

A GIFTED AND BEAUTIFUL GIRL Threatened With Nervous Prostration, PROMPTLY SAVED BY PE-RU-NA.

MISS ROSE CULLEN, OF BUTTE, MONT.

Miss Rose Cullen, President Young Woman's Club, of Butte, Mont., writes from 921 Galena street, as follows:

"Peruna has many friends in Butte. I cannot say too much in praise of it. While finishing school I became very nervous and exhausted from over-study. I was weak and sick, and could neither eat, sleep nor enjoy life. A couple of bottles of Peruna put new life in me. I find that having it in the house and taking a dose off and on keeps me in fine health.

"A large number of my friends place Peruna at the head of all medicines."—Miss Rose Cullen.

How Peruna Quickly Cures Backache, the Bane of Womanhood.

MRS. G. W. HEARD, Hempstead, Texas, writes:

"We have moved recently, and I must have lifted something that was too heavy for me in straightening things up, for I had such a backache and could hardly stand on my feet at all. Beside, I was so tired all the time. My face was spotted and I was very thin. I took one bottle of Peruna and was soon real well. When I feel tired and all run down I take Peruna and feel all right before I finish one bottle. I know it is a wonderful medicine, and both myself and husband praise Peruna.

"There has been a great deal of sickness through this part of the country, but, thanks to Peruna, which we use freely, our own family has escaped with almost no sickness at all.

"Could you but see our baby Ruby, (to whom we gave Peruna for bowel trouble), you would see from her robust looks that you need no better advertisement in this little town. She is so fat and rosy, is nearly five years old now, and is a great believer in Peruna."

Mrs. G. W. Heard.

Given Up to Die—All Doctors Failed—It Proved to be Catarrh of Stomach and Was Cured by Peruna.

W. A. Mitchell, dealer in general merchandise, of Martin, Ga., writes:

"I wrote you some time ago concerning my wife's case. She had tried all of the best doctors, and we got to

where we thought all they did was against her. She weighed about 190 pounds when she was in good health. When she commenced with our family physician in April, 1898, she weighed about 130, but kept going down all the time. She went to Atlanta, Ga., and took treatment, but it did her no good. Then she went to Harmony Grove, Ga., and took treatment from the best physician there for three months. She kept going down under his treatment, although he was considered the best physician in the county. She went down from 130 pounds to 68, and we saw she could not live long. She was a skeleton. We consulted an old physician who told her to use Peruna. She gradually improved and got stronger. She has gained 38 pounds since she has taken Peruna, and is gaining every day, and does her own housework. "She was well known when she was so low, and now everybody wants to know what cured her. She had indigestion and catarrh of the stomach. It is as good for children as for grown people. We haven't had to have a doctor for one of our children since 1898."

W. A. Mitchell.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

DEATH OF MRS. GAGE

Wife of Secretary Succumbs After Illness of Nine Weeks.

MRS. M'KINLEY IS NOT INFORMED

Those at the Bedside of the Latter Fear that Such Information Would Be Severe as Both Women Were Near and Dear to Each Other.

WASHINGTON, May 18.—Mrs. Lyman J. Gage, wife of the secretary of the treasury, died at her residence, 1715 Massachusetts avenue, N. W., at 9:30 o'clock tonight, after an illness of nine weeks' duration. With her when the end came were her husband, her married daughter, Mrs. E. F. Pierce of Evanston, Ill., and Dr. W. W. Johnson, the attending physician.

For a time before her death Mrs. Gage suffered considerable pain, but she maintained her bright and cheerful demeanor and was conscious to the last. Heart trouble, the result of grip complications, was the immediate cause of death. Mrs. Gage was exposed to the inclement weather for about an hour on inauguration day, but at the time her health did not seem to have been affected. March 11 she left here for Evanston to visit her daughter. While there she experienced a chill and took to her bed, but soon recovered sufficiently to return to Washington, where she has been confined to her room ever since.

Mrs. Gage was a native of Albany, N. Y., and 58 years of age. She was married to Secretary Gage in Denver in 1887. There were no children from their union. Mrs. Pierce being a child by a former husband.

The remains will be interred in Rose Hill cemetery, near Chicago. Further than this the funeral services have not been arranged. It is probable, however, that religious services of a simple character will be held at her former residence in this city on Sunday morning, in which event the body will leave here by the morning train for Chicago.

