

MRS COL. E. J. GRESHAM, Treasurer Daughters of the Confederacy, and President Herndon Village Improvement Society, writes the following letter from Herndon, Fairfax County, Virginia:

Herndon, Va.
The Peruna Medicine Co., Columbus, O.: Gentlemen—"I cannot speak too highly of the value of Peruna. I believe that I owe my life to its wonderful merits. I suffered with catarrh of the

head and lungs in its worst form, until the doctors fairly gave me up, and I despaired of ever getting well again.

"I noticed your advertisement and the splendid testimonies given by people who had been cured by Peruna, and determined to try a bottle. I felt but little better, but used second and a third bottle, and kept on improving slowly.

"It took six bottles to cure me, but they were worth a king's ransom to me. I talk Peruna to all my friends and am a true believer in its worth."

—Mrs. Col. E. J. Gresham.

Thousands of women owe their lives to Peruna. Tens of thousands owe their health to Peruna. Hundreds of thousands are praising Peruna in every state in the Union. We have on file a great multitude of letters, with written permission for use in public print, which can never be used for want of space.

Address The Peruna Medicine Co., Columbus, O., for a book written especially for women, instructively illustrated, entitled "Health and Beauty." Sent free to women.

THE LIVE STOCK MARKET.

Latest Quotations from South Omaha and Kansas City.

SOUTH OMAHAI.

CATTLE.—The bulk of the receipts consisted of beef steers and the quality was good, the same as it has been for some time past. The market was slow in opening and packers as a rule tried to buy their supplies lower. Sellers, though, were holding for steady prices, and the most of the cattle that changed hands sold that way. It was hard to get steady prices, though, so that although offerings were light, it was late before anything like a clearance was made. The cow market was slow, but not far from steady. The feeling, though, was by no means firm, and the tendency was to pound the market wherever possible. Some sales looked a little lower, but as a rule sellers succeeded in getting right close to steady prices for the desirable grades. There were comparatively few cows and heifers in the yards, but it was late before they were out of first hands. There was not enough change from yesterday in the prices paid for bulls, veal calves and stags to be worthy of mention. While prices held about steady trade was by no means active. There were only a few stockmen and feeders in the yards, and as the demand from the country remains very light the market was slow and no more than steady. Good stuff sold without much trouble, but common grades were neglected, the same as usual.

HOGS.—There were not nearly as many hogs on sale as yesterday, but as other markets were all quoted lower prices at this point also took a tumble. The market, however, grew more active later on and gained a little strength, so that a good many hogs did not sell over a nickel lower. Practically everything was sold in good season. The bulk of the good weight hogs sold from \$1.00 to \$1.15, medium weights from \$0.90 to \$1.00 and the lightweights from \$0.80 down.

OFFICERS NOT INTOXICATED.

Released Members of Crew Resent Accusation of Drunkenness.

WASHINGTON, May 3.—Secretary Moody has received the following telegram from Captain Dayton of the Chicago, dated Venice, today:

"Party released on pardon from king and are on board."

In an interview with a representative of the Associated Press the imprisoned officers warmly repudiated the reports from Rome that they were under the influence of wine at the time of the trouble, and said that, on the contrary, they were absolutely sober.

Lieutenant John S. Dodridge remarked:

"After the accidental upsetting of a table in a cafe by myself and a companion at 11 o'clock at night we were followed and attacked by a mob and two municipal policemen appeared on the scene. I, with my open hand, motioned the crowd to keep off. The police then seized us, but the mob became so threatening that our brother officers and a marine who happened to be on the piazza ran to our rescue. We acted only in self-defense and against a large, hostile crowd. We did not strike the police. Doubtless misunderstanding of the two languages has something to do with the trouble. We have been allowed to remain together in prison, but the room in which we have been confined swarmed with insects."
