WASHINGTON, March 4.—Despite the beautiful weather and unusual attractions, particularly at this time, of the national capital, the galleries of the senate were thronged with strangers today when the senate resumed its session this afternoon. The senate convened at 3 p. m. and proceeded directly to the business of facilitating the enactment of the remaining appropriation bills.

A conference was agreed to on the general deficiency bill, the conferees of the present senate being Mr. Hale, Mr. Allison and Mr. Teller. Mr. Allison presented a partial report on the sundry civil bill. The bill was sent back to conference, with Mr. Allison Mr. Hale and Mr. Cockrell as senate conferees.

Two bills were passed as follows: Granting a right of way through the Devil's Lake Indian reservation in North Dakota to the Jamestown & Northern railway company; authorizing the Portland, Mehalen & Tillamook Railway company to construct a bridge across Mehalen bay in Oregon.

Consideration of the bill relating to safety appliances on railroad trains and requiring railway managers under oath to make monthly reports to the Interstate commerce commission of all accidents that may occur to passengers and employes and the attending circumstances, was resumed.

Mr. Hale submitted a partial report upon the naval appropriation bill, and said that as the time of the session was growing short he would offer a resolution discharging the present senate conferees and requesting that the house grant further conference on the naval bill. It was adopted.

The safety appliance bill was then passed without further discussion.

At 5:10 p. m. a partial report to the conferees on the river and harbor bill was presented by Mr. Nelson and it was agreed to. A further conference was ordered.

EXTRA SESSION IF NECESSARY

Governor Dietrich Declares He Will Keep Legislators at Work.

WASHINGTON, March 4.—Governor Dietrich, to a crowd of Nebraskans assembled in the Raleigh hotel tonight, said that as governor of Nebraska he believed it to be his duty to see that the legislature elected two republicans to the United States senate.

"If the legislature should adjourn without electing," he said, "I will call it in extraordinary session and keep legislators at work until their terms expire. I believe the people demand this, and I for one will never shirk a duty that seems so clear to me."

National Committeeman Schneider, speaking of the senatorial situation, said that the legislature had at least thirty working days before it and he saw no good reason for predicting a complete deadlock to the end of the session. "While I admit the situation is very serious," he added, "I do not believe that the republicans are going to fail in the important duty of sending two republicans to the senate. Should the legislature adjourn without an election it would be an awful blow to republicanism in our state."

WILL NOT REASSEMBLE

No Extra Session of Congress Seems Likely to Be Held.

THE ARMY APPROPRIATION BILL

House Concurs in Amendments and the Measure Now Goes to the President—Legislation Over Our New Possessions—Other Congressional Matters.

WASHINGTON, March 2.—The house removed all possibility of an extra session by concurring in the senate amendments to the army appropriation bill. The vote stood 159 to 134. It was a strict party vote with the exception of Mr. McCall of Massachusetts, Mr. Loud of California, Mr. Driscoll of New York and Mr. Mann of Illinois, who voted with the democrats. Mr. Cooper of Wisconsin answered present and was not paired. The bill now goes to the president.

The house was brought to a vote by a special order prepared by the committee on rules, which permitted an hour's debate on a side. The debate was not especially noteworthy. The Philippine and Cuban amendments were defended by the republicans and assailed by the democrats.

The only exciting incident occurred at the close of the debate, when Mr. Hull of Iowa, whose name had been connected with a lumber and development company in the Philippines, frankly acknowledged that he had invested money in it. He said it was a legitimate enterprise which was not looking for government favors. Subsequently when he said that the company would not have invested money if Bryan had been elected the democrats jeered and hissed and shouted that it was because if Bryan had been elected the Philippines would not have been exploited. Mr. Lentz of Ohio challenged Mr. Hull's right to vote, but Mr. Hull voted aye.

The final conference report upon the Indian appropriation bill was adopted and a number of minor bills were put through the final stages.

