Mothers' Meeting.

The first Mothers' meeting of this season will be held at the home of Mrs. H. A. Rouch. The topic will be "Child Training." All interested in the welfare of the children are cordially invited to attend these Mothers' meetings. Some one has said, "What we most need now is an intelligent, educated motherhood." There is room for improvement; but we wish they had gone a little farther and helped the women who are reaching out after knowledge and wisdom in the rearing of the children God has given them, and included fatherhood as well. Edwark Bok in the Ladies' Home Journal said: "The mothers of America are entitled to all the help the government can give them in rearing the children and shielding them after they go out into the world, lest her work go for naught." We hope the fathers and men of our city will take such measures as will help us along these lines and make safe the paths for the children and the young people.

Will Close on Sundays.

On and after next Sunday, the undersigned will not open their meat markets for business on Sundays. Patrons will please observe this fact and make their purchases of meat on Saturdays.
