THE WORK MAY BEGIN TUESDAY

On this account the friends British minister have received his instructions to sign the joint note by that time, communications will be immediately opened with Prince Ching of that measure. He has indeed caid and Li Hung Chang, who are in daily touch with the court by the Chinese telegraph.

Prince Ching says Emperor Kwang Su is ready to return as soon as assured that the negotiations will allow him to come under conditions consonant with his dignity and safety.

THE SENATE AND HOUSE. What They Propose Doing in the Near

Coming Days.

WASHINGTON, Dec. 10 .- The senate will continue to give its attention to the Hay-Pauncefote treaty and the ship subsidy bill during the present week, taking up first one and then the other as may suit the convenience of those who may wish to speak on the two meausres. During the last session of congress the Nicaragua canal bill was made the special order of business for Monday next, but the establishment of the ship bill as the regular order will have the effect of displacing the canal bill, precedence being given under the senate rules to a regular order over a special order. It is understood that Senator Morgan, who has charge of the canal bill, will not press that measure until the treaty for the abrogation of the Clayton-Bulwer treaty is disof the ship bill do not apprehend that he will make any opposition to the continuance of the consideration said that we would be content to allow his bill to follow close in the wake of the ship bill.

Three or four set speeches are promised in opposition to the subsidy bill. and it is expected that most, if not all, of those already in sight will be made during this week. Among those who probably will speak on the subject are Senators Clay, Vest and Berry, all of whom oppose the bill. Senconsidered by the foreign envoys to ator Vest is an especial advocate of free ships.

There are differences of opinion as to what effect the taking of a vote ishment indicates that the court rec- on the fortifications amendment to the treaty will have upon the time of disposing of that instrument, but a majority of the senators express the opinion that the vote upon the treaty will follow very soon after the vote upon the amendment.

The program in the house for the coming week contemplates the consideration and passage of the legislative, executive and judicial appropriation bill and the bill for the re duction of the war revenue taxes. Wednesday will be a dies non, so far as legislation is concerned, as on that day the exercises in connection with the centennial celebration of the removal of the seat of government to Washington will be held in the house The legislative appropriation bill is

not expected to consume more than two days at most, probably only one, and the leaders expect that the remainder of the week will suffice to pass the war revenue reduction act. It is probable that special interests which do not receive the consideration in the bill which they think they

# WRITES TO MR. CONGER

Canton se Reformer, Former Adviser to Kwang Su, Wants Emperor Restored.

**VICEROYS ARE NOT TO BE TRUSTED** 

Foreigners Hold That Empress Should Not Be Allowed to Interfere and That Reactionary Officials Should Be Vory Closely Watched.

PEKIN, Dec. 8 .- Mr. Conger, the United States minister, and other foreign envoys, received today a letter signed by Kang Yu Wei, the well known Cantonese reformer, who was formerly an adviser of Emperor Kwang Su and who has always been favorable to foreigners. Kang Yu Wei says that great calamities have befallen China through the empress dowager and also in consequence of her advisers, Prince Tuan, Prince Ching, Yung Lu, Yang Yi, Chao Shu, Chian, Muang Ru, Moyn Kuen and Hiang. He says he is thankful that the foreigners held out in the legation buildings in Pekin and that all the Chinese who understand the haw of nations regret the murder of Baron von Ketteler. He then says he desires to make suggestions which will insure the just punishment of the real culprits, satisfaction to the different countries and a permanent settlement of the international relations of China." He urges:

First-That the empress and her advisers should not be allowed to violate the peace. Second-That the emperor, who is

a friend of foreigners, should be restored.

Third-That all reactionary officials should be arrested and that a careful watch should be kept over the socalled friendly viceroys in the south. Unless Yung Lu, Prince Tuan and

the others are severely dealt with, Kang Yu Wei contends that they will continue to say that the foreigners are powerless.

"The foreigners should not rely upon the viceroys," continues the Cantonese reformer. "They send men, money and armament to the empress and are her sarv.

be restored the empire would rejoice. The emperor's party consists of the most enlightened men, who are friendly to foreigners and desire to incorporate western civilization and culture in an ancient country."

