NUMBER 2

Closing Exercises Public Schools.
The closing exercises of the McCook public schools will commence on next Sunday evening with the Baccalaureate Service and will close on the evening of Monday, June 2nd, with the Alumni Banquet. Following we give more in detail the program of exercises:

BACCALAUREATE SERMON.
The sermon to the members of the graduating class will be preached by Rev. Frank W. Dean in the Congregational church, Sunday evening, May 25th, services commencing at eight o'clock. The several churches of the city will unite in making this a union service, and the public is cordially invited to the same.

CLASS-DAY EXERCISES.
These will be held in the Menard opera-house on Thursday evening, May 29th, commencing at eight-thirty o'clock. The entire program will be given by members of the class of 1902. This arrangement will obviate the inconvenience of over-crowding and secure complete safety.

COMMENCEMENT NIGHT.
Saturday evening, May 31st, commencing at eight-thirty o'clock, in the Menard opera-house, the final exercises of the closing week of school will be held. The feature of the Commencement evening will be the address by Ed Amherst Ott, head of the department of Eloquence and English in Drake university, Des Moines, Iowa. He is a speaker of fine dramatic ability, uncommon personal magnetism and great force. Though of a popular nature in the main, the lecture will not be lacking in fullness of sound advice to the young people just approaching the serious work of life. A small admittance fee will be charged—15 cents—which will be helpful in handling the crush of people usually desiring to attend these exercises. Reserved seats will be placed on sale at McConnell & Berry's drug-store, Saturday noon, May 24th. The order of events for Commencement evening follow:

Death Came as a Relief.
About eleven o'clock, last Friday morning, after a long and painful illness, death came to the relief of Mrs. Eliza both Meyer. The deceased's sufferings cover several years—the period of her final illness being almost a year,—being bedfast during the past eight months.

[ELIZABETH FRIDA PARKER was born in Berlin, Germany, in 1840. Was married to George Meyer, September 20th, 1859. Came to America in 1867, locating in Harvard, Ills. Came to Nebraska 17 years ago and located in McCook. Was born and raised in the faith of the German Lutheran Church. She was the mother of 11 children, of whom three died in infancy and one at the age of 21 years. Five daughters and two sons survive her: Mrs. H. F. Nusly of Canton, Ohio; Mrs. C. E. Benedict, Mrs. Ainsworth Monks, Mrs. J. A. Ritchie, Miss Myrtle Meyer, Will Meyer and George Meyer, all of our city. Her husband died in this city a few years after their arrival here.]

Funeral services were conducted at the home of Mrs. Monks, Sunday afternoon at 2:30 by Rev. Frank W. Dean of the Congregational church, after which the remains were interred in Longview cemetery. Many friends gathered at the residence to pay a last tribute of respect.

The devoted daughters especially have the deepest and tenderest sympathy in the death of the mother.

J. J. Hill Inspects the Burlington.
Starting at Chicago, Monday, J. J. Hill has been making a trip over the Burlington on his first inspection of the great road which recently came into his control—the greatest railroad deal of the century. The special train consisting of five cars pulled into this station at two o'clock, Wednesday afternoon. The train was made up of Mr. Hill's private car A16, General Manager Holdrege's private car No. 198, Sup't A. Campbell's private car No. 10, the sleeper Lycoming and the No. 100 from the Grand Island & St. Joseph. Among those on the special with the magnate were Director C. E. Perkins, President George B. Harris, Darius Miller, traffic manager; Howard Elliott, second vice-president; F. A. Delano, general manager of the Q; General Manager George W. Holdrege of the Burlington; Superintendent Nutt, and several other officials of the Illinois and Iowa lines, and Sup't Campbell of the Western division, who joined the special at Hastings. After a short stay here the special continued its journey toward Denver.

Conductor J. H. Burns was in charge of the special with Engineer Frank Hawksworth at the throttle. It was the greatest aggregation of railroad officials of note ever seen at this station. There is much comment in many quarters as to the momentousness of the trip.

"Oh, That's Easy."
Quite a few citizens of McCook were attracted to the depot, Wednesday afternoon, to see the Hill special, which arrived here as second No. 1, about two o'clock. Director C. E. Perkins inquired of Sup't Campbell the cause of the gathering, and the genial superintendent of the Western division was equal to the occasion by replying that "they wanted to see the man who had money enough to buy the Burlington."

