these goods, demand the Duerber-Hampden watches and accept no substitute.—Irish World, July 17, 1900.

Children behave when out as they behave when at home.

Good Housekeepers

Use "Faultless Starch" because it gives the best results—at all grocers, 10c.

The marriage license bureau of Philadelphia in June issued 2,000 licenses, which is twice the usual monthly issue.

THE BOXERS OF CHINA

are attempting to solve a gigantic problem, but they are going about it in the wrong way and will never succeed. Some people, in this country, seem to think that they have as great a puzzle on their hands in selecting a location for a home. They will certainly go about it in the wrong way unless they inspect the beautiful farming country on the line of the Chicago, Milwaukee & St. Paul Railway in Marinette county, Wisconsin, where the crops are of the best, work plenty, fine markets, excellent climate, pure, soft water; land sold cheap and on long time. Why rent a farm when you can buy one for less than you pay for rent? Address C. E. Rollins, Land Agent, 161 La Salle St., Chicago, Ill.

Boats are to be propelled between Dayton and Cincinnati and Dayton and Toledo by electricity on canals.

For starching fine linen use Magnetic Starch.

Electricity to Replace Steam.

It is probable that the New York Central railroad will soon substitute electricity for steam as a motive power between the Grand Central station and Mott Haven. There are 400 trains a day running out of the depot, and the residents of Park avenue complain of the noise of the engines. The railroad company is only waiting until it can perfect an electric system that is reasonably certain not to break down.

Daggett is a Pious Man.

Colonel Aaron S. Daggett, commander of the Fourteenth United States infantry, at Taku, is a man of sincere piety, who is said to have never been known to "drink," smoke, swear or gamble." He went through every battle of the Army of the Potomac, and led the Twenty-fifth infantry as lieutenant colonel at the battle of Santiago.

O-I-C

When a preparation has an advertised reputation that is world-wide, it means that preparation is meritorious. If you go into a store to buy an article that has achieved universal popularity like Cascarets Candy Cathartic for example, you feel it has the endorsement of the world. The judgment of the people is infallible because it is impersonal. The retailer who wants to sell you "something else" in place of the article you ask for, has an ax to grind. Don't it stand to reason? He's trying to sell something that is not what he represents it to be. Why? Because he expects to derive an extra profit out of your credulity. Are you easy? Don't you see through his little game? The man who will try and sell you a substitute for CASCARETS is a fraud. Beware of him! He is trying to steal the honestly earned benefits of a reputation which another business man has paid for, and if his conscience will allow him to go so far, he will go farther. If he cheats his customer in one way, he will in another and it is not safe to do business with him. Beware of the CASCARETS substitute. Remember CASCARETS are never sold in bulk but in metal boxes with the long tailed "C" on every box and each tablet stamped C. C. C.

Many a good man's reputation is due to the fact that he gives publicly and steals privately.

Carter's Ink is so good and so cheap that no family can afford to be without it. Is yours Carter's?

You have doubtless observed that it is only sensible people who agree with you.

Catarrh Cannot Be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials, free. F. J. CHENEY & CO., Props., Toledo, O. Sold by druggists, price 75c. Hall's Family Pills are the best.

Automobile omnibuses cost as high as \$12,000.

PURMAN FADELESS DYES do not stain the hands or spot the kettle.

Magnetic Starch is the very best laundry starch in the world.

Like the Deadly Under-Current

which grasps one without warning, the mucous membrane which lines the entire body suddenly becomes weakened in some spot and disease is established. It may be of the lungs, the head, throat, stomach, bowels, or any other organ. Wherever it is, and whatever it seems, it all springs from the same cause—

CATARRH

or inflammation of this delicate pink membrane.

The system is weakened in winter. The delicate lining is more susceptible to irritation or inflammation, and thus we have pneumonia, grip, colds, coughs, fevers, etc., all catarrhal conditions which may easily be checked by one catarrh cure—Pe-ru-na.

That's the only way out of it. You may dose forever—you will not be well until you try the true cure and that is Pe-ru-na. You may think your trouble is some other disease and not catarrh. Call it what you will, one thing is sure, your system is affected and must be treated, and Pe-ru-na is the only remedy which reaches the right place and does cure.
