Plans for Greater Consolidation.

Not only will all the important traffic agencies of the Burlington, Northern Pacific and Great Northern railroads be consolidated and the traffic affairs of the three roads placed in charge of a traffic director, but the Hill syndicate has engaged experts to make an exhaustive examination of the Burlington's affairs, says a Chicago paper. The object is to learn any opportunity for further retrenchment in operating expenses and fixed charges. The preliminary statement of the earnings of the Burlington for the fiscal year ending June 30 showed that the road failed to earn the 8 per cent necessary to meet the new bond issues. It is the desire of the Hill syndicate that the deficit be made up by the institution of economy of a far-reaching nature in both operating expenses and charges. While no official announcement has yet been made as regards the traffic director for the three roads, it is generally understood that Darius Miller, vice president of the Great Northern, has been selected for the place. It is also understood that Mr. Miller will be elected second vice president of the Burlington and will move to Chicago.—Lincoln Journal.

This is Your Chance.

In order to introduce it into your home the Semi-Weekly State Journal will be mailed from now until January 1, 1902, for only twenty-five cents. This will give you a paper every Tuesday and Friday and will be almost as good as a daily. It will give you all the markets which just now is a valuable feature, worth to every farmer many times the cost of the paper. The Journal is printed at the state capital and is more of a state paper than any of its competitors. It prints the news of the world fresh from special wires in its own office and prints it twice a week, while it is fresh and doesn't charge you any more for it than does the old-fashioned weekly. Send your quarter to The State Journal, Lincoln, Neb.

Move Into New Quarters.

The general supply department of the Burlington has been installed in commodious quarters on the third floor of the headquarters building. This department has been located at Plattsmouth ever since the Burlington came into existence, but a policy of concentration brought it here. W. Josselyn, general supply agent; C. Barber, chief clerk, and seven other clerks comprise the working force.—Omaha Bee.

A YOUNG LADY'S LIFE SAVED

At Panama, Colombia, by Chamberlain's Colic, Cholera and Diarrhoea Remedy. Dr. Chas. H. Utter, a prominent physician, of Panama, Colombia, in a recent letter states: "Last March, I had as a patient a young lady sixteen years of age who had a very bad attack of dysentery. Everything prescribed for her proved ineffectual and she was growing worse every hour. Her parents were sure she would die. She had become so weak that she could not turn over in bed. What to do at this critical moment was a study for me, but I thought of Chamberlain's Colic, Cholera and Diarrhoea Remedy and as a last resort prescribed it. The most wonderful result was effected. Within eight hours she was feeling much better; inside of three days she was upon her feet and at the end of one week was entirely well." For sale by McConnell & Berry, Druggists.

It quickly cures coughs, colds and all lung troubles of the severest nature, removing, as it does, the cause of the affection and leaving the parts in a strong and healthy condition. It is not an experimental medicine, but has stood the test of years, giving satisfaction in every case, which its rapidly increasing sale every season confirms. Two million bottles sold annually. Boschee's German Syrup was introduced in the United States in 1868, and is now sold in every town and village in the civilized world. Three doses will relieve any ordinary cough. Price 75 cts.