Mrs. Gage was an Episcopalian in her religious belief, but during their residence here she and the secretary have had a pew in the Metropolitan Methodist Episcopal church, where the president attends.

Dr. Hillis of Plymouth church, Brooklyn, is an intimate friend of the family and it is possible that he may be asked to come to Washington to conduct the funeral services here.

During their residence in Washington, Secretary and Mrs. Gage have taken quite an active part in social life at the capital. Mrs. Gage was a woman of charming personality and, with her husband, delighted in extending the hospitality of their elegant home on Massachusetts avenue.

Mrs. Gage was probably closer to Mrs. McKinley than any other of the ladies of the cabinet.

SAN FRANCISCO, May 18.—The news of the death of Mrs. Gage was received by the members of the president's official family in this city with expressions of regret. The Associated Press bulletin, which was transmitted to Secretary Cortelyou at the Scott residence, conveyed the news to President McKinley. Extra precautions were taken to keep news of Mrs. Gage's death from Mrs. McKinley.

THE BAD SIGNS RETURN.

Mrs. McKinley Grows Worse After a Day of Encouraging Symptoms.

SAN FRANCISCO, May 18.—As the night wore on Mrs. McKinley became restless and the early morning hours are looked forward to with more apprehension.

She did not take nourishment freely, as she had done earlier in the day. Powerful stimulants, including oxygen, have been administered during the afternoon and evening.

The bone felon on her hand has spread and has discharged pus from another place. The new wound has been lanced.

Troy Strike is Settled.

TROY, N. Y., May 18.—A committee from the Troy division of the Amalgamated Association of Street Railway Employees has waited upon Mayor Conway and informed him that the strike has been settled. The committee said that under the terms of the agreement the employees are to receive 20 cents per hour and that the company will treat with a committee of either union or non-union men. Headquarters were visited and members of the union informed.

Will Stay at Cedar Rapids.

ST. PAUL, Minn., May 18.—Today is being devoted to a pleasure trip by the railway conductors and their families. Two important matters have been virtually decided in the executive sessions. It was determined to continue the grand offices at Cedar Rapids, Ia., where they have been for eleven years, and it was decided to co-operate as far as possible with the other railroad fraternities in the settlement of labor disputes.

MRS. M'KINLEY IS IMPROVED.

A Change that Indicates More Hope for President's Wife.

SAN FRANCISCO, May 17.—Last night's instructions from the bedside of Mrs. McKinley gives more encouraging indications. Late yesterday afternoon she rallied a bit and called for nourishment. To the anxious watchers about her this was considered as a favorable sign. The symptoms were sufficiently improved during the late afternoon to permit the president to take a short walk in the open air, but his anxiety was so manifest that he speedily returned to his wife's bedside. The most powerful stimulants known to the medical profession have been resorted to, in the hope of effecting a rally, and they were so effective that towards midnight the physicians expressed much satisfaction and issued a decidedly encouraging statement.

SAN FRANCISCO, May 16.—10 p. m.—Dr. Hirschfelder and H. T. Scott have just left the Scott residence. Dr. Hirschfelder has gone home for the night.

He said that he felt that Mrs. McKinley was decidedly improved. Mr. Scott was much pleased over her condition. Secretary Cortelyou announced that no further bulletins would be given out tonight unless unexpected developments should take place.

At this hour the lights in the building are out with the exception of one in the telegraph room.

Decides It Is a New Industry.

DES MOINES, May 17.—Judge McPherson, in federal court, decided that the manufacture of women's gloves is a new industry in the United States. The case was that against J. W. Morrison, a glove manufacturer of Grinnell, who was arrested for violation of the contract labor law by employing skilled glovemakers to come from Europe to make gloves. The court holds that there were no women's gloves made in the United States prior to 1887 and unless the prosecution can show that Morrison's business was established before the contract labor law was passed he will go free.

ARE TO EXPLAIN THEIR TROUBLES

Petition Asking Hawaiian Governor's Removal Is to Be Postponed—Republicans Send an Endorsement Contradicting Home Ruler's Charges.

HONOLULU, May 8.—Via San Francisco, May 15.—By the steamer Mariposa today Homs Rule Representative F. W. Beckley, Hon. Samuel Parker, Delegate R. W. Wilcox leave for San Francisco. Beckley goes to lay before President McKinley a home rule resolution passed in the house and senate asking for the removal of Governor Dole. Parker has a memorial unanimously indorsed by the republican members of both houses and by the territorial republican central committee replying to the home rule charges against Dole. Wilcox is on his way back to Washington and says he has nothing to do with the fight.

