Government Unearths Immense Shortage in Luzon Commissionary Department.

OFFICERS AND CIVILIANS ARRESTED List Includes a Contractor, Captain Bar-

rows and Many Others-Somme Suplies Located-Bacon, Flour, and Other Goods are Found.

MANILA, April 1.-Interest in the capture and fate of Aguinaldo is wellnigh overshadowed in Manila by sensational developments, present and prospective, of frauds in the commissary department. How widely these extend has not yet been ascertained, but enough is known to justify the belief that they are far-reaching.

Captain Fredeick J. Barrows of the Thirtieth Volunteer infantry, quartermaster of the Department of Southern Luzon, together with seven commissary sergeants, several civilian clerks, a prominent governor contractor, the assistant manager of the Hotel Oriente, the proprietors of three of the largest bakeries in Manila, a number of storekeepers and a number of other persons have been arrested. The investigation has scarcely begun, but thousands of sacks of flour, a quantity of bacon and wagonloads of other goods, all bearing government marks, have been found in the possession of unauthorized persons.

It is alleged that the contractor in question, who has been doing a business approximating \$100,000 per month, has spent hugs sums in entertaining officers. A prominent commissary officer is accused of leading a scandalously immoral life. It is asserted that large quantities of stores have been lost or stolen in transit and also that there is a shortage in the commissary depot.

New scandals are developed daily. Illicit transactions have been traced back to June, 1900, and it is possible that there are others of earlier date. The exorbitant tariff on provisions makes the surreptitious removal of supplies immensely profitable. It is understood that other United States

officers may be arrested. Lieutenant Philip K. Sweet of the Forty-sixth Volunteer infantry is prosecuting the investigation under Fullerton, Neb., but would discontinue the direction of Colonel Wilder, chief of police.

WASHINGTON, April 1.-It was said at both the White House and War department tonight that aboslutely nothing had been received by the government regarding the alleged unearthing of crooked work on the part of any quartermasters and others in Luzon and the arrest of a number of persons in and out of the army for stealing property of the government or receiving stolen government property. General Corbin said furthermore that the government had no intimation of any sort that such developments might be expected. He was inclined, for this reason, to think the frauds against the government could hardly be so serious as reported, though admitting this opinion was based wholly on the lack of advices from the government. Captain Barrows, he said, was not the regular quartermaster for southern Luzon and must have been acting quartermaster there at the time of the arrests.

The sail room is a small compartment adjoining the magazine. The heat was intense, the smoke suffocating and the flames difficult to extinguish. Lieutenant Commander Roper was the first to descend into the hold, but he was forced to return to the deck. Others then went down. Seaman Patrick Toner was prostrated and about to perish when Lieutenant Commander Roper endeavored to rescue him and was suffocated in the attempt.

Lieutenant Josiah Slutts McKeans and Cadet Lewis suffered severely in bringing the body of Lieutenant Com-

mander Roper to the deck. Twenty-two of the crew were prostrated; Toner, Evans, Flaherty, Larsen, Cahey, Burton, Smith, Sullivan and Forsboon seriously, but all will recover. The contents of the sail room were destroyed, but the damage to the gunboat was slight. The origin of the fire has not been ascertained. Possibly it was a case of spontaneous combustion.

The death of Lieutenant Commander Roper is greatly deplored. His body will be sent to the United States April 5 by the Buffalo.

STAYS GOVERNOR TILL FALL

Dietrich Wants to Fulfill His Plan of Administration.

LINCOLN, Neb., April 1.-Senator-elect Dietrich announced definitely tonight that he would not resign as governor until late in the fall, probably not until after election, barring, of course, an extra session of congress, which he did not regard as probable. Governor Dietrich justified this action by saying that he had outlined a plan of state administration which he was anxious to put into effect, and in this he is upheld by Lieutenant Governor Savage.

Former Assistant Secretary of War Meiklejohn, who had been a candidate in the senatorial contest, left this evening for Washington to conclude unfinished work at the War department. Friends assert that he has been ten dered a position of responsibility with a land and manufacturing company in Mexico and that he has the offer under consideration. It is also said that a position awaits his acceptance in connection with some of the newly acquired island possessions, but in what capacity is not disclosed.

THE LIVE STOCK MARKET.

Latest Quotations from South Omaha and Kansas City. SOUTH OMAHA.

Union Stock Yards-Cattle-There was a good, liberal supply of cattle, which naturally had a tendency to make buyers a little bearish, as there has been a good run of cattle here all this week. The demand, however, was in fairly good shape and there were no radical changes in prices. Receipts included about 45 cars of beef steers and the better grades sold in just about yesterday's notches. Good, heavy cattle for export or good handy weight cattle were in the best demand and no change was noticeable in the prices paid for them. There was not as much life to the cow market as has been the case the greater part of the week. Buyers were inclined to pound prices a little and in some cases they succeeded and in others they did not. Bulls did not show much change in the prices, but sellers found the market a little dull. Veal calves brought steady prices. There were quite a few feeders here, and, although speculators have a good many on hand, they bought up what was offered at about steady prices. This has been a dull week in stock cattle, as the demand from the

country has been very light. Hogs-There was another light run of hogs and the market opened about a nickel higher. The hogs began selling mostly at \$5.90 and \$5.9214, and the heavier grades sold at \$5.95 and as high as \$5.97% was paid. At those prices the market was fairly active, but it was a noticeable feature that packers all wanted the better grades, and the common stuff was neglected and left until the last.

Sheep-There was a fairly liberal supply of sheep, and as packers are pretty well filled up for this week they did not seem to care particularly whether they got anything today or not. "Gentlemen, I am not here with the expectation of making any speech. I should have come here and paid my respects to you yesterday afternoon, but I was detained at home by reason of matters that I could not very well leave. I do not want you to understand that it was intended as a discourtesy to you in any way, as I certainly would have foregone anything I had at home should I have known in advance that you expected me here, but a gentleman here told me by telephone the session would last until tonight, that you had been here a long time and would rather rest last night and see me this morning. On the strength of that I conc'uded to defer my visit and come here today, as very many of you are strangers to me, and let you have a look at the man you were kind enough to vote for
