

COLEMAN.

The hoppers are lively in places.

C. W. Lepper finished planting corn, last Saturday.

Mrs. Gertie Wales has a hundred young chickens.

J. Kelley is planting one hundred and ten acres of corn.

C. Lepper is putting in one hundred acres of Kaffir corn.

M. H. Cole was in McCook, Tuesday, with three loads of hogs. He has four or five loads yet to go.

M. H. Cole is working the Thrailkill farm. He finished planting 75 acres of corn on it, last Friday.

J. W. Corner, B. W. Wilson, W. M. Sharp and James Kelley were in McCook, Tuesday, with hogs.

On Monday W. Smith and family started for Grafton. They drive through with team and may stay till fall.

J. N. Smith brought out twenty bushels of corn, Saturday. He said, "I have farmed here sixteen years, and this is the first corn I have bought."

On last Friday M. Sharp and Roy Coleman found a den of coyotes. They dug them out and killed them. There were four of them—young ones.

J. B. Smith's recent visit to Holdrege has materialized. He now owns one of the finest stallions in "these ends of the earth." It was shipped to McCook, last Saturday, and is now on the farm. He is a thoroughbred, and we are glad to have him come into the township. Mr. Smith believes in good horses and evidently intends to raise them. J. B. is one of the young enterprising farmers of this township, that is pushing right ahead. He informs us we were "off" in a recent item stating that he had sold \$500 worth of hogs since January 1st. One lot brought a little over \$300, and the last lot brought \$800, making nearly \$1,000 since January 1st. Glad to make the correction, John.

BOX ELDER.

Miss Gertie Moore is clerking at the Box Elder store.

Ed Sheppard is farming the Josiah Moore farm, this year.

Miss Garner and Miss Jewell have returned from their Kansas trip.

Mrs. D. P. Brower expects soon to dispose of the store and join her husband in Chicago where he has obtained lucrative employment with a loan and insurance company.

Corn planting may now be said to be a thing of the past for this season. The corn that is up looks well but the festive little grasshopper punctures the tender shoots as soon as they appear above the ground.

Quick is not, as its name would indicate, a fast town, but Fred Garlick expects soon to have his store building ready for occupancy and his photograph car, which at present is stranded in a canyon near Center Point, ready for action.

Paints! Paints!

A good paint for \$1.25 per gallon. The Lincoln, guaranteed for three years, is better. The "Asbestine" water paint kept in stock. Call, we can save you money on paints. A. MC MILLEN.
