TWENTIETH YEAR

McCook, Red Willow County, Nebraska, Friday Evening, August 16, 1901.

NUMBER 14

Leans Take Revenge.

Tuesday afternoon of this week, the Leans took a fall out of the Fats on the Athletic park grounds, to the tune of 15 to 11, in a seven inning game of base ball, and the smart of last week's defeat was alleviated. The attendance was rather small, but the enthusiasm was of the bubbling-over, exuberant sort that found exercise in the most vigorous vocalization.

The line-up was slightly different from the last encounter:

Leans	Positions	Fats
Colson, D. W.	2b	Sutton, H. P.
Value, F. S.	1b	Mangless, Adolph
Barnes, C. W.	3b	Yahue, Ray
Winn, Charles	c	Huber, B. P.
Vahue, Earl	p	Lucas, D. A.
Fahnestock, C. L.	ss	Tartsch, H. H.
Mick, George	rf	Bronson, C. W.
Gage, W. V.	lf	Huckman, A. A.
Guyer, W. S.	lb	Moore, J. H.

Leans.....3131700-15
Fats.....0301034-11
H. P. Sutton sprained a leg, early in the game, and retired from the game. J. H. Dwyer filling the vacancy, a few changes in positions resulting: Adolph Mangless going on second, Ray Value to short, H. H. Tartsch to left, and J. H. Dwyer to third.

J. H. Moore pitched the last inning for the Fats and gave the Leans their only shut-out.

Frank Everest broke into the game, with his windwings, but too late to turn the tide of battle.

D. M. Taylor umpired, but found the grandstand difficult to please.

McCook Too Many.

The game between McCook and Lebanon, last Friday afternoon, was rather one sided, though the visitors put up the best game they knew how, and made a very creditable record as the scorers shows, though outclassed.

There was a fair attendance. The line-up of the two clubs was as follows:

McCook	Positions	Lebanon
Cooley	2b	Weatherwax
Burney	3b	Fiechter, E.
Pickard	p	Thraikill
Cone	c	Fiechter, L.
Reed	1b	Pennington

Lost by One Score.

McCook and Minden played an intensely exciting ten-inning game at Minden, last Saturday afternoon, victory finally perching on Minden's banner. In the fifth inning McCook pounced onto Bliss for seven scores and seemed to have a good lead for winning the game, but an unfortunate error in the eighth inning with two men out gave the Mindens two runs and a score of 11 to 10. In the ninth McCook scored and tied at 11. McCook failed to score in the tenth and Minden won out, 12 to 11.

Quick-Osburn.

The contract for carrying the mail from Quick to Osburn has been awarded to H. B. Quick. This route—57151—will open on August 27th and the contract runs to June 30th, 1902, at which time it may supersede the present Quick-Stockville route, which is only twice-a-week, while the Quick-Osburn route will give a three-times-a-week service, Tuesday, Thursday and Saturday, connecting with the daily service between McCook and Hayes Center.

Jacob Burnett Dead.

Jacob Burnett, a former resident of our city, and well known to many of our readers, was buried in Denver, last Saturday afternoon, August 10th. Since the death of Mrs. Burnett about thirteen months since, he has been living in Chicago with his son Orville. He was taken sick at Sterling, Colorado, near which place he owns a ranch property, and after a brief illness of two or three days, passed away.

JOHN F. CORDEAL came out from Chicago, Sunday on 1, on a vacation which he will spend here with his parents. His friends are all pleased to note his physical well-being and to know that he is laying up for himself treasures of high esteem and coin of the realm in the great city on the lake.

McCook Scalded Again.

The McCook club met its ancient enemies—the Arapahoes—on the diamond, yesterday afternoon, and were scalded with neatness and dispatch by their "hoodlums," the sad score being 9 to 4. McCook only scored in one inning—the eighth. The home boys seemed to have no trouble to hit Kunkle, but there was always an Arapahoe under the ball, when it sought the earth.

