MERRIAM SAYS DRILL

Former Commander of Department of Missouri Urges Constant Practice.

MAKES OTHER RECOMMENDATIONS

Report He Filed in Washington Tells What He Would Advise—Needs of Departments of Lakes—Greater Quarters for Prisoners Recommended.

WASHINGTON, Oct. 14.—In his capacity of commander of the department of the Missouri, General Henry C. Merriam has made an annual report to the war department. He devotes particular attention to the necessity of better drill work by the soldiers caused by the income of many troops. General Merriam says there is a notion too often prevalent in the army, especially among the older officers, that a soldier who has once learned the drill regulations, the mechanism of tactical and calisthenic exercises, may be excused from drill without detriment, forgetting that bodies of men can maintain the power of collective action only by frequent collective practice even in the simplest exercises. General Merriam strongly indorses the recommendation of Captain Michie of the Twelfth cavalry for a change in the military drill. He says that even with the recent improvement which has rendered the bit less severe upon the mounts of young horses there is still a considerable percentage of horses made victims by undue severity in the use of the bit. He believes a return to the double rein is fully justified for at least half of each troop.

Other recommendations are that the calibre of the cavalry revolver be enlarged and that a knapsack or pack be supplied to the infantry soldier in place of the blanket bag.

A significant statement by Chief Surgeon Callibo is that, with comparatively few exceptions, youths under 20 years of age are not able to bear up under the hardships and privations of an active campaign.

Surprising progress toward the goal of self-support by the Apache prisoners of war is recorded in an appendix by Captain Sayre, in charge of those prisoners. He shows that they now have on hand 2,784 head of cattle of their own raising; that they have built many miles of new fences and repaired as much more of the old and that no clothing was issued to them during the year. On the other hand these Indians, are suffering severely from tuberculosis and there were thirteen more deaths than births among them. They are declared to be generally a moral, industrious, truthful, honest and docile people.

Major General Otis, in his annual report for the department of the lakes, says that all buildings in the department have been maintained in a fair condition, although many have been without occupancy and show disintegration from the climate.

General Otis says that a decided want in his department is greater accommodations for general and garrison prisoners. The post guardhouses have become overcrowded. With the recent rapid recruiting deserters appear to be increasing, and at the date of the general's report—August 7—there were considerably over 100 such prisoners confined in the guardhouses of the department. The central states, from which a large portion of the United States army is drawn, General Otis says, seem to give great advantages in the way of concealment and occupation to the absconding soldier, and hence the post guardhouses of the department of the lakes contains representatives of many military organizations stated above the limits of that department. The enlarged reward, however, which is now paid for the arrest and delivery of deserters has greatly decreased their former comparative immunity from punishment.

Many stones were thrown at the carriages by the mob as the public was leaving.

RANSOM IS IN REACH.

Miss Stone's Captors Could Profit by Coming Quickly Into the Open.

CONSTANTINOPLE, Oct. 14.—The situation in the case of Miss Stone tonight is that Missionaries Baird and Haskell are still trying to get in touch with the brigands in order to agree on the amount of the ransom. It is scarcely likely that this agreement will be reached for some days. As soon as word comes from the missionaries that the amount of the ransom has been determined upon, a member of the United States legation will start for the place with the money.

BERLIN, Oct. 12.—According to reports received here from Sofia, the captors of Miss Stone demand that the ransom shall be deposited at Samokoff, Bulgaria. A Bulgarian cattle drover, who was an eye-witness of the kidnaping, has been arrested on suspicion of complicity in the outrage, at the instance of the United States consul.

BOSTON, Oct. 12.—Kidder, Peabody & Co., who are handling the funds for Miss Stone's ransom, said today that they would be unable to make public anything concerning the amount of funds in their hands, in spite of the new appeal for contributions made last night, owing to an understanding with the United States government.

In speaking of the ransom today, Rev. Judson Smith said:

"In my judgment the only safe way to act is to have the money demanded by the brigands as a ransom on hand in Turkey at the earliest practicable moment."

LIBERAL POLICY WITH NAVY.

Congress is to Be Urged to Be Generous in Matter of Building.

WASHINGTON, Oct. 14.—It is probable that a liberal building policy with respect to naval ships will be urged upon congress at the approaching session. No authorization for new construction was given by congress at the last session owing in part to a disagreement as to the respective merits of single and supported turrets. Congress contented itself with a direction to the Navy department to submit full plans for two battleships and two armored cruisers to it at the approaching session, so that the body could itself choose between the designs.

Secretary Long, however, does not regard himself as estopped by this direction from recommending the construction of additional warships and as a full year has been lost in the execution of the naval bill from the scheme laid down by the Policy Board and as more time has been lost through the great delay in construction of the ships already authorized and contracted for, owing to the steel strike, a considerable increase must be recommended in order to avoid falling hopelessly behind in the erection of the ideal American navy.

