Brain-Food Nonsense.

Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not only nourish a particular part of the body, but it will sustain every other part. Yet, however good your food may be, its nutriment is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get Dr. G. Green's reliable remedies at McConnell & Berry's. Get Green's Special Almanac.

Saved His Life.

"I wish to say that I feel I owe my life to Kodol Dyspepsia Cure," writes H. C. Christenson of Hayfield, Minnesota. "For three years I was troubled with dyspepsia so that I could hold nothing on my stomach. Many times I would be unable to retain a morsel of food. Finally I was confined to my bed. Doctors said I could not live. I read one of your advertisements on Kodol Dyspepsia Cure and thought it fit my case and commenced its use. I began to improve from the first bottle. Now I am cured and recommend it to all." Digests your food. Cures all stomach troubles. McConnell & Berry.

Health and Beauty.

A poor complexion is usually the result of a torpid liver or irregular action of the bowels. Unless nature's refuse is carried off it will surely cause impure blood. Pimples, boils and other eruptions follow. This is nature's method of throwing off the poisons which the bowels fail to remove. DeWitt's Little Early risers are world-famous for remedying this condition. They stimulate the liver and promote regular and healthy action of the bowels but never cause griping, cramps or distress. Safe pills. McConnell & Berry.

If a Woman

wants to put out a fire she doesn't heap on oil and wood. She throws on water knowing that water quenches fire. When a woman wants to get well from diseases peculiar to her sex she should not add fuel to the fire already burning her life away. She should not take worthless drugs and poisons composed of harmful narcotics and opiates. They do not cure the disease—they do not cure it—they simply add fuel to the fire.

Bradfield's Female Regulator should be taken by every woman or girl who has the slightest suspicion of any of the ailments which afflict women. They will simply be wasting time until they take it. The Regulator is a purifying, strengthening tonic, which acts at the roots of the disease and cures the cause. It does not drug the pain, it eradicates it. It stops falling of the womb, leucorrhoea, inflammation and periodical suffering, irregular, scanty or painful menstruation; and by doing all this drives away the hundred and one aches and pains which drain health and beauty, happiness and good temper from many a woman's life. It is the one remedy above all others which every woman should know about and use.