In the house this morning, Representative Emmelhut, home rule, made a sensational speech against the governor. The legislature had been called in special session for appropriation bills and had just completed its organization when Emmelhut introduced a resolution to provide for the sending of Berkley to San Francisco. In support of it he declared that the conditions that had led to the revolt in 1893 had developed again, with Dole now the usurper of power instead of the ex-queen. It was intended by the home rulers to have the resolution to send Beckley concurrent, but the senate adjourned for the day too early, and as the steamer was leaving this afternoon, the house passed it as a house resolution. Both houses organized for business and re-elected most of their former organizations.

The republican members of the legislature and the members of the central committee and the joint caucus have endorsed the action of Governor Dole in refusing to extend the session of the legislature, and after the adoption of the home rule resolution of last week making charges against the governor, asking for his removal and declaring that he was responsible for the failure of the legislature to do any considerable amount of business, the republicans prepared a statement in reply which Samuel Parker takes with him.

The reply states that the home rule party, having control of the legislature, blocked every effort at substantial legislation; that bills were so illegitimately put together that it was impossible to do anything with them; that the home rule party was constantly hampered by petty jealousies, and that these party bickerings caused the president of the senate, himself a member of the home rule party, to resign in disgust. The reply states further that one of the causes of the failure of the members of the home rule party to attain their objects, and which prevented the legislature from accomplishing more, was the insistence of the home rule members upon the use of the Hawaiian language in the legislative proceedings, notwithstanding the organic act provides that "All legislative proceedings shall be conducted in the English language." They elected interpreters and required interpretation of all bills, resolutions, motions and debates.

"I had two things to contend with," she said; "my lawyers bungled the case and there were anarchists on the jury. I am not insane and begged my lawyers not to enter such a plea."

THE LIVE STOCK MARKET.

Latest Quotations from South Omaha and Kansas City.

SOUTH OMAHA.

CATTLE—There was rather a light supply of cattle on sale, as receipts included a big straggling of Texas cattle that were not offered on the market. The demand was good on the part of all the local packers as a result the bulk of the cattle soon changed hands. There were about sixty cars of beef steers on sale and packers started out and tried to buy their supplies a little easier. Sellers, however, held for stronger prices and as packers wanted the cattle they had to pay steady to stronger prices as compared with yesterday. After the market was fairly started the good cattle sold readily and the market closed up good and strong and in some cases sales were made that looked quite a little higher than the same kind sold yesterday. There were only about ten cars of butcher stock on sale and the market ruled active and steady to strong all around. Cow stuff is easily a dime higher than it was at the close of last week. There were not enough feeders on sale to make a market. There are very few in the hands of speculators at the present time, but owing to the light demand from the country they do not want any great number.

HOGS—There was not a very heavy run of hogs and the market opened a good 2½c higher on the heavy hogs. The light hogs, however, were very hard to dispose of at any figure and in a good many cases sellers complained that they could not get more than steady prices for that class. The bulk of the mixed hogs sold this morning at \$5.67½ and \$5.70. It was not a particularly active market, but still they kept moving toward the scales and the more desirable loads were out of their hands in good season.

SHEEP—There were only about four cars of sheep and lambs on sale and the market could be quoted strong and active. Clipped wethers sold at \$4.25, clipped lambs at \$4.60 and a bunch of Colorado woolled lambs were sold to arrive at \$5.10. Woolled lambs were sold to arrive at \$5.10. The general belief is that they would have brought from \$5.15 to \$5.25 today had there been any on sale.

KANSAS CITY.

BONANZA STRIKE IN WYOMING

Gold Whose Richness Causes a Rush Found in the Mountains.

CHEYENNE, Wyo., May 18.—Word was received here today that a bonanza gold strike made last Monday in the mountains four miles from Atlantic City by Hoisington and Carr, two old prospectors. Pieces of rich float had been picked up in the vicinity and the prospectors ran an open cut. In this a ledge of ore running \$20,000 a ton in gold was struck near the grass roots. Great excitement prevails and a rush to the district has set in. The scene of the discovery is midway between the famous Atlantic City and Southern Pass gold camps, 100 miles distant north of the Union Pacific, in Fremont county. Over a quarter of a century ago millions of dollars worth of gold was mined in the district, but most of the mines were abandoned during the Black Hills excitement. One mine, the Carrissa, has been a steady producer of gold.