The house met at 11 o'clock. A resolution was adopted, closing the house wing of the Capitol from midnight, March 4, to 2 p. m., March 4, except for the members, members-elect and former members, employes of the house and ticket holders.

Mr. Elliott defeated the motion of Mr. Elliott to concur in the Charleston exposition amendment to the Louisiana purchase bill, yeas 84, noes 132.

The committee on rules then reported the special order for the consideration of the army bill and a roll call on a demand for the previous question ensued. The result was, yeas 159, noes 129. This allowed twenty minutes on a side upon the adoption of the rule.

The speaker announced the appointment of Mr. Ball of Rhode Island, Mr. Joyce of Missouri and Mr. Bartlett of Georgia as temporary committee on accounts until the meeting of the Fifty-seventh congress.

Mr. Hepburn of Iowa, with the revenue cutter bill, and Mr. Cannon, chairman of the appropriations committee, struggled for the right of way. The speaker pounded the gavel for order. Some one complained that he could not hear what was going on.

"That is not the fault of the chair," said the speaker. "He cannot put lungs into members." (Laughter.)

Mr. Hepburn moved that the house go into committee of the whole to consider the revenue cutter service bill and Mr. Cannon appealed to the house in the interest of the public business to vote down the motion. The motion was voted down—122 to 132. Mr. Burton, chairman of the committee on rivers and harbors then asked unanimous consent that the house non-concur in the senate amendments to the river and harbor bill and agreed to a conference. Mr. Hepburn objected. The speaker thereupon referred the bill to the river and harbor committee.

Several conference reports upon minor bills were adopted.

Mr. Tawney presented the conference report upon the St. Louis exposition bill, which agreed to the senate amendment providing for the closing of the exposition on Sunday and disagreed to the Charles exposition amendment. The report was adopted.

BIG LOSS TO NEBRASKA.

The Penitentiary at Lincoln Destroyed by Fire.

LINCOLN, Neb., March 1.—The Nebraska state penitentiary is in ruins. Fire, which broke out shortly before midnight, swept through the great stone buildings and burned them to the ground. A company of militia is leaving on a special Burlington train to guard the convicts, who have been herded within the stone-walled prison yard.

Fire, which started in the living rooms of the warden of the state penitentiary at midnight, seems certain to destroy the entire main building, together with the cell house and other buildings.

Just after 2 o'clock this morning a telephone message came saying the room in which the telephone was located was in flames and must be vacated. This cuts off the only means of immediate communication with the prison, which is nearly four miles from the business district of the city. Between 1 and 2 o'clock, however, a message from a member of the fire department stated that the penitentiary proper was doomed and that the fire was spreading.

Before the flames had gained a great headway Warden Davis gave orders to release the convicts from the cells and march them under guard to the prison yard and there place them under double guard. The removal was accomplished safely and without disorder.

Extra guards were also posted on the stockade walls, armed with shot-guns, with orders to permit no escapes.

The origin of the fire is unknown. When first discovered the officers of the institution immediately set to work all the small fire apparatus of the prison. Water was used in abundance, but assistance from the city fire department was called for and a steamer and hosecart were dispatched in response to a telephone message.

A short time after midnight Warden Davis said he did not have the fire under control, but he could not tell how bad it was. Burning in the upper story and at the front of the building its spread was slow. It was hoped that it could be confined to the front of the building. Later the report came that the fire was a very bad one.

At 1:40 a. m. the city fire department arrived and began throwing water on the walls. The flames had gained too great headway, however, and the firemen directed their efforts to saving some of the remote shop buildings.

By request of the warden Chief of Police Hoagland sent all the available police to aid in preserving order. Later, as an additional measure of safety, Lieutenant Governor Savage, acting in the absence of Governor Dietrich, in response to the suggestion of the warden, ordered out the local company of militia.

Captain Ringer, with a majority of the members, is at the armory, and a Burlington engine and coach will start with them at 3 o'clock.
