

**Know How to Make a Bargain.**  
It is related of the late C. P. Huntington that a young man once called on him to sell some much-needed rails at \$75 a ton. Mr. Huntington said he had rails to sell himself, amused the caller by a half-hour's chat and got him to sell at \$66 a ton, with a six months' note for pay. Then before the man left Mr. Huntington discounted the note for 6 per cent off and paid the cash.

**Best for the Bowels.**  
No matter what ails you, headache to a cancer, you will never get well until your bowels are put right. CASCARETS help nature, cure you without a gripe or pain, produce easy natural movements, cost you just 10 cents to start getting your health back. CASCARETS Candy Cathartic, the genuine, put up in metal boxes, every tablet has C. C. stamped on it. Beware of imitations.

**Hamilton's Name Omitted.**  
Alexander Hamilton was not only one of the greatest constructive statesmen who ever lived; he was also a New Yorker. Yet the New York committee appointed to compile a list of 234 great Americans, from which 100 are to be chosen for inscription in the "hall of fame," omitted the name of Alexander Hamilton.

**Sardou a Thorough Plebeian.**  
Sardou, the French dramatist, admits that all the blood in his veins is plebeian. For three generations his ancestors have lived in very moderate circumstances at Cannes, and before that they were Sardinian fishermen, whence, he thinks, his family got its name.

**In Honor of His Lost Leg.**  
An odd celebration in New York the other day was that of the thirty-sixth anniversary of the loss of the leg of former Senator Matthew C. Butler of South Carolina, who came out of the battle of Brandy Station in 1863 with only one leg. The celebration was a dinner at Delmonico's, given by Mr. Butler to some of his friends.

**Metschnikoff's Discovery.**  
M. Metschnikoff of the Paris Pasteur Institute, has communicated to the Academie de Medicine his discovery of a lymph which regenerates the red globules in the blood of lepers. He thinks that when he has improved his serum he may be able to rejuvenate the organs of the human body.

**Kitchener May Marry Next Spring.**  
There is some talk in London to the effect that Lord Kitchener is to be married next spring, and that his engagement will be announced upon his return from South Africa.

**The Biggest Orchard.**  
The largest orchard in South Dakota is near Hurley, Turner county, and has 150 acres, in which are 8,000 trees, two acres being given over to plums. Besides the trees there are 1,000 currant bushes, 1,000 gooseberry bushes, 500 grapevines and three acres of strawberries.

# Ten Years Pain

"I am a school teacher, have suffered agony monthly for ten years."

"My nervous system was a wreck. I suffered with pain in my side and had almost every ill known. I had taken treatment from a number of physicians who gave me no relief."

"One specialist said no medicine could help me, I must submit to an operation."

"I wrote to Mrs. Pinkham, stating my case, and received a prompt reply. I took Lydia E. Pinkham's Vegetable Compound and followed the advice given me and now I suffer no more. If any one cares to know more about my case, I will cheerfully answer all letters."—MISS EDNA ELLIS, Highport, Ohio.

## ARMY REMAINS IN CHINA

Preparation is Being Made for a Stay All Next Winter.

### EARL LI'S APPEAL IS REJECTED.

Absence of Responsible Government at Peking Given as Reason—Conger Reports Chaotic Conditions—Chinese Capital is Practically in Hands of Allies.

WASHINGTON, Aug. 23.—After a long conference at the White House the reply of the United States to the application of Li Hung Chang for the appointment of peace commissioners was completed and a copy of the reply sent to the Chinese Minister, Mr. Wu to be forwarded to Earl Li. The state department made a definite announcement that the reply had been conveyed to Mr. Wu, but added to its official utterances that the correspondence would not be made public until tomorrow morning. A copy of the reply was sent to other governments represented in China.

