### Promotion of Thomas Miller.

CHICAGO, Feb. 22.—Thomas Miller who recently was appointed freight traffic manager of the entire system of the Chicago, Burlington & Quincy railroad, has been general freight agent of the old company for the past twelve years. His new position extends his jurisdiction to all lines in the Burlington freight system, and the general freight agents of the various lines will report to him hereafter.

The promotion of Thomas Miller is the first appointment to be made by Darius Miller since he became first vice-presi- been voted large amounts for repairs dent of the Burlington system. It is and maintenance. These art allowgenerally expected that within a short ances in all reach 3,108,163 marks time the position of passenger traffic manager of the Burlington system will be established. The appointment probably will go to P. S. Eustis, who has been general passenger agent of the Chicago, Burlington & Quincy railroad since 1888, and has been with the passenger department of the various lines in the Burlington system since 1880.

While no official announcement has been made, it is predicted that W. B. Hamlin, now assistant general freight agent, will succeed Mr. Miller as general freight agent of the Chicago, Burlington & Quincy proper. If Mr. Eustis becomes passenger traffic manager, W. A. Lalor in all probability will be advanced from assistant to general passenger agent of the Chicago, Burlington & Quincy.

There is good authority for the statement that the independent organization of the lines in the Burlington system will be maintained. The Chicago, Burlington & Quincy Railway company recently organized, operates under leases the following lines: Chicago, Burlington & Quincy, 2,677 miles; Burlington & Misssouri River, 3,983 miles; Missouri lines, 1,084 miles; Keokuk & Western, gimme a penny, so's I can hear it whis- Very pleasant to take. Home for Familles of Bandits.

Not actuated by remorse, but by pure philanthropy, Jim Jenkins, hunter of outlaws, has concluded to devote all his money to the maintenance of a home for the orphans and widows of men he has run to earth, in particular, and of criminals of the great Southwest in general. Jim Jenkins, now of Kansas, is now 65 years old and has spent forty years as a scout and hunter of bandits and train robbers. In this way he has made about \$50,000. Among the distinguished outlaws he has chased were Jesse James and his brother, Bob Ford, Bill Dalton and Bill band that caught Cherokee Bill in 1895. better. Subsidies to Support Art.

The government of Bavaria has voted a considerable sum for the maintenance of art institutions throughout the kingdom during the coming year. Burlington's Low Eastbound Rates.

February 22 the Burlington served notice on the Western Passenger association of its intention to run excursions eastbound from Colorado to points in the territory of the association on dates that will afford school teachers the opportunity to take advantage of the rates for their vacation trips immediately after adjournment of the schools. Tickets will be sold at one fare plus \$2 round trip, minimum fare \$15, June 6, 7, 13, 14 ing her parents, Mr. and Mrs. J. B. Dolph. and 24, to September 12, inclusive. These dates will give Colorado people the advantage of low rates for visiting They are made effective at dates much earlier than heretofore to avoid the necessity of waiting for sale dates after the closing of schools, as was the case, last year. The independent action of the lines, this year, making the third successive year in which Colorado has enjoyed eastbound excursion rates, would seem to make the rates assured for the future. The Burlington recognizes the rights of Coloradans to enjoy the same advantages in visiting the East that Eastern travellers have for coming to the Rocky mountains. - Denver Times.
