The Modern Miller says: "Ideal weather for harvesting the wheat crop has prevailed in the greater part of the winter wheat belt. The crop is nearly all cut and a much larger percentage is being threshed than usual at this time of the year, owing to the dry, hot weather, which has seasoned the grain rapidly. The yield is generally beyond expectations, and the quality superb."

OPEN TO SETTLEMENT

President McKinley Proclaims Date of the Oklahoma Rush.

SIXTH OF AUGUST WILL BE THE DAY

Registration of Applicants to Begin the Tenth of July—Sixteen Days for Filing of the Names—Each Applicant Will Have an Equal Show.

WASHINGTON, July 8.—The proclamation of President McKinley, opening to settlement the lands ceded by Indians in the territory of Oklahoma, was given to the public yesterday. The proclamation covers the cessions made by the Wichitas and affiliated bands of Indians in accordance with the act of March 2, 1895, and those made by the Comanche, Kiowa and Apache tribes in pursuance of the act of June 6, 1900.

The proclamation provides for the opening of the lands in these reservations which are not reserved at 9 o'clock a. m., on the 6th of August next, the lands to be open to settlement under the homestead and town-site laws of the United States.

The proclamation says that beginning on the 10th inst. and ending on the 26th those who wish to make entry of land under the homestead law shall be registered. The registration will take place at the land offices at Reno and Lawton. The registration at each office will be for both land districts.

To obtain registration the applicant will be required to show himself duly qualified to make homestead entry of these lands under existing laws and to give the registering officer such appropriate matters of description and identity as will protect the applicant and the government against any attempted impersonation.

Registration cannot be effected through the use of the mails or the employment of an agent, excepting that honorably discharged soldiers and sailors may present their applications through an agent, no agent being allowed to represent more than one soldier. No person will be allowed to register more than once. After being registered the applicant will be given certificates, allowing them to go upon the ceded lands and examine them in order to aid them in making an intelligent selection.

It is explicitly stated that "no one will be permitted to make settlement upon any of the lands in advance of the opening provided for," and the statement is added that "during the first sixty days following said opening no one but registered applicants will be permitted to make homestead settlement upon any of said lands, and then only in pursuance of a homestead entry duly allowed by the local land officers or of a soldier's declaratory statement duly accepted by such officers."

The order of the applications is to be determined by drawing, the plan for which is fully described.

OLD FETTERMAN CANAL.

Cheyenne Capitalists Propose to Repair and Extend Ditch.

DOUGLAS, Wyo., July 8.—Governor De Forest Richards and Dr. J. M. Wilson, who are interested in having the old Fetterman canal placed in operation, paid a visit to the canal. After making a careful investigation they say they believe \$10,000 will make the needed extension and repairs and place the canal in working order.

Upwards of 5,000 acres of fertile land lie under the canal, and it is proposed to seed the tract to alfalfa and feed the lambs raised in this section. It is estimated that a profitable feeding business can be established and steps will be taken at once looking to the completion of the canal. Local capital is back of the proposition.

JAMES E. YEATMAN DEAD.

St. Louis Philanthropist Breathes His Last.

ST. LOUIS, Mo., July 8.—James E. Yeatman, the well known philanthropist and one of the most respected citizens of St. Louis, died yesterday, aged 84, from the effects of uraemia, for which he was operated on nearly two weeks ago.

James E. Yeatman was born August 27, 1818, in Belford county, Tenn., and came to this city in 1842. For several years he was in the iron business, but in 1850 entered the commission business. That same year he founded the Merchants bank, which afterwards became the Merchants National bank.

Coal Transporters Combine.

PHILADELPHIA, July 8.—The North American today will publish a story to the effect that the entire coal transportation east of the Mississippi river will be divided among the railroads controlled by the Pennsylvania, the Vanderbilts and the Morgan interests. The Pennsylvania and the Vanderbilt lines will carry all the coal produced in the bituminous regions, while the Morgan roads will control the entire anthracite output.

TO BRAND DAIRY GOODS.

Uncle Sam Will Inspect Butter and Similar Products for Export.

WASHINGTON, July 8.—The agricultural appropriation act for the current fiscal year authorizes the secretary of agriculture in his discretion to apply the law for the inspection and branding of live cattle and products to dairy products intended for exportation, the purpose being to enable American exporters of dairy products to give foreign buyers the assurance of certification by the government of the United States of the purity, quality and grade of dairy products.

Secretary Wilson has decided to exercise the authority conferred on him by establishing in the customs districts of Boston, New York, Chicago and San Francisco a system of inspection of dairy products and have experts in those departments gather information by means of which regulations may be drafted.

A beginning will be made in a small way, with a view of bringing about a practical and honest system by which all parties may be properly protected. It is stated at the department that it is probable that at an early date the owners or shippers of products for export may, upon application, have the goods marked and certified as to purity and quality, provided they are above the minimum grade.

ELECTORAL LAW FOR CUBA.

Constitutional Convention Considers It Idle to Draft Ideas.

