Saved Her Child's Life.

"In three weeks our chubby little boy was changed by pneumonia almost to a skeleton," writes Mrs. W. Watkins of Pleasant City, O. "A terrible cough set in, that, in spite of the good doctor's treatment for several weeks, grew worse every day. We then used Dr. King's New Discovery for consumption and our darling was soon sound and well. We are sure this grand medicine saved his life." Millions know it is the only sure cure for coughs, colds and all lung diseases. McConnell & Berry, druggists, guarantee satisfaction. 50c and \$1.00. Trial free.

THE TRIBUNE says it has the authority of "your Uncle Sam" for spelling the name of the county. Why does Uncle Sam assume this authority? Is it such a paternal form of government that he takes the liberty to change the form of spelling adopted by the founders? How would it look to write Newyork, Valleyforge, Desmoines etc.? Mr. TRIBUNE man, spell the switch at its founders choose, but give the capital W to the county and precinct as their founders spelled it.

The Empire Will Say Play.

The indications now are that the empire will be able to say play and that McCook will be able to put in the field, this season, a ball team which will play winning ball from the start. Those having the financial end of the matter in charge have already almost reached the amount desired and by evening, when the next meeting will be held, expect to secure what is needed to fill up the shortage. The plan contemplates twenty holders of stock of \$50 value each. Each share represents a vote in the organization and management, which will have the entire matter in charge. By next week THE TRIBUNE expects to be in position to announce a full organization and the plans for a successful campaign being completed.

The Outlook in its March Magazine number has no less than ten illustrated special features—certainly a good showing as to quantity in a magazine which is also a weekly newspaper and devotes even in its "magazine numbers" large space to current topics, editorials and book reviews. Among the illustrated articles of this month are, Two College Presidents, (Mark and Henry Hopkins); Edward Everett Hale's "Memories of a Hundred Years;" E. A. Steiner's "Crackow and Polish Patriotism;" Poultny Biglow's "Henry, the Sailor Prince;" W. A. Brown's "Some Rare Musical Instruments" and Clifton Johnson's "When the White Mountains are White."

D. C. Marsh would rather be right than president, and he would rather be right in the meat business than in anything else on earth. You will find him all right all the time in all things connected with the meat business.

Frequently accidents occur in the household, which cause burns, cuts, sprains and bruises. For use in such cases Ballard's Snow Liniment has for many years been the constant favorite family remedy. Price, 25 cents and 50 cents. A. McMillen.

About fifty ladies of the Culbertson lodge, D. of H., invaded the lodge room of the A. O. U. W., Monday night, while that body was in session, and demanded that the order of business be changed to include refreshments with which they were abundantly supplied. The boys immediately surrendered and the ladies led them to the large dining-room adjoining, where a sumptuous spread greeted their vision. An enjoyable time was had, the Workmen performing their duties in true workmanlike manner.

A meeting of our citizens was held in the M. E. church, Tuesday afternoon, to determine where the 5 weeks Normal Summer School should be held. The decision was to be between McCook and Culbertson. Deputy State Sup't J. L. McBrien of Lincoln assisted by Sup't Jas. O'Connell of Trenton, Miss Ida M. Kelley of Champion and R. H. Pickett of Hayes Center conducted the meeting. Culbertson is very earnest in its desire to hold the school here. The citizens are very enthusiastic over it and are sure they can make it a success. It was not decided, however, but will be in a few days.

Hoyt, head counsellor to the lodge at Indianola, present in addition to many others from Indianola and other neighboring towns and lodges.

Mrs. A. C. Teel of Indianola was present and explained the work, aims and object of the Woodmen auxiliary—the Royal Neighbors. After the work of the evening those present repaired to the Burlington eating-house and indulged in oysters and trimmings. It was a most satisfactory affair throughout and a source of great pleasure and profit to all in attendance.
