HUNDREDS LEFT HOMELESS.

Many Are Reported Burned to Death in Oregon.

PORTLAND, Ore., Sept. 15.—About 300 people are left homeless in Multnomah and Clackamas counties as a result of the forest fires that have raged for the past week. Fires have burned over a wide scope of country, but the greater damage in this state appears to have been done in these two counties. In a fire that destroyed the town of Palmer, near Bridal Vale, two boys named Hamilton were caught while trying to escape from the flames and burned to death. The timber losses in Clackamas county have been immense and the whole length of the Clackamas river presents nothing but vistas of ruined settlements.

In eastern Multnomah the fires are under control and no further damage is feared unless weather changes. In southern Oregon excellent work has been done by the ranchers and the destruction confined to a comparatively limited area. Eugene and surrounding country is now practically out of danger, though fires are still menacing. Tillamook also has been saved by the change in the direction of the wind and the inhabitants have good hopes of saving the town, which has twice been almost abandoned before the raging flames.

George Wyndham, chief secretary for Ireland, was the principal target for abuse and ringing resolutions denouncing the slur on Dublin's fair name were unanimously passed.

PRaise FOR GERMAN ARMY.

BERLIN, Sept. 15.—Major General Henry C. Corbin, who, together with Major General Samuel B. M. Young and Brigadier General Leonard Wood, attended the German army maneuvers near Frankfort-on-the-Oder last week, gave out a statement before he left for Dusseldorf denying what purported to be an interview with him, in which he was represented as unfavorably criticizing the German infantry. In this statement General Corbin said:

"My companions and I have reached the conviction that the German army in every respect, but particularly in organization, instruction, discipline and equipment, is among the best in existence, if not the best."

"The army excited the admiration of all of the American officers who witnessed the maneuvers, and we shall never forget the many marks of distinction and courtesy bestowed upon us by Emperor William and his officers."

This courtesy has also been extended to the steamship companies.

STATE SCHOOL FOR DEAF.

Opens September 17 with Buildings and Everything in Good Shape.

OMAHA, Neb., Sept. 15.—The state school for the deaf at this city opens September 17 in good shape. During the vacation about \$2,000 has been spent in repairs and improvements. Four changes have been made in the staff of teachers.

Superintendent Stewart looks forward to a very full school, as a great many applications have come in during the summer, and so far as known, most of the children who were there last year will return. Through vacation a great deal of repairing has been done on the buildings, which adds not only taste and beauty, but healthfulness and comfort to all connected with the school, besides preserving the buildings.

The superintendent anticipates an attendance of about 180 this year. Last year the enrollment reached 177, which is the highest number reached in any one school year in the history of the institution.

Following is a list of the teachers: W. H. Rothert, L. A. Divine, C. E. Comp, Mrs. Ida Hendee, Miss Ota Crawford, Miss May Autenrieth, manual; A. E. Pope, head oral; Harry F. Best, Miss Cora Jack, Miss Lillian Bamford, Miss A. A. Regnier, Miss Mary McNamar, Miss Laura B. Robbie, Miss Anna B. Kirkpatrick, oral.

BAD FOR THE DEPOSITORS.

Will Lose Heavily in the Chamberlain Bank Wreck.

TECUMSEH, Neb., Sept. 15.—There is much feverish excitement in the Chamberlain bank wrecking case. The bank examiner's report shows the whole affair up in such a bad light that some of the depositors whose only means were wrapped up in the bank are now desperate and threatening talk is made against Cashier Chamberlain's safety, should he have the misfortune to again return to Tecumseh.

Crookedness of every kind and even forgery and mutilation of records are charged up against him. It developed that the bank was run in the loosest sort of a way, no check or restraint being placed on Chamberlain's actions. In fact nobody but Chamberlain himself knew anything about the bank's affairs.

The farther the matter is investigated the worse the thing appears, till now it is a question of how little and not how much the depositors will get.

Runaway Roy Wymore Found.

COLUMBUS, Neb., Sept. 15.—Roy Wymore, the 11-year-old boy who ran away from his home in Elkton, Colo., July 3, with a tramp, and for whom his father and mother have spent a small fortune in advertising, etc., was located five miles south of Geneva a few days ago and his parents notified. His mother went to that place and took her boy home.

Took Carbolic Acid.

BEEMER, Neb., Sept. 15.—Mrs. George Koontz, wife of a brick mason, nearly ended her life by swallowing a spoonful of carbolic acid, mistaking it for medicine. Mrs. Koontz, who is subject to cramps in the stomach, hastily took the acid, but realized her mistake and is now thought to be out of danger. Luckily, medical aid was immediately at hand.

THE LAT CROP BULLETIN.

It Tells the Same Story of Encouraging Conditions.

LINCOLN, Neb., Sept. 13.—The Nebraska section of the climate and crop service has issued its last bulletin for the year. It tells the same tale of good crop conditions in all parts of the state. Incidentally Mr. Loveland says that never since he has been connected with the department have the crop conditions been better. His reports, which are considered authentic, show that the yield per acre will be unusually large. The acreage of winter wheat increased materially, while the acreage of spring wheat declined. Corn remained almost stationary, there being a slight decrease in many places, owing to the increase in the acreage of wheat.

The fact that the department will issue no more bulletins is a convincing indication that corn is entirely out of danger, in fact Mr. Loveland says that the weather during the remainder of the fall will have but little effect.