HAVANA, July 8.—The Cuban constitutional convention has not arrived at an understanding regarding the electoral law. Several meetings were held last week, but little interest was manifested in the proceedings, many of the delegates being absent. The conservatives are hopeless with respect to the rescinding of the universal suffrage clause and are endeavoring to secure a plural vote for property holders and for professional and business men. In this they are strongly opposed by the radicals.

An objection has recently been raised against drawing up the electoral law until the United States government has approved the constitution, the argument being that it would be useless to draft laws based on the constitution if Washington is going to make changes in this instrument.

ATTENDANCE STILL TOO SMALL.

Unless It Increases Buffalo Exposition Will Not Pay.

BUFFALO, N. Y., July 8.—The total attendance to date at the Pan-American exposition is 1,719,768. The exposition attendance began on May 20, but at that time many features were incomplete and the people remained away. The average daily attendance for June, including five Sundays, was over 31,000. The excessively hot weather during the last two weeks has had a deterrent influence on the attendance, notwithstanding Buffalo is rated as "the coolest city" by several degrees on account of the breezes from Lake Erie. It is believed that July and August will easily bring the total to above 5,000,000, and it will remain for September and October to bring the remainder of 10,000,000, at which the status of guesses is set.

BOERS ACCUSED OF ATROCITY.

Said to Have Put Wounded to Death in Battle.

LONDON, July 8.—The Daily Mail gives sensational prominence to mail advices from Vlakfontein, which attribute to the Boers inhuman atrocities that the censor would not allow to be described by cable.

"A couple of Boers," says the Daily Mail's correspondent, "who were armed with Martinis, walked around among the dead and dying. Some they turned over to see if they were dead. If it were otherwise then one or the other of the Boers shot them as you would an ox. I saw four killed in this way. One youngster pleaded for his life. I heard him say: 'O, Christ, don't, and then bang went the rifle.'"

G. A. R. ENCAMPMENT

Orders Issued Containing Information Relative to the Same.

THE RATE ON THE RAILROADS

Special Train for Transportation of Department Officers—Meeting of Socialists at Lincoln—Other Matters Here and There in Nebraska.

LINCOLN, July 8.—Orders containing information relative to transportation to and from the thirty-fifth national encampment of the Grand Army of the Republic at Cleveland, Ohio, September 9 to 14, were issued from the Nebraska department headquarters. A rate of \$21.60 will prevail over all railroad lines from Omaha and tickets will be on sale from September 7 to 10, good for final extension to October 8.

The department commander has arranged for a special train for the transportation of department officers, delegates, members of the department and kindred organizations. The route will be over the Northwestern road to Chicago and from there to Cleveland by the Lake Shore. The train will leave Omaha September 7 at 5 p. m. and arrive in Chicago at 7:45 a. m. the following day. Departure from Chicago will be at 10:30 and the train will arrive at the destination at 7:30 p. m. of the same day.

It is announced that the train will be decorated with bunting and grain products of the state. The department of Colorado, Utah, Idaho, Montana and Wyoming has been invited to join the Nebraska contingent.

Meeting of Socialists.

LINCOLN, Neb., July 8.—As the laws of Nebraska require the attendance of 200 delegates and the representation of two-thirds of the counties to give a nomination convention a legal standing the attempt of the socialists to put a state ticket in the field was a failure.

Less than fifty delegates responded to the call for a mass convention of the socialists at Washington hall, and there were only two counties represented. It was necessary therefore to forego the formality of nominating for supreme judge and State university regents.

The small attendance, however, did not prevent election of convention officers, the adoption of a platform and the delivery of several speeches. Geo. E. Beard was elected chairman and A. W. Adair was made secretary.

OMAHA, July 8.—Major R. S. Wilcox, department commander of the Grand Army of the Republic in Nebraska, has invited the departments of Colorado, Utah, Idaho, Montana and Wyoming to join the Nebraska delegation in its trip to the national encampment at Cleveland, O., September 9 to 14. SUPERIOR, Neb., July 8.—The first wheat of the new crop to be marketed in Nuckolls county was sold to a dealer in Mount Clare. Threshing is bringing a surprise to the farmers. THE LIVE STOCK MARKET.

Latest Quotations from South Omaha and Kansas City.

SOUTH OMAHA. Cattle—There was a light supply of cattle in the yards and as packers were liberal buyers of the better grades the market took on more life than for some time past. The market could not be quoted much higher, but an early clearance was effected and the prices paid were generally very satisfactory. Buyers started out early in the morning and bought up the better grades of beef steers at steady to strong prices, as compared with yesterday. They seemed to want the cattle today, and as there were only a few offered sellers took advantage of the opportunity to push values up a little. The situation, however, is best described by calling it a good, steady to strong market. The commoner grades, of course, did not move as freely as did the choice heavyweights, but still they brought fully as much as was paid for the same grades yesterday. There were only a few cows and heifers on sale and most of those that were offered were grassers of rather an inferior quality. There was not enough change in the prices paid from those in force yesterday to be worthy of mention, so that the market can be quoted practically steady. Bulls, calves and stags also sold in just about the same notches they did yesterday.

