German Syrup is the special prescription of Dr. A. Boschee, a celebrated German physician, and is acknowledged to be one of the most fortunate discoveries in medicine. It quickly cures coughs, colds and all lung troubles of the severest nature, removing, as it does, the cause of the affection and leaving the parts in a strong and healthy condition. It is not an experimental medicine, but has stood the test of years, giving satisfaction in every case, which its rapidly increasing sale every season confirms. Two million bottles sold annually. Boschee's German Syrup was introduced in the United States in 1868, and is now sold in every town and village in the civilized world. Three doses will relieve any ordinary cough. Price 75 cts. INDIANOLA, Neb., July 17.—Capt. John J. Lamborn died at Santa Fe, New Mexico, today of hemorrhage of the lungs. The deceased was cashier of the First National bank of this city from 1882 to 1893 and served one term in the legislature as representative from Red Willow county. He was appointed receiver of the Bank of Wilcox when it failed, reorganized the bank, paid all the indebtedness and placed it on a sound basis. He recruited company L, Third Nebraska in 1898 and was elected captain. He served seven months and was forced to resign on account of his health. The remains will be brought to Indianola for interment.—Indianola cor. Lincoln Journal.

### Good Advice.

The most miserable beings in the world are those suffering from dyspepsia and liver complaint. More than seventy per cent of the people in the United States are afflicted with these two diseases and their effects, such as sour stomach, sick headache, habitual constiveness, palpitation of the heart, heart-burn, water-brash, gnawing and burning pains at the pit of the stomach, yellow skin, coated tongue and disagreeable taste in your mouth, coming up of food after eating, low spirits, etc. Go to your druggist and get a bottle of August Flower for 75 cents. Two doses will relieve you. Try it. Get Green's Prize Almanac. A. McMillen.

Summer complaint is unusually prevalent among children this season. A well developed case in the writer's family was cured last week by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy—one of the best patent medicines manufactured and which is always kept on hand at the home of every family. This is not intended as a free puff for the company, who do not advertise with us, but to benefit little sufferers who may not be within easy access of a physician. No family should be without a bottle of this medicine in the house, especially in the summer-time.—Lansing, Iowa, Journal. For sale by McConnell & Berry, Druggists.

### Does It Pay to Buy Cheap?

A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung trouble. What shall you do? Go to a warmer and more regular climate? Yes, if possible; if not possible for you, then in either case take the only remedy that has been introduced in all civilized countries with success in severe throat and lung trouble, "Boschee's German Syrup." It not only kills and stimulates the tissues to destroy the germ disease, but allays inflammation, secures easy expectoration, gives a good night's rest, and cures the patient. Try one bottle. Recommended many years by all druggists in the world. Get Green's Prize Almanac. A. McMillen.

### Question Answered.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for indigestion or biliousness. Doctors were scarce, and they seldom heard of appendicitis, nervous prostration or heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. Get Green's Prize Almanac. A. McMillen.