Following are the line-up and particulars:

McCook	Positions	Arapahoe
Cooley	2b	Tanner
Cone	3b	Emmett
Reed	c	Patton
Burney	ss	Wagner
Jones	lf	Kunkle

Death of Baby Powell.

Mr. and Mrs. B. P. Powell have the deep sympathy of all in the death of their eight-weeks-old baby boy Raymond, Sunday afternoon at three o'clock. Funeral services were held at the residence, Monday afternoon at four o'clock by Rev. H. H. Berry, after which the remains of the dear one were tenderly laid away in Longview cemetery.

CARD OF THANKS.

Our hearts are full of gratitude for every act of kindness and assistance rendered during the illness and after the death of our beloved little baby and we take this method of expressing it.

MR. AND MRS. B. P. POWELL.

Next Week's Games.

The following itinerary has been prepared for the home club, next week. The boys will leave home on No. 2, Monday morning, opening the week at Minden and closing the week's circuit at Havelock on Saturday. The schedule for the entire week is:

Minden, Monday, August 19th
Kearney, Tuesday and Wednesday, 20-21
Friend, Thursday and Friday, 22-23
Havelock, Saturday, August 24th.

During the trip the boys will meet the best amateur clubs of Nebraska, and THE TRIBUNE expects them to give a good account of themselves.

The Union Pacific railroad company has issued an edict against drinking among its employees: "It is therefore deemed advisable to notify all employees that the habitual use of intoxicating liquors or the frequenting of saloons or places where such liquors are sold will be considered sufficient cause for dismissal from the service."

Nebraska State Fair.

For thirty-two years past, good crops or poor crops, the Nebraska State Board of Agriculture, true to its duty, has annually presented to the public, at its fairs, the products, resources and possibilities of this wonderful young state, the flower of the New West, a region of country known until a few years ago comparatively, as a barren waste. These products have been found, on actual examination, without superiors anywhere, both as to quality and yields. This year corn and vegetables, have been badly scorched, in some parts of the state it is true. And yet in many other parts, they are good. Small grain never was better.

The Fair management is going right along with the fair as usual, this year, Sept. 2 to 6. Have greatly improved the old fair grounds, adjoining Lincoln, lately purchased by the state. A new woven wire fence has been placed around the whole grounds; all the old buildings have been repaired, painted and put in the best condition. Nineteen new, large and commodious barns for live-stock have been constructed. Water from city water works in all parts of the grounds. Railroads, both passenger and freight, run into the grounds. Reduced railroad passenger rates from all stations in the state. The secretary announces that the outlook for exhibits was never better. Let the people all attend this great fair, and with their families spend a few days of recreation profitably and pleasantly.

Will Have Some Corn.

THE TRIBUNE has growing evidence by word of mouth and by sample of product that considerable corn will yet be harvested in Red Willow county. Since the late splendid showers, it has not been uncommon to hear farmers express the belief that they would have some corn.

One of the samples recently left at this office is from the C. H. Meeker farm at Driftwood bridge. This farm is being worked by C. F. Woker. He planted but three or four acres of Squaw corn and believes he will gather between 50 and 60 bushels per acre therefrom. The samples left at this office are very long and when the kernels become plump and the ears are well filled out, the probabilities are that Mr. Woker's expectations will be realized.

T. A. Endsley of Red Willow precinct says he would not take a thousand bushels for his corn prospects at this time.

Snow and Rainfall.

The records at Burlington headquarters here show the following snow and rainfall from January 1 to August 1, 1901:
January—2 inches and a trace of snow.
February—4 inches and a trace of snow.
March—16 inches and a trace of snow.
April—2.60 inches of rain.
May—.13 of an inch and two traces of rain.

June—4.27 inches of rain.
July—.42 of an inch of rain.

In totals there have been 22 inches of snowfall and 7.42 inches of rainfall in the seven months of this year. It will be observed that almost all of the snow fell in March and that more than half of the rainfall fell in three days in June and was accompanied by destructive hail. It is a marvel that anything has been produced under such unfavorable circumstances, slight precipitation and poor distribution combined.
