**Ends Life With Morphine.**

A. R. Miller of Unadilla laid down in room No. 50 in the Boyd hotel, Omaha, at a late hour, Thursday night, never to get up again. Before retiring he took a large dose of morphine with suicidal intent. In his effects was found the following note: "As there has been something following me through life and I feel that my enemies are bound to take my life, so I will give up, to-night, as I have been unable to find cut my enemies. Hoping my Heavenly Father will forgive my many sins. My prayer. Good-bye all."

A. R. MILLER.

This was found in a memorandum book. On the stand near the bed lay a piece of paper on which the following in pencil was written: "Morphine 10."

Other letters were found on his person addressed to the following relatives: J. F. Miller, Friend, a brother; Mrs. Lizzie Chambers, Lyle, Kansas, a sister; Thomas Sabine, Douglas, Neb., a cousin. These letters were written at Weeping Water and had not been mailed. Two of them were as follows:

"Weeping Water, Neb., Oct. 26, 1901:

—Cousin Tom: As this will be the last time I will be able to address you thus, what little time I was with you, I learned to love you, so if coming to you in my distress last winter done you any injury I am very sorry. I hope you will think kindly of me, as I don't think I have done anything the way people seem to think, but if I have to die tonight, I will go like a man. So I hope you and Mrs. Sabine won't think too hard of me.  
Your Coz., A. R. MILLER.

"Weeping Water, Neb., Oct. 26, 1901:

—Dear Brother and Sister: As I feel that this is to be my last to you, I feel that I am surrounded with enemies. I think I will be able to die like a man. I have tried to live as near right as I can but there seems to be something dogging me and for that matter 10 or 12 years but I guess my troubles will soon be over and I will be glad as I can't go into society. Well John I am going to send you my watch as I won't have any more use for them. I have enough money to pay my funeral expenses. Just bury me accordingly. I am sorry I can't settle all my debts. There are some should have been paid but it is too late now. So think of your loving old brother with kindness.  
Good-bye John."  
"A. R. MILLER."

"Lucy you and Frank must not think too bad of your old uncle as I am sure I am not near as bad as people paint me. As I want to write several letters be good true always. Your loving uncle."  
Miller was seen around the city the night before his death. When his clothing was searched, yesterday, \$26 and some small change were found on his person.

About 9 o'clock the Boyd management reported to the police that a man was dead in his room. An officer was sent and the coroner notified. Coroner Graham after an investigation decided it was so plainly a case of suicide that an inquest was not necessary. He then notified the relatives of the dead and ordered the undertaker to prepare the body for burial.

Miller was about forty-five years of age. From the letters left it is supposed he had been suffering from some mental trouble.

In his memorandum book were notations relating to the work done by him for former employers. It was shown that he had been at Box Elder, Red Willow county. A letter from his niece, dated at Friend, Oct. 20, was found.—Lincoln Journal.

**A Physician Testifies**

"I have taken Kodol Dyspepsia Cure and have never used anything in my life that did me the good that did." says County Physician Geo. W. Seroggs of Hall county, Ga. "Being a physician I have prescribed it and have found it to give the best results." If the food you eat remains undigested in your stomach it decays there and poisons the system. You can prevent this by dieting but that means starvation. Kodol Dyspepsia Cure digests what you eat. You need suffer from neither dyspepsia nor starvation. The worst cases quickly cured. Never fails. McConnell & Berry.

There are many communities in Nebraska which have come to enjoy a large measure of prosperity because of an intelligent study of dairying. Nebraska is rapidly advancing in the quantity, and in the excellence of her dairy products. Shall this industry make such development as will place Nebraska in the first rank dairy state? It will if the young men of Nebraska make themselves acquainted with the science of dairy husbandry. The University of Nebraska School of Agriculture which begins, November 11th, 1901, offers a thorough course in dairy husbandry. Young men cannot afford to miss such an opportunity to fit themselves for good positions as managers of dairy farms.

On last Monday evening friends to the number of about thirty called on Mrs. Kate Long and spent a few hours very pleasantly; refreshments were served and all had a good time.

On Thursday of last week Mrs. W. M. Sharp had a sewing bee and about a dozen of the pretty wives and handsome daughters in the neighborhood called and worked like turks, and a whole lot of sewing was done.