The American reply is chiefly characterized by its firm tone and its brevity. Its keynote is the president's attitude as laid down in the American note of July 3, and there is the strictest adherence to the points enunciated at that time. While the document is open to the construction of being a rejection of Li Hung Chang's proposition for immediate negotiations, yet it is stated by those who have read the answer with care and have had a part in its preparation that "rejection" is probably too strong a term to apply to it. The United States places itself in the position of being ready at the proper time to take up peace negotiations, but in the present unsettled condition of affairs in the empire, the lack of knowledge as to who are the responsible rulers and what constitutes the actual Chinese government, it is made clear that the time has not arrived for pursuing the negotiations proposed. The formal courtesy of diplomatic procedure is preserved, but at the same time the entire tenor of the document is marked by force and firmness. The government of the United States takes the position that negotiations are impossible with a government which cannot prevent hostilities against the forces of the powers which were sent to the Chinese capital to save the envoys. As long as attacks are made on the troops of this and other governments, such as have followed the occupation of Peking, and the attacks in the vicinity of Tien Tsin it is deemed that the Chinese government is either unwilling or unable to prevent these hostilities, and for this reason negotiations must be deferred.

The most important development of the day as to the actual conditions in Peking came late in the afternoon, when the state department made public a dispatch from Minister Conger, dated at Peking only three days ago. It was given out with the following statement: "The state department authorizes the announcement of the receipt at an early hour this (Wednesday) morning through the consul at Che Foo of a telegram from Minister Conger in the department cipher to the following effect: 'PEKING, Aug. 19.—Secretary of State, Washington: The entire city with the exception of the imperial palace is occupied by Japanese, Russian, British, Americans and French. It is being apportioned into districts for police supervision. The Chinese army fled. The imperial family and the court have gone westward, probably to Sian Fu, in the province of Shensi. No representatives of the Chinese government are in sight in Peking and the conditions are chaotic. The palace is expected to be taken immediately. Many missionaries have started for home, while others remain in charge of the Christian refugees, numbering about 1,000.' CONGER."

### EX-SENATOR INGALL'S WILL.

Leaves Estate to Wife Who is to be Sole Executrix.  
ATCHISON, Kan., Aug. 23.—The will of the late Senator John J. Ingalls, filed in probate court today, is as follows: "Vice President's Chamber, Washington.—In the name of God, Amen: I, John J. Ingalls, of the city and county of Atchison, in the state of Kansas, mindful of the uncertainty of life and the certainty of death, do make public and declare my last will and testament. I give, bequeath and devise unto my beloved wife, Anna Louise, all my property and estate, real, personal and mixed of every description, and wherever situated, and appoint her sole executrix hereof, without bond, surety or undertaking. "In witness whereof I have hereunto set my hand and seal, in the presence of the subscribing witnesses, who signed the same in my presence and in the presence of each other, this 24th day of August, A. D. 1889. "JOHN JAMES INGALLS.

"Witnesses: "F. J. HAIG, "W. R. CLAY."

### Huntington's Will.

### Duello Popular in Italy.

LONDON, Aug. 23.—The Rome correspondent of the Daily Mail says: "During the last few weeks duels have caused a perfect slaughter in Italy. As many as four duellists were killed in different towns last Saturday. "During the last year 2,400 duels have been fought in Italy and 480 deaths have resulted. Most of these combats were between army officers and based on the most trivial pretexts."

## CORRESPONDENCE WITH CHINA.

Reply of the United States Government Made in Vigorous Terms.

WASHINGTON, Aug. 24.—The latest exchange of notes between China and the United States for the cessation of hostilities was given out by the State department this morning. The notes are:

Chinese Correspondence, August 20-22, 1900; Handed to Mr. Adee by Mr. Wu August 20, 1900—10:15 a. m.; Cablegram dated August 19, from Viceroy Li Hung Chang, was transmitted by the Chinese minister in London and received by Minister Wu on the night of the same day.