Kang Yu Wei points out that he was appointed for the task by a secret edict of the emperor in 1898, when he made the foreign powers. "An appeal, which had they listened to, would probably have prevented what has happened.'

# **PROSPERITY IN OKLAHOMA.**

Governor's Report Argues Conditions Warrant Admission.

WASHINGTON, Dec. 7 .- The annual report of the governor of Oklahoma says that the year has been marked by general prosperity-agricultural grazing, manufacturing and commerce itourishing in an unprecedented manner. The total assessed valuation of property is \$49,338,661, an increase of \$6,247 over 1899. The report states that in addition to its excellent public school system, Oklahmoa has five higher institutions of learning, which are not excelled by the similar institutions of any state in the union. There are still 5,733,385 acres of vacant government land in the territory, subject to homestead entry. While most of the land is unfit for farming there are still many sections upon which the homeseeker from the north or east can find a comfortable home and atttain a competence in time.

As each justice of the supreme court of the territory sits as a trial judge with original jurisdiction of all cases of civil and criminal litigation arising in the district to which he is assigned the report recommends that a separate court of appeals be provided. In order to avert sentencing of youthful criminals to the penitentiary, the establishment of a reformatory institution within the territory is recommended. The report says that the prosperous condition prevailing in Oklahoma, its population, area and wealth, when compared with a like condition prevailing in a large number of states at the time of their admission in the union, amply justifies its claim to statehood. The report recommends that Fort Supply, which was abandoned several years ago, ve presented to the territory for use as a public institution.

WASHINGTON, Dec. 7 .- The War department today sent to congress reports on the number of important river and harbor projects, including that for connecting the Mississippi river with Lake Michigan by the means of the Illinois river and the Chicago sanitary canal, and also for extensive improvement of the Sault Ste. Marie canal. The total cost of the project for connecting Lake Michigan and the Mississippi river 1s placed at \$7,731,517 for a five-foot depth. The project involves the construction of twelve locks and two dams with movable weirs. The estimates are based on the assumption that all necessary franchises in connection with the construction will be ceded free of cost to the United States. The estimate for improving the channel between Lakes Superior and Huron, through St. Mary's river, including Hay channel, is \$9,000,000. The distance is sixty-four miles, part of which is improved.

Mr. Isaac Brock, the Oldest Man in the United States.

Mr. Isaac Brock, of McLennan county, Tex., has attained the great age of 111 years, having been born in 1788. He is an ardent friend to Peruna and speaks of it in the following terms:

"During my long life I have known a great many remedies for coughs, colds, catarrh and diarrhoea. I had always supposed these affections to be different diseases, but I have learned from Dr. Hartman's books that these affections are the same and are properly called catarrh.

"As for Dr. Hartman's remedy, Peruna, I have found it to be the best, if not the only reliable remedy for these affections.

#### "Peruna has been my stand-by for many years, and I attribute my good health and my extreme age to this remedy. It exactly meets all my requirements.

"I have come to rely upon it almost entirely for the many little things for which I need medicine. I believe it to be especially valuable to old people." Isaac Brock.

Catarrh is the greatest enemy of old age. A person entirely free from catarrh is sure to live to a hale and hearty old age. A free book on catarrh sent by The Peruna Medicine Co., Columbus, O.

The division of customs and insular affairs of the war department has issued a statement showing the total receipts from customs sources in Cuba for the ten months ending October 31 resentatives of the powers at Pekin for reparation for the Boxer outrages. In just what manner this will be done. Mr. Conger has not informed

the state department, although the probability is that the document will be handed to the Chinese by the dean of the diplomatic corps.

As has been stated already, the agreement is simply a statement of the terms upon which the powers will negotiate with China for a final settlement, and is laid before the Chinese officials as a matter of form. The negotiations for final settlement will come later, after the Chinese have been given a reasonable opportunity for the consideration of the conditions laid down by the powers. The complete agreement deciphered from the code is now in the hands of the president. Officials decline to make its text public in advance of the receipt of information that it has been formally accepted by the powers, although the advices which have heretofore come from Mr. Conger leaves no doubt that this will be the case. The essential features of the agreement already have been outlined in the press dispatches.