"Oh, that's easy," was the chairman's quick reply. The price paid was \$200,000.00. And this reminds us that J. Pierpont Morgan recently testified that a recent financial transaction of his involving about ten or fifteen millions was so common and of such small moment that he could not remember the transaction.

McCook Won Her First.
The game of baseball between a picked nine of McCook players and the Trenton team, Tuesday afternoon, on the local grounds, resulted in a victory for the locals in a score of 16 to 13. McCook's battery was Thomas, Burney and Reed; Trenton's, Smith, Baldwin and Nelson. McCook was credited with 12 errors and 11 hits; Trenton with 11 errors and 13 hits. The game was characterized by a reciprocity of errors. E. S. Jones and Pitcher Smith of the Trenton club were from McCook, who won the game on a close margin.

Joe Gerlinger was down from Akron, early in the week, on business at headquarters related to his recent difficulty with Buck Shaw in the Akron yard.

Yardmaster Joe Gerlinger and Switchman "Buck" Shaw had a personal encounter in the Akron yard, first of the week, in which Gerlinger's personal appearance was not improved. Both were "canned."

Switchman Floyd Ford was caught between the drawheads of two freight-cars in the McCook yard, last Friday afternoon, and sustained a fracture of his collar-bone. He is able to be about and is getting along nicely.

One of the worse wrecks in its history occurred on the Wyoming line of the Burlington, Saturday morning last at 3 o'clock, one mile east of Hyaniss. A double-header stock extra and No. 42 were in the head-on collision, which is charged to misreading of order. William Ray of Tecumseh, Neb., Myron Tuttle of Whitman, Neb., W. D. Pitts of Eldorado, Mo., J. M. Cox of Springfield, Mo., and Fireman Lee Leinhard were killed. A number were injured, one or two seriously. Three engines and six cars were smashed up.

Greatness has its draw-backs: it comes abnormally high, or at least some people have to pay a painful price for it. For instance, Johnny Morrissey, some years since, rescued Holbrook and McFadden's Pasture from obscurity, and he will be paying for that bit of fame until Gabriel blows his trumpet. Every writer who imagines a fine strain of facetious is tangled up in him, finds exercise at Johnny's expense. The latest assault on Morrissey's peace and happiness comes from the "Field Man." And Johnny is in doubt as to whether he had better "get his gun" or make his will.

Fireman A. L. Brigner received an ugly scalp wound, Thursday night of last week, by being accidentally struck on the head by a "frog," a casting weighing about eighty pounds. The tender or tank of the engine on second No. 3 got off the track in the yard here. Fireman Brigner got down off the engine and was walking along side the tank when Switchman Armstrong in the darkness threw the frog from the tank to the ground, the heavy casting grazing Brigner's head in the fall and cutting a gash which required a few stitches at the surgeon's hands. The injury was not severe and the accident was greatly regretted by Switchman Armstrong.

Bennett has them—1303.

It is worth considerable to be able to feel that you can depend upon the quality of meats you order at the meat-market. A child can get as good meats at Marsh's market as a grown person, and a phone order gets the best every time.

This is an ideal time to paint up your premises. Every dollar invested now in paint will add two to the value of your property. See our S. W. P. new ideas in colors and get our prices on the best paint made.

A lady seeing our line of Shirt Waists (250 of them are hung up in view) sighed and said she had bought one elsewhere a day or two before. She added with a smile that she and her money were soon parted. Every unsupplied shopper is a buyer. The line is absolutely unequalled for style, worth and price. The Thompson Dry Goods Co.

Though not very largely attended the entertainments by Mr. and Mrs. C. C. Beveridge, Monday and Tuesday evenings, in the Congregational church, were entertaining and instructive. The singing and speaking were distinctively temperance in character and out of the usual in that line. They are Nebraskans—live in Fremont—and are doing good work for temperance.

"Sour Grapes," the lecture by Ed Amherst Ott, given at the college, last Tuesday evening, was one of those rare treats which come our way at long intervals. The lecturer is a very magnetic speaker, a polished, a very magnetic speaker, a polished, a very magnetic speaker, a polished, a very magnetic speaker, a polished, a very magnetic speaker.
