MANY BILLS ABOUT AGREED UPON

War Revenue, Army Reorganization, Olcomargarine and Shipping Subsidy Measures Will Be Given Right of Way -The President's Message.

WASHINGTON, Dec. 3 .-- The leaders of the house are preparing to press with great vigor the important business of the short session of congress, which convenes today. Already considerable preliminary committee work has been done on the important measures-the bill for the reduction of the war reevnue taxes, the army reorganization bill, the river and harbor bill and several of the appropriation bills-and the legislative mill will start under a full head of steam. The army reorganization bill is considered particularly urgent owing to the possibility of its meeting strenuous opposition after it reaches the senate and it is the intention of the leaders to get it out of the way at the earliest possible moment. It will be reported probably on Tuesday and will be taken up at once unless after further consultation it is decided to let the legislative, executive and judicial appropriation bill, which also will be ready on Tuesday, in ahead of it. The democrats will caucus on the army bill on Monday and the indications now are that they will offer as a substitute

for the permanent reorganization measures a bill extending for two or three years the present law for a provisional army.

The bill to reduce the war revenue taxes practically has been completed by the republican members of the ways and means committee and it will be submitted to the full committee on 'ruesday unless in the meantime a caucus of the republicans should be found advisable. Some of the republican members are not satisfied with the list of articles relieved from taxation by the bill and if too much opposition becomes evident when the house convenes on Monday the leaders probably will call a conference or caucus for the purpose of adjusting and harmonizing differences.

On Thursday the Grout oleomargarine bill will come up as a special order, under the rule made at the last session. It imposes a tax of 10 cents a pound on oleomargarine, butterine or other manufactured butters colored in imitation of butter. It has strong backing from the dairy interests and while it will meet with warm opposition from the interests that are antag-

EL PASO, Tex., Dec. 3.-Details of the collision on the Mexican Central are meager. Engineer Ross and Fireman Reeves and Harveson of the freight train were killed. Most of the dead and wounded were Mexicans, who were riding in the cars next to the engine. It is now said the collision was on the main line near Jimulco between dles. a freight and a passenger train and that it caused the death of eleven persons and injury of twenty. The freight was a doubleheader.

Prof. Moore Holds Virginia Court Opinior Was Commendatory.

WASHINGTON, Nov. 3 .- Prof. Moore, chief of the weather bureau, has made a statement in which he calls attention to the recent decision able to do anything save protect of the United States court of appeals at Richmond, Va., involving the responsibility of a vessel master for ance, damages by rain to a curgo of rice discharged on an unsheltered wharf at Charleston, S. C., when the bureau | gas company for its lights and its had predicted rain. He says that contrary to widely published comments the decision clearly stated that where the storm warnings are brought to the attention of vessel masters, it is their duty to take cognizance and observe them, though the court said the ordinary predictions of rain, snow and moderate change of temperature are less reliable than almost anything of which the general public is expected to take cognizance. Prof. Moore contends that the decision was a commendation instead of a condemnation of storm warnings. The Eureau, he says, considers that one out of every five forecasts of precipitation has failed

Would Follow Good Example. Now that the courts have sustained

the validity of the ordinance in Philadelphia prohbiting the distribution of advertising handbills and circulars in the streets and in vestibules and on the porches, there is a general demand on the part of newspapers in interior Pennsylvania cities for similar ordinances. If littering the streets of Philadelphia with loose paper is a bad thing, it is argued to be quite as bad for the streets of other cities, though

they may not be so large.

WHY MRS. PINKHAM

Is Able to Help Sick Women When Doctors Fail.

How gladly would men fly to woman's aid did they but understand a woman's feelings, trials, sensibilities, and peculiar organic disturbances.

Those things are known only to 213 women, and the aid a man would give is not at his command.

To treat a case properly it is necessary to know all about it, and full information, many times, cannot be given by a woman to her family phy-

Cattle feeding has been cut short by the high price of corn in Kansas. The scarcity of the product has made the grain worth about 40 cents a bushel in the local market. It has affected the price of stock cattle and they bring less than in the eastern counties, where there is a better crop for feeding. Many feed yards are empty for the first time in several years.

