

The McCook Tribune.

TWENTIETH YEAR

MCCOOK, RED WILLOW COUNTY, NEBRASKA, FRIDAY EVENING, NOVEMBER 8, 1901.

NUMBER 26

Death Claimed Her.

Last Saturday morning, Gladys Hedges, whose health has been frail for several years, passed into the spirit land. She had been growing weaker for two or three weeks past with an affection of the kidneys and stomach, and at an early hour, Saturday morning, the grim reaper closed the book of life here on earth.

Gladys was a mild-mannered child of sweet ways and disposition, much beloved by her schoolmates and friends. The family has the tenderest sympathy of many friends in this sorrow and bereavement.

Gladys Hedges was born in Falls City, Nebraska, July 19, 1889; died in McCook, Nebraska, November 2, 1891. Deceased moved to McCook in March, 1900. Funeral services were conducted at the residence, Sunday afternoon at three o'clock, Rev. L. M. Grigsby of the Methodist church in charge. Interment in Longview cemetery.

Death Claimed Her.

CARD OF THANKS.

We heartily thank the kind friends and neighbors who so generously rendered services and tendered sympathy in our time of sorrow.

MR. AND MRS. C. A. HEDGES AND FAMILY.

MATRIMONIAL.

MURRAY-CUNNINGHAM.

Last Sunday morning in the National hotel parlor Earl Murray and May Cunningham, both of this city, were united in marriage by County Judge Bishop. The bride is the daughter of Mrs. Alice Cunningham, lessee of the hotel, and the groom an employe of W. L. Zint. The young folks went down to Cambridge on No. 12 and visited a few days. They are now making their home at the National hotel.

GREEN-DAVIDSON.

Last Sunday morning at eight o'clock Oscar W. Green of Holdrege and Bessie B. Davidson of Denver were united in marriage in this city, Rev. L. M. Grigsby of the Methodist church performing the ceremony at the home of Elmer Bockock. The young people left for their home in Holdrege on No. 12, the same morning.

M'DOWELL-THOMAS.

William McDowell of Trenton and Lizzie Thomas of Pelonia, Illinois, were united in marriage, Thursday evening, at the Baptist parsonage, by the Rev. G. L. White. The young couple left on the evening train for Trenton, a few miles from which point he has a farm.

A Former McCook Boy.

The following item concerning a former McCook lad will be read with interest by those who remember him. It is taken from an Ashtabula (Ohio) newspaper: "Harry Chapin left, Monday evening, for Harrisburg, Pa., where he will enter at once upon the new duties he is to assume in the civil engineering corps of the Pennsylvania Steel company. "Mr. Chapin has been for some time engaged in the Ashtabula bank as book-keeper, a position he resigned to accept one more to his fancy, he having worked considerable with County Engineer J. S. Sill and thus gained a knowledge of engineering that will prove of value to him in his new position. He expects to be at home for the holidays."

Killed by an Engine at Roggen.

Peter Help, a Finlander, was struck by a Burlington & Missouri express train at Roggen, Colo., and instantly killed. The dead man was an immigrant on his way from Finland to Salt Lake City with Julius Osterland. The two men were on the track when the flyer hove in sight. Osterland managed to leave the track in time but Help was caught by the engine.—Denver Times.

Irene McBride Dead.

THE TRIBUNE is pained to learn of the death of Irene McBride, daughter of Rev. D. L. McBride of Liberty, this state, where the family is now located. Her death occurred on October 28th. The family has the sympathy of many friends in this section of the state.

It is a pleasure to learn that Rev. McBride is doing well in his new location, where he is greatly liked by his parishioners.

BERNARD SHELLEY went down to Holdrege, last Friday morning, to attend the funeral of his uncle Allison Shelley at that place, who was killed near Loveland, Colorado, Tuesday of last week, by being crushed by a heavy load of stone falling upon him.

An Elaborate "At Home."

From two to six, last Friday afternoon, Mrs. H. H. Tartsch and Mrs. W. V. Gage were "at home" to about fifty lady friends at the home of the former, where genial hospitality was most charmingly dispensed during the afternoon by the clever hostesses and assistants.

The decorations of the home were in red and white carnations; ropes of smilax made a pretty portiere effect.

High Five and other games were played. Mrs. James Hatfield won the card game prize and Mrs. T. B. Campbell the prize for outlining the best hen on linen.

Mrs. F. S. Value and Mrs. J. M. Henderson, Jr., presided at the punch bowl, and Mesdames H. A. Beale, F. A. Pennell, Jeanette McCarl and W. B. Mills assisted in serving the dainty refreshments—a three-course luncheon.

An interesting guessing particular were the menus, each item being interrogatively described in rhyme.

Among the guests from out of town were Mrs. Samuel Patterson of Aarapahoe, Mrs. Nellie Guild of Omaha, Miss Edith Phelan of Alliance.

Victory For Compound.

The triumph of the Rio Grande Western locomotives over those of the Denver & Rio Grande and the Midland railways, in recent tests between Denver and Pueblo, was not so much a triumph of the railways or of the crews as it was a victory of the compound type of locomotive over the simple type. Upon the conclusion of the tests President Jeffery of the Denver & Rio Grande gave an order for forty locomotives of the compound type, so great was the saving shown by this style of engine. If all the Rio Grande locomotives were compound the coal bills would be reduced \$1,000,000 a year, according to the showing made. The tests were made under the direction of Charles H. Queara, assistant superintendent of motive power of the Denver & Rio Grande.—Lincoln Journal.

New Work Nearly Done.

The practical completion of the Burlington's new line to Cody from Toluca lifts a burden from the construction department of the Burlington. The work was begun early in the season and the construction of the 120 miles has kept busy a large force of men. The rails have been laid into Cody and train service will be established in a few days. When the end of the steel was within five miles of the city a long delay occurred because it was necessary to build two heavy bridges. Now the energy of construction department can be transferred to the new connection being surveyed between Billings and Great Falls, Mont., and to the improvements and changes being made on the company's Black Hills system.—Lincoln Journal.

Automatic Stoker Wins.

An automatic locomotive stoker has made its appearance on the Panhandle, and it bids fair to make the fireman's position a sinecure. Despite the fact that the contrivance is said to be proving a success, there is no talk of doing without the services of firemen, who will be expected to take more part in the running of the engines provided the fuel is taken care of. The company has equipped engine No. 319 with the device. The engine ran into Columbus recently on time with its flues leaking after a hard run and with its steam blowing off. During the entire trip the fireman had toyed with the "furniture" of the cab in order to keep busy. It is stated that, although the engine had a hard load to pull, steam pressure was maintained at the maximum every mile of the distance. The automatic stoker is operated by a small engine supplied with steam from the locomotive, so that the engine may be said to feed itself. The coal is distributed regularly over the entire grate area and with the perfect evenness so much sought after. The use of the stoker obviates the necessity of opening the fire door, and consequently there is no cold air streaming onto the fire from that source.
