THE BEE HIVE

WOMAN

IS LIKE A DELICATE MUSICAL INSTRUMENT

In good condition she is sweet and lovable and sings life's song on a joyful harmonious string. Out of order or unstrung, there is discordance and unhappiness. Just as there is one key note to all music so there is one key note to health. A woman might as well try to fly without wings as to feel well and look well while the organs that make her a woman are weak or diseased. She must be healthy inside or she can't be healthy outside. There are thousands of women suffering silently all over the country. Mistaken modesty urges their silence. While there is no thing more admirable than a modest woman, health is of the first importance. Every other consideration should give way before it. Bradford's Female Regulator is a medicine for women's ills. It is the safest and quickest way to cure leucorrhoea, falling of the womb, nervousness, headache, backache and general weakness. You will be astonished at the result, especially if you have been experimenting with other so-called remedies. We are not asking you to cure faintly. Bradford's Regulator has made happy thousands of women. What it has done for others it can do for you. Sold in drug stores for \$1 a bottle.

High School vs. Town Boys.

The high school football team and a team composed of the delivery boys of the town, together with some members of the Burlington team, played an interesting game on the high school campus, last Friday afternoon. The game resulted in a score of 5 to 0 against the high school.

FIRST HALF.
Captain Berry won the toss and chose the south goal. Dye kicked off thirty-five yards to Cullen who advanced the ball twenty yards and was downed by George Campbell. The teams lined up for a scrimmage and the town boys advanced the ball three yards, but lost it on a fumble at the second down. The high school failed to make the required gain and the ball was lost on downs. The town boys then advanced the ball by steady line bucks until they were forced to punt on the high school's thirty-five yard line. The ball was returned by George Campbell to the middle of the field where he was downed and the teams again lined up for a scrimmage. Here the high school made use of a double pass which netted them ten yards. The town boys then held them for downs, forcing them to punt. The punt was blocked, Osborn obtained the ball and with a clear field, ran forty yards for a touchdown. LeHew failed goal. Score 5 to 0.

Dye kicked off to Berry who was downed before he could advance the ball. The remainder of the half was played in the town boys' territory and the half closed with the ball in the town boys' possession on the twenty yard line.

SECOND HALF.
LeHew kicked off thirty yards to George Campbell who advanced the ball ten yards before being downed. The playing was all within the high school territory during the second half. The ball was punted over the high school's goal line during the last part of the half and was secured by George Campbell, who was downed behind the goal line for a touch-back. The honors during the half were evenly divided, neither side obtaining much advantage. The half ended with the ball in the high school's possession on their thirty yard line.

The game was witnessed by an enthusiastic crowd of high school students, who had turned out to support their team. Although playing against heavy odds of weight and experience, the high school did excellent work in keeping down the score.

Colonel Cody's New Town.
Colonel William F. Cody, better known as Buffalo Bill, arrived from New York City, today, enroute to the Big Horn Basin of Wyoming. He is all wrapped up in plans for the improvement of the new town named for him, Cody, Wyo., which is the pride and joy of his heart. He thinks of nothing else, talks of nothing else, and his intimate friends say that he even dreams of the new town, a soft impeachment which the colonel does not deny.

In speaking of the future metropolis, Colonel Cody said: "We are going to open a brand new, splinter bright town, next Monday, and its name is Cody. The event will be celebrated in style befitting the occasion and there will be a good old time from morning until night.

"Cody is situated in the heart of the Big Horn Basin, a great sheep and cattle region, where irrigation may be used to the greatest advantage for agricultural purposes. Today, when the Burlington railroad into Cody is barely completed, three trainloads of cattle were shipped out of there, which shows that there is something substantial about the country.

"My purpose in visiting New York was to interest capitalists in an immense irrigation canal to cost nearly \$1,000,000 and to water 120,000 acres of land. I am pleased to announce that my mission was successful and that the canal will be completed next year. Our purpose is to divide the land under the ditch into forty-acre farms, so we are prepared to furnish homes to a great many thousand people.

"It is true that I have given up my legal residence at North Platte and that I have become a citizen of Wyoming, but I have not sold an acre of my Nebraska lands and I do not intend to do so. Nebraska is forging to the front too rapidly for me to think of selling what I hold here."

Colonel Martin, a lifelong friend of Cody's, and his constant companion, says that the latter has built a ten-room log cabin at Cody, in which he will live. "Why, do you know," said he, "that Bill purchased \$10,000 worth of oil paintings in New York for that log cabin of his? Well, it's a fact. He ran across a painter of animals and western scenes who was long on pictures and short on cash, and when the artist got through hypnotizing the colonel their conditions were reversed for the time being. The furnishings of that log cabin will be a sight for the gods to behold. In addition to the oil paintings Cody has bought has bought an immense amount of the newest Flemish oak furniture and the finest carpets and curtains.—Omaha Bee.