Colonel Edward McMurdo, the Scotchman who built the railroad from Lourenzo Marquez to Pretoria, capital of the late South African republic, failed to get his money for the work before he died. His heirs, among whom is his brother Robert, an attorney at Chicago, Ill., were awarded £1,000,000 by the Geneva arbitrators, which the Portuguese government must pay.

Prof. N. S. Shafer of Harvard university, a southern man who has made a special scientific study of the condition of the negroes of the south, gives no favor to the pessimistic opinions that come from that section. He thinks that the moral and intellectual condition of the negroes is improving, and, so far as social morals are concerned, he regards the negro as, on the whole, less dangerous than whites of a like social grade.

No business will be transacted at the session today beyond the probable reading of the president's message, owing to the deaths of the late Representative Daly of New Jersey and the late Representative Hoffnecker of Delaware, which occurred during the recess. Their deaths, as well as the deaths of Senators Davis and Gear. will be announced immediately after the roll is called and the house will adjourn at once out of respect to their memories.

Mr. Frye expects to get up the shipping subsidy bill on Tuesday and if not on that day then on Wednesday and in doing this to have the Spooner Philippine bill displaced. This will be the beginning of the important work of the session and upon the success or failure of the scheme may depend much of the future course of proceedings for the entire session. In order to accomplish this result it will be necessary first to get the consent of the republican committee on order of business and to this end a meeting of that committee will be held after the adjournment of the senate on Monday afternoon. Mr. Frye said todapy that he had already conferred with a majority of the members of that committee and that he felt assured he would have no diffificulty in securing their assent to the proposed change.

THOUSANDS SEE KRUGER

German Common People Testify to Their Sympathy for Him.

COLOGNE, Dec. 3 .- Thousands of people waited today in the vicinity of the Cathedral hotel to catch a glimpse of Mr. Kruger, who, when replying to the deputation of Bonn students in the afternoon, described the educational progress of the Transvaal, thanked the students for their kind welcome and shook hands with each. Afterward he appeared upon the balcony, where he was loudly cheered from below.

Having rested for half an hour, he went into the vestibule of the hotel. which was crowded with visitors. Here, replying to a deputation from the Pan-German league, wishing him success, he referred to the close relationship between the Boers and the Germans.

It is expected that Mr. Kruger will remain here until Wednesday.

American Shoes in Egypt.

WASHINGTON, Dec. 3.-Consul Shumann at Mainz says in a report to the state department if American shoe manufacturers studied closely the requirements of the trade in Egypt they ought to be able to conquer that market with ease. He says that they certainly could be able to offer a better and cheaper shoe than the Swisz manufacturers, who now practically control the shoe trade of Egypt, having driven French goods out of the market.

Women May Bathe Unseen.

SANTIAGO DE CUBA, Dec. 3.-The new public bath for women, built by the sanitary department, was opened vesterday and 300 girls and women took advantage of the opportunities offered. Heretofore women of the lower class have been in the habit of bathing in a cove without protection. and have been frequently interrupted by men, who stole their clothing.

Polsonous Corn Fodder.

BURWELL, Nob., Dec. 3 .- Farmers and ranchmen in this vicinity are greatly wrought up over the fact that dozens of cattle are dying from what is said to be a poison in the cornstalks and nearly all the farmers are compelled to yard and close feed their cattle. Hundreds of acres of cornstalks will have to be cut and burned, as that is the advice given by the veterinarians that have examined the matter. The price of straw and hay has advanced about \$1 per ton in the last week, for all cattle will have to be wintered in that way.

Gan for Grand Army.

PLATTSMOUTH, Neb., Dec. 3 .- The commander of the Grand Army of the Republic post in this city has received a letter, through Congressman Burkett, from Brigadier General H. R. Buffington stating: "I have the honor to inform you that in compliance with your request the commanding officer at Fort Miffin, Philadelphia, Pa., has this day been instructed to turn over to you one 42-pounder gun." The cannon will probably arrive here before the first of next year.