"It was the declaration of all the ministers for foreign powers that the expedition of the allied troops was solely for the rescue of the ministers in Peking. Now, the allied troops, having entered Peking and found the ministers safe, it seems proper that hostilities should at once cease and that negotiations should commence. I ask the United States government to appoint an envoy with full power, or appoint the minister now in Peking for the purpose, as he is necessarily acquainted with the affairs between China and foreigners, and to inform me if the conference will take place in Peking. After receipt of a definite reply, I will at once proceed to the north. Please request the secretary of state to lay the matter before his excellency, the president. I await reply. \* \* \*

(Received at the Department of State August 21, 1900, at 3:17 p. m.)  
Cablegram from Viceroy Li Hung Chang, dated August 21, 1900, and received by Minister Wu on the same day.

"The Boxer rebels in Peking having been dispersed, there will be positively no more fighting. Further military operations on the part of the powers are greatly to be deplored. Besides urging cessation of hostilities, please inform secretary of state upon subject of withdrawal of troops and appointment of plenipotentiary to negotiate a settlement of all other questions so as to preserve amicable relations. I await early reply. \* \* \*

(Sent to Chinese minister August 22, 1900—1:30 p. m.)

Memorandum in response to the Chinese minister's communication of cablegrams from Viceroy Earl Li Hung Chang, dated August 19 and 21, proposing the immediate cessation of hostilities and the appointment of an envoy to conduct negotiations, received at the Department of State August 20 and 21, 1900:

"While the condition set forth in the memorandum delivered to the Chinese minister August 12 has not been fulfilled, and the powers have been compelled to rescue their ministers by force of arms, unaided by the Chinese government, still this government is ready to welcome any overtures for a truce, and invite the other powers to join, when security is established in the Chinese capital and the Chinese government shows its ability and willingness to make on its part an effective suspension of hostilities there and elsewhere in China. When this is done, and we hope it will be done promptly—the United States will be prepared to appoint a representative to join with the representatives of the other similarly interested powers and of the authoritative and responsible government of the Chinese empire to attain the ends declared in our circular to the powers of July 3, 1900.

ALVEY A. ADEE, Acting Secretary.  
Department of State, Washington, D. C., August 22, 1,00."

### Step Nearer to St. Helena.

LONDON, Aug. 23.—President Kruger, according to a dispatch from Lorenzo Marquez to the Daily Express, has issued a proclamation counter to the latest proclamation issued by Lord Roberts. The Transvaal president says: "It will help you nothing to lay down your arms or to leave the commandos. Every step toward means a step nearer St. Helena."

## THE DOUGLAS SHOE.

The best advertised and consequently the best known shoe in the world today is undoubtedly made by the W. L. Douglas Shoe Co., of Brockton, Mass. The one idea of this company has always been to sell a shoe for \$3.50 which equals in every way the \$5 shoes of any other concern. They are able to do this on account of there being no middle man's profit, as the goods are sold direct from the factory to the wearer. In 60 of the principal cities of the country they have their own retail stores. The goods are made in all sizes and widths, and few shoes equal them for style and durability.

The factory at Brockton employs over 1,100 hands, and all labor troubles are settled by the state board of arbitration. Nothing but union labor is employed, and pay about the best average wages of any shoe workers in the United States. The factory pay roll amounts to \$17,435 per week. This company makes shoes for men only, and it is their proud boast that over one million men wear them.—Denver (Colo.) Post.

### A Postman's Big Burden of Magazines.

A Washington postman has been made weary of his job by the Ladies' Home Journal. The reason is that on the twenty-fifth of each month he is compelled to make a special round over his route to deliver that magazine to subscribers. He is almost completely submerged by Journals, their aggregate weight exceeding forty pounds. The bulky burden precludes his carrying any other mail matter. The Washington postoffice reports that the monthly consignment of Journals to subscribers in that city is "the biggest lot of one publication ever sent from our postoffice."

The Rev. Dr. D. Z. Sheffield, president of the North China College and Mission at Tung-chau, near Peking, was in America when the Boxer riots began, but immediately prepared to return to his post. Before sailing from San Francisco, late in June, he learned of the burning of his college. Dr. Sheffield left behind him the manuscript of an article which will appear in the September Century under the title of "The Influence of the Western World on China." As a result of the author's thirty years' experience as a missionary he is said to argue strongly against the dismemberment of the Middle Kingdom.
