It relieves permanently because it allows the tired stomach perfect rest. Dieting won't rest the stomach. Nature receives supplies from the food we eat. She had no strength or vigor and suffered great distress from her stomach, but she tried Electric Bitters which helped her at once, and after using four bottles, she is entirely well; can eat anything. The Culbertson Ditch Co. is pushing the work of piping the Lunn canon and expect to have water passing through the full length of the ditch by Sept. 10th. Lunn canon is the largest canon on the line of the ditch and for the past eight years water was carried across this by means of a wooden flume—a stupendous structure nearly 100 feet above the bottom of the canon. 48-inch steel pipe is now being laid under ground across the canon and through this siphon the water will hereafter be carried across.

A YOUNG LADY'S LIFE SAVED
At Panama, Colombia, by Chamberlain's Colic, Cholera and Diarrhoea Remedy.
Dr. Chas. H. Utter, a prominent physician, of Panama, Colombia, in a recent letter states: "Last March, I had as a patient a young lady sixteen years of age who had a very bad attack of dysentery. Everything prescribed for her proved ineffectual and she was growing worse every hour. Her parents were sure she would die. She had become so weak that she could not turn over in bed. What to do at this critical moment was a study for me, but I thought of Chamberlain's Colic, Cholera and Diarrhoea Remedy and as a last resort prescribed it. The most wonderful result was effected. Within eight hours she was feeling much better; inside of three days she was upon her feet and at the end of one week was entirely well." For sale by McCONELL & BERRY, Druggists.
A Cure for Cholera Infantum.
"Last May," says Mrs. Curtis Baker of Bookwiler, Ohio, "an infant child of our neighbor was suffering from cholera infantum. The doctor had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy to the house, telling them I felt sure it would do good if used according to directions. In two days' time the child had fully recovered and is now (nearly two years since) a vigorous, healthy girl. I have recommended this remedy frequently and have never known it to fail in any single instance." For sale by McCONELL & BERRY, Druggists.
