A California Opportunity.

September 19th to 27th, both dates inclusive, any Burlington Route ticket agent will sell you a round trip ticket to San Francisco at less than regular one-way rates.

The occasion is the grand convention of the Episcopal church, and the rate is open to the general public as well as to the delegates to the convention.

No more delightful outing can be imagined. The trip is made at a time of year when traveling is a pleasure and climate of California at its best.

The return limit—November 15, 1901, is an unusually long one for tickets sold at so low a rate. Stop-overs are allowed at pleasure, both going and returning, at and west of the first Colorado, Wyoming or Montana point en route. All in all, the opportunity is one which no man or woman who contemplates a visit to California can afford to overlook.

Prepare for Darius Miller.

CHICAGO, Sept. 25.—(Special Telegram.)—James J. Hill, president of the Great Northern road was in Chicago today and held an important conference with several railroad men of prominence. Mr. Hill is on his way to New York and it was stated that the purpose of his visit here was to arrange for the coming of Darius Miller as traffic manager of the Great Northern and the Burlington. It developed that Mr. Miller will not come to Chicago until after the annual meeting of the Northern Pacific, which will be in October.

There is a hitch in the original plan as outlined by Mr. Hill. It was his desire to have Mr. Miller in charge of the traffic of the three roads and to oust President Mellen of the Northern Pacific. In his plan, also, the Northern Pacific was to play second fiddle to the Great Northern in the matter of getting exchange traffic from the Burlington. Mr. Mellen, however, proved strong enough to frustrate a portion of this plan and when he objected to Mr. Miller's being placed over his head in the matter of traffic his objection was favorably considered by the Harriman people.

As a compromise it was decided to permit Mr. Miller to come as traffic director of the Great Northern and the Burlington, with advisory privileges over the Northern Pacific's traffic.

Cure for Dysentery and Diarrhoea.
"Some years ago I was one of a party that intended making a long bicycle trip," says F. L. Taylor, of New Albany, Bradford county, Pa. "I was taken suddenly with diarrhoea, and was about to give up the trip, when Editor Ward, of the Laceyville Messenger, suggested that I take a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy. I purchased a bottle and took two doses, one before starting and one on the route. I made the trip successfully and never felt any ill effect. Again last summer I was almost completely run down with an attack of dysentery. I bought a bottle of this same remedy and this time one dose cured me." Sold by McConnell & Berry, Druggists.

Sid Darling, 1012 Howard St., Port Huron, Mich., writes: "I have tried many pills and laxatives, but DeWitt's Little Early Risers are far the best pills I have ever used." They never gripe. McConnell & Berry.

Rushing Construction Work.

The San Pedro, Los Angeles & Salt Lake railroad, Senator Clark's new line, has let the contract for grading the thirty miles between Los Angeles and Pomona. Work will begin immediately and the contractors expect to have the grade ready for the track inside of 100 days at the outside.

It is the boast of the railway people that no projected line of 800 miles or more was ever started with as good a construction. The contract calls for roadbed and material which will make it stronger and better equipped than any other railroad in the west, and it is claimed that only one road in the United States will be its equal when completed.

The specifications call for an eighteen-foot roadbed at the grade line, with seventeen inches of ballast at the base of the rails. Other details of the specifications call for seventy-five-pound rails, fifty-six-pound joint splices, one and one-half-pound joint bolts, 2.78-pound tie plates and 7,200 pounds of spikes, 3,168 ties and 2,446 cubic yards of ballast to the mile.—Omaha Bee.

A Communication.

MR. EDITOR—Allow me to speak a few words in favor of Chamberlain's Cough Remedy. I suffered for three years with the bronchitis and could not sleep at nights. I tried several doctors and various patent medicines, but could get nothing to give me any relief until my wife got a bottle of this valuable medicine, which has completely relieved me.—W. S. BROCKMAN, Bagnell, Mo. This remedy is for sale by McConnell & Berry druggists.

A never-failing cure for cuts, burns, scalds, ulcers, wounds and sores is DeWitt's Witch Hazel Salve. A most soothing and healing remedy for all skin affections. Accept only the genuine. McConnell & Berry.

Every woman in the country ought to know about

Mother's Friend

Those who do know about it wonder how they ever got along without it. It has robbed childbirth of its terrors for many a young wife. It has preserved her girlish figure and saved her much suffering. It is an external liniment, absolutely no danger of upsetting the system as drugs taken internally are apt to do. It is to be rubbed into the abdomen to soften and strengthen the muscles which are to bear the strain. This means much less pain. It also prevents morning sickness and all of the other discomforts of pregnancy. A druggist of Macon, Ga., says: "I have sold a large quantity of Mother's Friend and have never known an instance where it has failed to produce the good results claimed for it." A prominent lady of Lambert, Ark., writes: "With my first six children I was in labor from 24 to 30 hours. After using Mother's Friend, my seventh was born in 4 hours."

Bringing Gould to Terms.

A. J. Cassett, president of the Pennsylvania Railroad company, has demanded of George Gould the surrender of the Wabash railway system and the Wheeling & Lake Erie at a price which will net a profit to the Goulds, under threat of cutting off the whole of the Western Union telegraph lines from the entire Pennsylvania railroad system, as well as from the Vanderbilt lines, which have agreed to the deal.

This is a threat that means a war greater than any that has ever taken place in this country. The penalty means that the Western Union will suffer the greatest blow in its history and will lose many of its profitable lines, which will be turned over to its great rival, the Postal Telegraph company.

This ultimatum means more than any other railway deal in the history of this country. It is believed that the Goulds will accede to the demand and that the Pennsylvania will not only add nearly 3,000 concomitant miles to its trackage, but will also get rid of a rival for the Carnegie steel business, which is the largest factor in that whole matter, resulting from a contract made by Mr. Carnegie with the Wheeling & Lake Erie before the United States Steel corporation was formed and to carry out which the Goulds were trying to build a line into Pittsburg.—Philadelphia Inquirer.

A Night of Terror.

"Awful anxiety was felt for the widow of the brave General Burnham of Mechas, Me., when the doctors said she would die from pneumonia before morning," writes Mrs. S. H. Lincoln, who attended her that fearful night, but she begged for Dr. King's New Discovery, which had more than once saved her life, and cured her of consumption. After taking, she slept all night. Further use entirely cured her. This marvelous medicine is guaranteed to cure all throat, chest and lung diseases. Only 50c and \$1.00. Trial bottles free at McConnell & Berry's drug store.

As an external liniment of most wonderful penetrative and curative power, Ballard's Snow Liniment is not equalled by any other in the world. Price 25 and 50c. A. McMillen.
