### Their Secret is Out.

All Sedieville, Ky., was curious to learn the cause of the vast improvement in the health of Mrs. S. P. Whittaker, who had for a long time endured untold suffering from a chronic bronchial trouble. "It's all due to Dr. King's New Discovery," writes her husband. "It completely cured her and also cured our little grand-daughter of a severe attack of whooping cough." It positively cures coughs, colds, la grippe, bronchitis, all throat and lung troubles. Guaranteed bottles 50c and \$1.00. Trial bottle free at McConnell & Berry's drug store.

Helps young ladies to withstand the shock of sudden proposals; that's what Rocky Mountain Tea has done. 35c. Made by Madison Medicine Co. Ask your druggist.

### Dr. Kay's Lung Balm

P. T. Thomas, Sumterville, Ala., "I was suffering from dyspepsia when I commenced taking Kodol Dyspepsia Cure. I took several bottles and can digest anything." Kodol Dyspepsia Cure is the only preparation containing all the natural digestive fluids. It gives weak stomachs entire rest, restoring their natural condition. McConnell & Berry.

If a dealer asks you to take something said to be "just as good as Rocky Mountain Tea" made by the Madison Medicine Co., ask him if he makes more money. Ask your druggist.

Herbina is well adapted to the cure of fevers of all kinds, because it thoroughly cleanses the stomach and bowels of all bilious humors, and expels all impure secretions of the body. Price 50 cts. A. McMillen.

### BOX ELDER.

A fine rain we had.

I wonder how the "Lonesomes" are getting along.

Mr. and Mrs. A. Wilson are talking of going east on a visit.

Rev. Satchell went to the Quick school-house, Sunday.

The threshing machine is in this country; may it have success.

George Henderson is talking of leaving the country. So long, George.

Mr. Boyce is at Hyannis with his cattle. He had splendid luck; never lost one.

Box Elder was visited with quite a little wind storm. It tore things up to a finish.

Schooners are still keeping the roads warm. They are going to live with their wife's folks through the winter.

I wonder how many farmers will have to build an addition to their cribs? Just see the corn that has grown since the rain.

George Younger is home fixing up the wreck which the wind tore up for him. Chas. Foye is helping the good work along.

Don't pick up any more chips from the pasture, when you can see that the country is going to be supplied with corn. Then, why not burn corn?

Come people, get your fruit baskets ready now. The fruit will ripen very quick after this gentle rain. Who said Nebraska is not an O. K. country?

Chas. Mundy and Fred Rang are enjoying good health now. It is because they are in a healthy country. Fred has the "spring fever," but I guess he will prosper.

Gertie Moore and Bertha Wolfe went fishing, Saturday. How many "bites" did you get, girls? Let the "Lonesomes" know about it, next time, and they will go along.

A number of the farmers around here have the Oregon fever. And I expect if they were in Oregon they would have the Nebraska fever. "So stay on your farm." Because—you cannot get away.

Box Elder was represented by Miss Ida Madroll, Miss Florence Younger, Miss Lucy Miller, Roy Creasman and Fred Satchell attending quarterly meeting at Quick church, Sunday evening.

People are wondering what they are going to do, this winter. It looks like many grasshoppers are going to waste; they could pick a load or two and dry them as corn. They make a delicious dish. "Just try them."

This fine rain has wakened the Box Elder people up; they do not go along with their heads down but put on a 14-inch collar and hold their heads up so they can see over into the next township. Such is life in the far west.

### ASTONISHED THE EDITOR.

Editor S. A. Brown, of Bennettville, S. C., was once immensely surprised. "Through long suffering from dyspepsia," he writes, "my wife was greatly run down. She had no strength or vigor and suffered great distress from her stomach, but she tried Electric Bitters which helped her at once, and after using four bottles, she is entirely well; can eat anything. It's a grand tonic, and its gentle laxative qualities are splendid for torpid liver." For indigestion, loss of appetite, stomach and liver trouble it's a positive, guaranteed cure. Only sold at McConnell & Berry's.

### NORTH COLEMAN.

Another rain on Monday night of this week.

The new school-house in district 74 is progressing nicely.

The weather has been cool for two weeks, more or less.

Bert Wales is to move on the Morlan ranch, if reports are true.

The roads were badly washed by the rain and it has kept some busy to repair them.

The boys who went north and northwest to get work were successful at good wages.