Hogs—There was the heaviest run of hogs that has been on the market for some time past, there being close to 200 cars on sale. Other markets were quoted considerably lower, and as a result prices here dropped about 75c as compared with yesterday's general market. The bulk of the early sales went at \$5.75, with the choice loads going at \$5.72 and \$5.80. Owing to the big supply, however, the market weakened as the morning advanced and packers were finally offering only \$5.72 and \$5.75. After the first few rounds the market could be quoted 7 1/2c lower.

Sheep—There was not a heavy run of sheep and most everything was western grass wethers. A five-car string sold for \$3.15, which was steady with the prices paid yesterday. The demand was not very heavy on the part of local packers, but still everything was sold in good season. There were a few feeders offered today and the market, while not active, could be quoted about steady.

KANSAS CITY.

Cattle—Choice beef steers and good feeders, steady to 10c higher; others were steady to a shade lower; choice dressed beef steers, \$4.35@4.50; fair to good, \$4.15@4.30; Texas grass steers, \$3.90@4.00; cows, \$2.85@4.25; heifers, \$3.00@4.00; canners, \$2.50@2.80; bulls, \$2.60@4.50; calves, \$3.00@3.25. Hogs—Market 50c lower; top, \$5.92; heavy, \$5.80@5.92; mixed, \$5.72@5.85; light, \$5.70@5.85; pigs, \$5.00@5.50. Sheep and Lambs—The supply was of the most common quality; best, steady; inferior grades, 10c lower; lambs, \$4.25@4.50; wethers, \$3.25@3.50; yearlings, \$3.75@4.00; ewes, \$3.00@3.75; Texas grass sheep, \$3.25@3.75; culis, \$2.00@2.50.

SANTA FE CUTS DEEP.

Fires First Gun of Open War on Secret Freight Rate Reductions.

CHICAGO, July 6.—A rate fight of liberal proportions is on among the trunk lines operating between Chicago and Missouri river centers. For several weeks there has been widespread, though secret manipulations, of rates on all classes of freight in this territory, but there had been no open rupture between any of the roads until today.

When it became current that peace could not be restored except by some drastic action officers of several of the roads began to plan open reductions in tariffs. The Santa Fe was the first to act and today came out with an announcement that it would put in a scale of rates effective July 15 between this city and southwestern Missouri river points that would awake the secret rate cutters to a realization of the situation.

The rates promulgated by the Santa Fe average reductions of from 30 to 40 and in some cases 50 per cent below the printed tariffs. It is believed that the action of the Santa Fe will be followed by similar announcements and that it will bring the long-standing secret cuts to a head and force the lines out of the pool to become members.

A PLAN OF IRRIGATION

Colossal Undertaking Proposed for Scotts Bluffs and Cheyenne.

THE BIGGEST YET FOR NEBRASKA.

Projected Canal Would Add Sixty Thousand Acres to the Irrigated Strip North of the Platte—Miscellaneous Nebraska Matters.

LINCOLN, July 6.—A plan for irrigating on a colossal scale a long strip of land north of the Platte river in Scotts Bluffs and Cheyenne counties has been brought to the attention of State Engineer Dobson and a committee of citizens residing in Scotts Bluff county is searching anxiously for capital with which to back the scheme. The territory through which it is proposed to run the principal canal has been organized into an irrigation district and \$400,000 of bonds have been voted for the purpose of raising funds to complete the work already begun.

"It is undoubtedly the biggest irrigating scheme ever attempted in the state," said Mr. Dobson. "The people who are pushing it started their work quite a while ago and they have constructed already a canal of upwards of twenty miles in length, extending from a point on the Platte river, very near the Colorado line, eastward and about parallel with the river. They say they have invested approximately \$100,000 in this canal and it is estimated that \$400,000 will be required to complete it."

The district included in the plan would be the owner of the canal. The residents of the territory have voted the bonds, and if these can be disposed of for cash the work will be pushed. Completed, the canal would be about fifty or sixty miles in length. It would follow closely the banks of the river for a mile or so and then east for the remainder of the distance.

THE NEW GAME LAW.

Deputy Warden Does Not Anticipate Trouble in Enforcing Same.

LINCOLN, July 6.—George B. Simpkins, deputy game warden, said that he did not anticipate any serious difficulty in enforcing the game law which was passed by the last legislature. The law went into effect July 2 and the deputy and under deputies are already on the lookout for violations, but do not expect to find many.

"The railroad, express and transportation companies have assured me that they will abide by the provisions of the act, and this is a long step in the right direction," said Mr. Simpkins. "Everywhere people seem to think that the law is a good one, and I don't think there will be many efforts made to break it."

The office of the game warden was opened at the state house. Mr. Simpkins will have full charge of the department and will probably devote considerable of his time to directing the movements of the under deputies from the office at the state house, but he will be in the field a good share of the time.
