REED AS TO CHINA gne Gazette Says Powers Have United on Plan of Settlement.

STATEMENT SEEMS TO BE INSPIRED

Affirms That a Particular Agreement is on Punishment of Main Culprits-The Execution of Punishment to Be Witnessed by Representatives Decided on

BERLIN, Nov. 12 .- The following is the full text of the statement, evidently inspired, in the Cologne Gazette of Saturday, as to the understanding reached by the representatives of the powers in Pekin regarding the Chinese statement:

"Pourparlens between the envoys in Pekin for the purpose of agreeing upon the fundamentals for peace negotiations with the Chinese plenipotentiaries proceeded favorably in the whole series of important points.

"An agreement has been reached between the powers particularly regarding the punishment of the main culprits, the mandarins and princes; also regarding the witnessing of the execution of such punishments by representatives of the powers; also regarding the principle of paying damages to the several governments for the cost of the China expeditions and for damages sustained by private persons and missions; also regarding the permanent stationing of sufficient guards for the Pekin legations; also regard-From Cleveland, O., to New York | ing the razing of the Taku forts; and, finally, regarding the maintenance of secure and regular communication between Pekin and the seasnore.

"About a number of other demands, put form by separate powers, negotia-

tions are still pending." WASHINGTON, Nov. 12 .- If, as reported in the Cologne Gazette, the powers have reached a definite understanding in regard to China, its terms The will of Frank Williams, late of as stated by that newspaper omit sevthe most important of these is the proposition to abolish the cumbersome office of the tsung li yamen, or board of foreign affairs, and place the duties of that body under the supervision of one person, who shall be directly responsible for the management of its affairs. This change has been urgently desired by our government and it is believed to find a hearty second among all the powers. Officials

LATER RETURNS FROM NEBRASKA.

Omaha Bee special: The Bee has complete returns on governor from every county in the state except Mc-Pherson and the vote in that county is less than 100. Two years ago i gave a plurality of one for Hayward. Of these returns seventy-eight are official and eleven unofficial. On the face of these returns Dietrich has a plurality of 1,021. On the minor state officials the Bee has returns from eighty counties, seventy-two of which are official and eight unofficial. The counties embraced in the totals for minor state officials this year gave Poynter a plurality of 70 and in the same counties the pluralities of the republican officials range from 914 for Savage to 2,237 for Prout for attorney general. Marsh for secretary of state has has 1,971, Weston for auditor, 1,680; Steafer for treasurer, 2,025; Fowler for superintendent of public instruction, 2,022; Folimer for commissioner of public lands and buildings, 1.746. Louglas and Lancaster are not included in totals of minor state officers.

There is no change in the legislative situation. The republicans have eighteen in the senate, the fusionists twelve and three in doubt. In the house there are fifty-four republicans, forty-three fusionists and three in doubt. It will require the official count to settle the doubtful ones. In the Sixth congressional district he plurality of Neville is so small that the official count may change the result. Omaha World-Herald special: Both

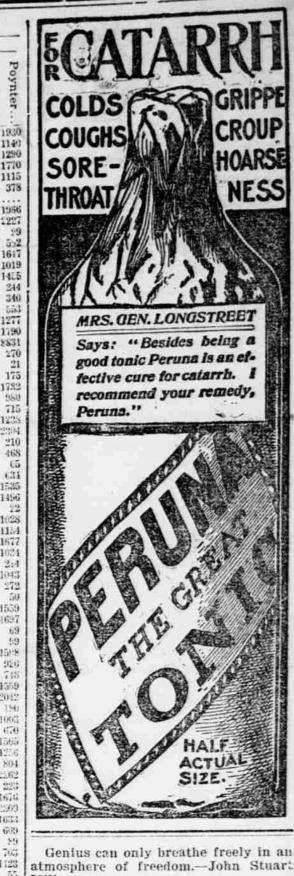

sides continue to claim the election of governor of Nebraska. The Omaha Bee insists that Dietrich is clected by 1,300 plurality and the Lincoln Journal is quite as positive that Dietrich's plurality will be close to the 1,000 mark.

There is no question that the newspaper figures indicate the election of Dietrich by a small piurality, but the fusion committee chairmen declare that inasmuch as the returns are not all in and the result is close it would be foolish to concede defeat while there is a possibility of pulling through.

After carefully computing totals from the official returns thus far received at the office of the secretary of state, Fred Jewell, private secretary to Governor Poynter, tonight made a statement of the situation as he regards it and setting forth on wuat he based his faith in the re-election of the governor.

Mr. Jewell said: "In the election of the governor we are all agreed profess an unwillingness to discuss that whichever candidate is successful with any detail the existing state of cannot have more than a small pluthe negotiations now in progress and | fality. It is true that the Gmaha Bee the impression prevails that if an and State Journal are claiming Dietrich's election by about 1,000 plurality. But by the comparison of their supposed returns with the returns in the secretary of state's office and the unofficial returns which have been telegraphed to the populist state committee after the canvass of the vote nas been completed in seventy-nine counties it becomes evident that twentyfive corrections must be made in the Journal's statement of this morning. eighteen of which increase Governor Poynter's vote and seven of which reduce it, making a total increase for Poynter of 292 plurality. After deducting this from the Journal's claimed plurality of 948 for Dietrich they only have a plurality of 656 for Dietrich, and this includes their guesses on at least eleven counties, in which the vote has not yet been canvassed."

POSSIBLE ARMY LEGISLATION.

Corbin and Proctor Confer with President About the Army.

WASHINGTON, Nov. 12 .- Senator Proctor of the senate committee on military affairs and Adjutant General Corbin of the War department held an informal conference with the president yesterday relative to legislation to be asked of congress in connection with the proposed increase of the regular army.

"Under the existing law," said Senator Proctor, at the conclusion of the conference, "the present strength of the army of 65,000 regulars and 35,000 volunteers will be reduced on the first day of next July to 27,000 regulars. This is an absurdly small number and congress will be asked by the president to reorganize the army upon a larger basis. It will be impossible to keep any troops in the Philippines unless the army is increased, to say nothing of the garrisons for the forts in this country.

"My own judgment is that congress 55,000 or 60,000 men, with discretion to the president to raise the total to 100,000 if he finds the larger number necessary. I have no doubt that this legislation will be enacted at the coming session."