When he reached a point near the bank he was stopped by one of the robbers.

NEBRASKA WOMAN'S CLUBS.

State Federation Has a Program of Un-usual Interest.

WAYNE, Neb., Oct. 14.—The program presented at the meeting of the State Federation of Woman's clubs was of unusual interest. The address of State Superintendent W. K. Fowler on "Women at the School Meeting and in the School Room" has aroused more interest than any talk yet given at the convention.

Reports were received from forty-one clubs. Mrs. H. H. Heller of Omaha made a plea for the assistance of the federation in the establishment of kindergartens for the colored children of the south. The delegation promised to interest their clubs in the project and if possible to provide for the training of a young colored woman for the work. The daughter of Rev. William Vanderzee of Lincoln will probably be chosen if the money can be raised.

Mrs. F. M. Hall gave an excellent art program. She was assisted by Mrs. Bushnell of Lincoln and Mrs. Heller of Omaha. Several women also spoke of ceramics.

An amendment was carried which constitutes the presidents of all the clubs as a nominating committee.

After prolonged discussion the amendment to increase the annual dues was carried, but will not take effect until next year.

The reception at the home of Mrs. J. T. Bressler, president of the Wayne City federation, was unusually brilliant. The rooms were exquisitely decorated with roses and ferns. Mrs. Elia Peattie of Chicago and Miss Evans assisted Mrs. Bressler, the state officers and the president of the Wayne clubs in receiving.

Disposal of Insurance Fees.

LINCOLN, Oct. 14.—Auditor Charles Weston and the Providence Washington Insurance company of Rhode Island have joined issues in a petition in district court, in which they ask for guidance in settling the problem of the disposition of the \$9,000 license fees of insurance companies, turned into the office by former Auditor Eugene Moore. This money was all that Moore returned of the \$32,116.70 he collected from the insurance companies during 1895 and 1896. Auditor Weston would prefer to pro rate this amount among the various companies, but the Providence company strenuously objects to the plan.

BONUS FOR NEBRASKA COAL

Three Saunders County Farmers Claim Reward for Discovery.

LINCOLN, Neb., Oct. 12.—Three Saunders county farmers, John Joseph, John Fafronek and Nels Gibson, have applied to Governor Savage for the standing reward offered for the discovery of coal in paying quantities within the state. They present a lengthy affidavit in which they assert that on October 3 they found a vein of coal over four feet in thickness at a depth of 235 feet and that on the following day they found the second vein, measuring six feet in thickness and at a depth of 245 feet. Both veins are located in the northwest quarter of the northeast quarter of section 9, in township 13, north range 7, in Saunders county. The farmers insist that they are the first to discover coal in Nebraska and therefore are entitled to the full reward offered by the state. They insist that the coal is of good quality and the veins of sufficient thickness and near enough the surface to be profitably worked.

The law providing for the award says that when it shall be made apparent to the governor that a vein of coal not less than twenty-six inches in depth and of sufficient capacity to pay to mine and within paying distance of the surface has been discovered it shall be the duty of the governor to appoint a suitable person to examine the same, whose duty it shall be to report the probable extent and capacity of the vein. If the report is satisfactory to the governor he shall direct the auditor to draw an order on the treasurer for \$4,000, to be paid to the owner of the mine of coal. A reward of \$2,000 is offered for the discovery of iron ore.

DELINQUENT ON THEIR DUES

Department Commander Urges that G. A. R. Posts Pay Up.

LINCOLN, Neb., Oct. 12.—General orders No. 7 were issued by R. S. Wilcox, department commander of Nebraska, Grand Army of the Republic. A short review of the national encampment was given, together with a few words regarding the showing which was made by Nebraska. Concerning the dues of different veterans, the following statement was made:

"At the date of forwarding the June consolidated report of the A. A. G. to national headquarters, this department paid for per capita tax on 1,500 comrades who belonged to posts that had failed to make their report or pay dues to these headquarters. This was done to keep up our standing at the next national encampment, as our representation is based upon our June report, and believing those posts that were delinquent would certainly send in their report soon, but at this date, notwithstanding special notices have been sent out, the following posts are delinquent:

"Nos. 17, 26, 30, 33, 41, 53, 58, 65, 121, 122, 124, 125, 127, 146, 158, 182, 209, 215, 220, 223, 233, 239, 244, 247, 258, 259, 261, 266, 272, 283, 287, 292, 311, 315, 321, 327, 328, 336, 344, 346 and 349.

"The commander trusts that the simple mention of these posts will be the means of spurring up the officers and that the department may receive reports from them before many days. We need you, comrades, and you need us. We do not desire to drop you, but unless the reports are in before January 1, under our rules and regulations, such action will have to be taken.
