If your sight is blurred with specks and spots floating before your eyes, or you have pains on the right side under the ribs, then your liver is deranged, and you need a few doses of Herbine to regulate it. Price 50 cts. A. McMillen.

Dyspeptics cannot be long lived because to live requires nourishment. Food is not nourishment until it is digested. A disordered stomach cannot digest food, it must have assistance. Kodol Dyspepsia Cure digests all kinds of food without aid from the stomach, allowing it to rest and regain its natural functions. Its elements are exactly the same as the natural digestive fluids and it simply can't help but do you good. McConnell & Berry.

How To Gain Flesh

Persons have been known to gain a pound a day by taking an ounce of SCOTT'S EMULSION. It is strange, but it often happens.

Somehow the ounce produces the pound; it seems to start the digestive machinery going properly, so that the patient is able to digest and absorb his ordinary food, which he could not do before, and that is the way the gain is made.

A certain amount of flesh is necessary for health; if you have not got it you can get it by taking

You will find it just as useful in summer as in winter, and if you are thriving upon it don't stop because the weather is warm.

A Nebraska Correspondent.

The following startling item concerning two people well known to many of our readers is taken from the Bee of the 4th instant. Both Dr. and Mrs. Campbell have frequently visited McCook, where and in which vicinity they have had investments in real estate. The divorce suit is a great surprise to all who know them here:

NEW YORK, June 3.—(Special Telegram.)—Judge Chester, in the supreme court, Brooklyn, today granted a postponement of the trial of the suit for divorce brought by Mrs. Helen Campbell against her husband, Dr. Robert Campbell. This is the case which Judge Russell, in the same court, last week, stopped so abruptly because the correspondent, Cora Belle Durham, broke down on the stand and declared that she had committed perjury against the defendant and had tried to entrap him so that his wife might obtain a decree.

In court today, George Waldo, counsel for Mrs. Campbell, asked for an adjournment, saying that it was necessary for him to go to David City, Neb., where acts of impropriety on the part of Mr. Campbell are alleged to have occurred. Mr. Waldo declared that the girl had been influenced by the defense and made to come east and change her testimony. He declared that he could establish this if he had time to go to David City. The postponement on this assertion was granted. The opposing counsel will also go to Nebraska.

It Makes No Difference.

Church & Marsh are treating their many new customers just the same as though they were not "the only." Same fine quality of meat, prompt service, and regular, reasonable prices at the old reliable shop, which is "here to stay"—do you mind?

Read it in His Newspaper.

George Schaub, a well known German citizen of New Danon, Ohio, is a constant reader of the Dayton Volkszeitung. He knows that this paper aims to advertise only the best in its columns, and when he saw Chamberlain's Pain Balm advertised therein for lame back, he did not hesitate in buying a bottle of it for his wife, who for eight weeks had suffered with the most terrible pains in her back and could get no relief. He says: "After using the Pain Balm for a few days my wife said to me, 'I feel as though born anew,' and before using the entire contents of the bottle the unbearable pains had entirely vanished and she could again take up her household duties." He is very thankful and hopes that all suffering likewise will hear of her wonderful recovery. This valuable liniment is for sale by McConnell & Berry, Druggists.

My little son had an attack of whooping cough and was threatened with pneumonia; but for Chamberlain's Cough Remedy we would have had a serious time of it. It also saved him from several severe attacks of croup.—H. J. STRICKFADEN, Editor World-Herald, Fair Haven, Wash. For sale by McConnell & Berry, Druggists.