The drouth was completely broken on Thursday, the 8th. Three inches of water falling.

Frank Stryker was on the sick-list, Monday, but was able to eat his rations the next day.

Some have been harvesting the grasshopper crop and feeding it to swine and chickens; result not learned.

Present indications are that there will be some corn and that the third crop of alfalfa on the creek bottom will be good. The crop of wild hay is short, but if the corn fodder is looked after roughness for stock may not be much short.

### A Cure for Cholera Infantum.

"Last May," says Mrs. Curtis Baker of Bookwater, Ohio, "an infant child of our neighbor's was suffering from cholera infantum. The doctor had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy to the house, telling them I felt sure it would do good if used according to directions. In two days the child had fully recovered and is now (nearly two years since) a vigorous, healthy girl. I have recommended this remedy frequently and have never known it to fail in any single instance." For sale by McConnell & Berry, Druggists.

The laws of health require that the bowels move once each day and one of the penalties for violating this law is piles. Keep your bowels regular by taking a dose of Chamberlain's Stomach and Liver Tablets when necessary and you will never have that severe punishment inflicted upon you. Price, 25 cts. For sale by McConnell & Berry.

### Communicated.

Having noticed in the pages of THE TRIBUNE that some of the citizens of Red Willow county are contemplating a trip west, I wish to tell them of a little region of country, which perhaps has never been forcibly brought to mind, that is, the northern part of Idaho in the vicinity of the little town of Hope and of Lake Pon-du-Rallie. Though by no means a farming country, there are splendid opportunities for persons wishing employment.

Hope, though small at present, is an enterprising village, situated on Lake Pon-du-Rallie on the main line of the Northern Pacific, about eighty six miles from Spokane, Washington. This quaint little town has many advantages. The scenery and climate are unsurpassable. To the south lies the lake, extending for many miles, its surface dotted with beautiful islands and the monotony broken by the coming and going of many boats. Surrounding the lake and town on all sides are lofty mountains—many peaks being snow-capped even in mid summer.

The valleys and hillsides are dense with shrubs and trees of all descriptions. The climate is mild at all times, never excessively cold in winter nor warm in summer. The nights, even in July and August, are very cool, enabling one to sleep comfortably under blankets.

The industries of this section are varied. Hope being a division station, the majority of the citizens are railroad employes and contribute largely to the support of the town. Lake traffic furnishes occupation for many, while others are engaged in mining, lumbering, gardening, ranching etc.

The leading occupation in the immediate neighborhood of Hope is lumbering. A new mill is in the course of construction, one mile from town. When completed this will be an immense structure and the employes will number between two and three hundred. Timber claims are being taken up and the lumbering business promises to be a grand success. The mountains are covered with dense forests of pine and the milling resources seem inexhaustible. Rafts of logs containing as high as one million feet are all ready being brought down the lake to the new mill. Individuals are receiving as high as two thousand dollars for a single raft.

Gardening and poultry raising are also remunerative occupations. Vegetables and fruits are always sure of a ready market at good prices, as the mining settlements, logging camps etc. are all dependent on Hope for supplies.

Poultry products are in constant demand. Chickens are never less than six dollars per dozen, and eggs during the summer season bring twenty-five cents and during the winter as high as forty cents per dozen.

One dairyman is at present supplying the town with milk at six and one-fourth cents per quart. Ranchmen have no trouble in disposing of butter at twenty-five cents per pound.

All sorts of amusements and recreations lie within reach of the people. The lake and the mountain streams abound in fish of every species, so even the lazy man can find congenial employment.

Those who are fond of boating can indulge in this pastime to their heart's content, as all sorts of boats, from the little canoe of the Indian to the row-boat, sail-boat, gasoline launch, or even a steamer are obtainable. Swimming and bathing are indulged in to a great extent. Hunting is the delight not only of the boys but also of those of more mature mind, as the mountains are the homes of deer and bear as well as of rabbits and chickens. Last, but not least, in the line of recreations comes mountain climbing. Women as well as men find pleasure in this and feel amply repaid when, after hours of laborious ascending, they arrive at the region of perpetual snow and from this elevated position obtain a most magnificent view of the lake and valleys. Some, wishing to combine business with pleasure, find that they can do so by gathering black-berries, rasp-berries, huckle-berries and plums in their season. The inhabitants of this region comprise almost every nationality, the Chinese, Japs and Indians by no means excepted. J. W. HIGBY, Hope, Idaho.

