John Randall finished his haying, Friday evening, assisted by quite a number of the young people and J. A. Schmitz with his violin. It was the unanimous verdict that the closing exercises were a success.

The hasty departure of the young man from Driftwood precinct, whose name and actions denote different colors, bids fair to end the tender romance that seemed for a time to hover around the "little white house on the corner."

VOCAL MUSIC—A really first-class free musical entertainment is now in full blast. Began the 11th and will continue indefinitely. John Randall, manager. Although Mr. Randall does not claim to be a singer, it is plainly evident that his ear is being cultivated.

White's Cream Vermifuge is essentially the child's tonic. It improves the digestion and assimilation of food, strengthening the nervous system and restoring them to health, vigor and elasticity of spirits natural to childhood. Price 25 cts. A. McMillen.

There is talk of a basket supper in the Ryan district, when the moonlight nights come around again,—the proceeds to be used in buying a dictionary for the school.

Miss Anna Hannan is teaching in district 74; Mrs. Frank Brown in 88, or the Coleman district; Miss May Kittenhouse in the Ryan district. The above-named teachers are all from McCook. The Spring Creek school is being taught by a lady from some miles north.

Miss Anna Hannan and Miss Vanche Plumb had an experience, last Friday, which they do not desire to have repeated: They had started for McCook in a buggy; when a team behind them that was running away nearly ran into their buggy; the horse or horses ran into James Kelley's trees and stopped; the top of the buggy was blown off in the run. The fright to the ladies can be imagined.

Notwithstanding the fact that there have been several failures of crops in succession, this seems to be an era of improvements for South Side; frame houses have gone up in all directions, in the last few years, and the sod-house is about a thing of the past, there being but a few left in the west end of this "harmonious valley."

The gentleman is making hits wherever he appears and should be greeted by a large and enthusiastic gathering from all over the county.

S. R. Smith was a visitor of the big and wicked city on the west, Monday, and rumors have been sifting down to us since his visit that he was shown a warm time while there, apropos of his recent slanderous remarks about some McCook ladies, who recently visited here. It is no trouble for Samuel Randolph to do the blackguard act when a McCookite is involved.

Notwithstanding the presence of three newspapers in this city, it is the opinion of not a few citizens that the need of Indianola is a real newspaper, printed by a man of fair skill and knowledge, edited by a man of some responsibility and sense of honor. The substantial, conscientious and dependable people of this community are aware of all this fake newspaper business. They are looking for something that has the appearance of the real thing about it.

### August Flower.

"It is a charming fact," says Prof. Houton, "that in my travels in all parts of the world, for the last ten years, I have met more people having used Green's August Flower than any other remedy, for dyspepsia, deranged liver and stomach, and for constipation. I find for tourists and salesmen, or for persons filling office positions, where headaches and general bad feelings from irregular habits exist, that Green's August Flower is a grand remedy. It does not injure the system by frequent use, and is excellent for sour stomachs and indigestion." Sample bottle free at A. McMillen's. Sold by dealers in all civilized countries.

The friends and neighbors of Mr. and Mrs. A. J. Hatcher gave them a pleasant surprise, Wednesday night, it being the twelfth anniversary of their marriage. The evening was spent in pleasant conversation and music. About midnight a bountiful repast was spread, to which all did ample justice. About forty were present.

A party of four very young men came out to the Ritchie place, early Sunday morning, on a hunting expedition. They took liberties that belong to no one, breaking out window panes and making themselves too much at home generally. Hunters are not at all desired in this locality, for several good reasons, most especially the sort that are inclined to destroy property belonging to others.

### Cured of Chronic Diarrhoea After Thirty Years of Suffering.

"I suffered for thirty years with diarrhoea and I thought I was past being cured," says John S. Hallaway, of French Camp, Miss. "I had spent so much time and money and suffered so much that I had given up all hope of recovery. I was so feeble from the effects of the diarrhoea that I could do no kind of labor, could not even travel, but by accident I was permitted to find a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and after taking several bottles I am entirely cured of that trouble. I am so pleased with the result that I am anxious that it be in reach of all who suffer as I have." For sale by McConnell & Berry.
