The law holds both maker and circulator of a counterfeit equally guilty. The dealer who sells you a dangerous counterfeit of DeWitt's Witch Hazel Salve risks your life to make a little larger profit. You can not trust him. DeWitt's is the only genuine and original Witch Hazel Salve, a well known cure for piles and all skin diseases. See that your dealer gives you DeWitt's Salve. D. W. Loar.

### Communicated.

Davenport, Wash., Aug. 14, 1900.

EDITOR TRIBUNE:—Will you permit me through your columns to answer a few questions with reference to this country? I am 42 miles west of Spokane in what is called the Big Bend country.

The nights are always cool enough to use a woolen blanket on the bed, and there has been only one hot day (94 degrees) since I have been here, not much wind such as we know in Nebraska, and there seems to be plenty of rain. Wheat is the main crop, nights are too cool for corn. The wheat yield this year will be from 18 to 20 bushels in the northern part of the country, and from 35 to 40 in the southern part. Fruit seems to do splendidly here, and a large amount is being planted; every day several loads are brought to this town, and it is of an excellent quality. There are some very rich mines about 20 miles north of here, and, in fact, the mining district begins about ten miles north of here and runs into British Columbia. This town is the base of supply for a large part of the region. There has never been a complete failure of crops here. The land is quite hilly but the best grain is raised, and the finest fruit trees grow on the sides of the hills. A well back of my store is four feet to water; out in the country the depth varies, the deepest I have yet heard of is 175 feet.

The state is just beginning to be developed and seems to have a great future in store for it.

J. H. BERGE.

Delegates are expected from all parts of the county, and there will be good speaking, singing and a spiritual uplifting of all who take part.

The South Side concert people are well along in their preparations for the concert to be given on the 27th. They have been preparing for five weeks and are in fine condition to do their best. In order that this may be the finest concert ever given in a country school-house, they have procured some outside help. Mrs. J. W. Walker of McCook has kindly consented to participate, and as Mrs. Walker has made a specialty of elocution doubtless she will entertain us right royally. George Sheppard, who is well known as a competent musician and performer on the flute, will also be present to aid us in a good cause. After many intricate experiments, scientists have discovered methods for obtaining all the natural digestants. These have been combined in the proportion found in the human body and united with substances that build up the digestive organs, making a compound called Kodol Dyspepsia Cure. It digests what you eat and allows all dyspeptics to eat plenty of nourishing food while the stomach troubles are being radically cured by the medicinal agents it contains. It is pleasant to take and will give quick relief. D. W. Loar.

### NORTH COLEMAN.

Threshing is about finished.

Ira Divine preached at the Coleman school-house, last Sunday.

John Peterson's well has caved, necessitating digging a new one.

H. T. Church is having a half section fenced in for pasture, near the Willow; William Peterson is doing the work.

There will be considerable corn in this section, most people expecting to have enough to feed them through the winter.

One-half inch of rain fell here on Tuesday night. The high wind blew down James Kelley's stable, took the roof off of Robert Traphagan's stable and blew down Robert Moore's windmill.

Constipation, impaired digestion and a torpid liver, are the most common ailments that are responsible for that tired, listless, fagged-out feeling that makes the summer a dreaded period to so many people. Herbine will cure constipation, it improves the digestion, and arouses the liver to normal activity. Price, 50 cents. A. McMillen.

Prof. Olier of Franklin academy showed some very fine and interesting views of the Yellowstone park at the Congregational church, last Saturday evening.

F. L. Hendershot is our new hotel proprietor now, having taken charge of the business on Tuesday. Fred is a rustler, and we see no reason why he shall not make a success of his new occupation.

Everybody, Woodmen and all, report a way-up time at the log-rolling picnic in Oberlin, last week. Danbury had the largest delegation of both Woodmen and Royal Neighbors, and received the first prize in that competition. Our band also captured first prize in the band contest. In fact, we were top-notchers all around.

It has been demonstrated by experience that consumption can be prevented by the early use of One Minute Cough Cure. This is the favorite remedy for cough, colds, croup, asthma, grippe and all throat and lung troubles. Cures quickly. D. W. Loar.

Is in  
The  
Sportsman

It may not be generally known but it is a fact that 95 per cent. of nickel cigars are made of scraps and pickups and doctored to imitate good tobacco. Such cigars cost almost nothing to manufacture, and yet you are asked to pay 5 cents for them. Aside from the argument that you are entitled to the limit for your money, these doctored cigars, for many reasons, are unfit to be smoked.

D. B. LONG & SONS' **SPORTSMAN** 5 Cent pure tobacco cigar is made of whole leaf exactly as grown, by the best American workmen, and is **not doctored.**

## A BLIND MAN

Is one who fails to profit by experience, even though he has use of both eyes without the aid of glasses. Time and again people buy clothing that is half made and containing mostly "Shoddy and Flock." Remember that three years among you has taught you that we carry no satinet goods in the house; what you buy of us is reliable and made by the best equipped factories in the in the country. Our prices are the lowest named for good goods; we carry no other.