White's Cream Vermifuge not only effectually expels worms, but is unequalled as a tonic, and is a certain and permanent cure for chills and fever in children. Price 25 cts. A. McMillen.

Mrs. S. H. Allport, Johnstown, Pa., says: "Our little girl almost strangled to death with croup. The doctors said she couldn't live, but she was instantly relieved by One Minute Cough Cure." McConnell & Berry.

### BARTLEY.

Bert Crosby of Riverton is the guest of his father A. E. Crosby.

A. G. Keys entertained his son C. W. from McCook, last Sunday.

Fred Bentley is at work on a ranch near Farnam for the present.

Our flag pole lay prostrate in the mud after one of our recent rains.

The recent winds blew over the windmill at Frank Tilton's home.

Elmer Thompson reports Oregon all right and he will make his home there.

We are glad to welcome Cyrus Cowles and family as residents of our town again.

I. A. Lyman sold a horse to D. L. Wolf to replace that fine, large horse he sold.

T. A. Case returned from Missouri satisfied that Nebraska is not so bad after all.

Several parties are talking of taking their stock west and northwest for wintering.

Our friend E. R. Moon has decided to make his home in Beloit, Kansas, for a time at least.

Al Winters reports the loss of a stack of wheat by lightning in one of our recent storms.

H. L. Burton and son drove up to McCook, Saturday, on business, returning the same evening.

Some petty thieves in our vicinity are in danger of being pulled for several depredations, lately.

Mike Niemkirk and Will Flint have returned home from their trip to the east part of the state.

Mrs. A. B. Wilson and Mrs. Della Mangus were guests of Lottie Kennedy of Indianola, the first of the week.

Jack DeArmond objects to going below by the way of open cellar door ways unless he walks down the stairs in the usual way.

Miss Ella King was called to her mother's funeral in Cleveland, Ohio, last week. The news was not entirely unexpected as her mother's health had been failing rapidly, lately.

Several of our farmers have decided that a change of kinds of crops will be necessary if they stay in this neck of the woods—Kafir corn, Spelt and an earlier kind of corn will be added to rye, wheat, cane and millet.

### CULBERTSON.

Mrs. J. A. Kirk returned from Denver, Saturday night.

Mrs. S. E. Solomon visited McCook friends a few days, this week.

A. E. Wilkinson of the Beatrice Creamery Co. was in town, Wednesday.

Several fine showers have visited this section within the past seven days.

Miss Esther Strout of McCook is visiting her friend Miss Julia Solomon, this week.

Postmaster Cole is able to be on the streets again considerably improved in appearance.

A. L. Taylor of the Trenton Leader made his regular weekly visit to this place, Wednesday.

T. M. House, late with the Beatrice Creamery Co. at Trenton, is opening a photograph gallery at this place.

Ira Cole of a "hot pipe" in a hot town" fame and now of Forsythe, Montana, arrived in town Tuesday night. Miss Ines Young came down from Ft. Morgan on the same train—a singular coincidence.

The game of base ball between the Trenton and Culbertson clubs did not come off as advertised on Monday afternoon. The Trenton boys did not make their appearance. An interesting game between local teams was substituted.

A number of cattle from the lower Republican valley are being driven into this country in search of pasture. The pastures are very poor, not sufficient to maintain the cattle already in the country and it is foolish to say the least, to run any more stock into this section.

Prof. J. T. Stoltz who was elected principal of the Culbertson schools for the coming year has tendered his resignation to the school board. The professor happened to avail himself of one of the low rate excursions to Oklahoma and while there drew No. 67 in the El Reno district. He is now located on one of the finest bottom farms in the territory.

### Good Advice.

The most miserable beings in the world are those suffering from dyspepsia and liver complaint. More than seventy-five per cent of the people in the United States are afflicted with these two diseases and their effects, such as sour stomach, sick headache, habitual constipation, palpitation of the heart, heart-burn, water-brash, gnawing and burning pains at the pit of the stomach, yellow skin, coated tongue and disagreeable taste in your mouth, coming up of food after eating, low spirits, etc. Go to your druggist and get a bottle of August Flower for 75 cents. Two doses will relieve you. Try it. Get Green's Prize Almanac. A. McMillen.
