The Nest of the Kingfisher. Our American belted alcyon, or common kingfisher, is an expert hole borer. There is scarcely a clayey bank along the streams of our middle and southern states but has its face cut by the door of one of these gloomy looking holes.

Two Things That Scare a Negro. Two seemingly harmless things excite the fear of the southern negro. One is the cracking of the finger joints; the other is to be stepped over as he lies prone upon the ground.

THE DRAUGHT BLACK-DRAUGHT THE ORIGINAL LIVER MEDICINE

A sallow complexion, dizziness, biliousness and a coated tongue are common indications of liver and kidney diseases. Stomach and bowel troubles, severe as they are, give immediate warning by pain, but liver and kidney troubles, though less painful at the start, are much harder to cure.

I have used Theodford's Black-Draught for three years and have not had to go to a doctor since I have been taking it. It is the best medicine for me that is on the market for liver and kidney troubles and dyspepsia and other complaints. Rev. A. G. LEWIS.

WOMEN WARRIORS.

Many Have Fought Bravely—Escaped a Queen. The muster rolls of the civil war show a number of cases of soldiers who were discovered to be women.

One of the most remarkable women was Christian Cavenagh, who lived in England in the nineteenth century. She was married and had three children. Her husband was carried off to Holland, where he had to enlist as a private soldier. His wife dressed as a man and enlisted so as to be near her husband.

Mrs. Lindley, the wife of a soldier, went through some of the sharpest engagements of the civil war. She enlisted in Company D, Sixth Ohio cavalry, and fought at Fort Magruder, Hanover Court House, Bull Run, Antietam and Boonsboro.

Christina, queen of Sweden, was educated and dressed like a boy from her birth because her father was disappointed at not having a son. She was more a king than a queen and after four years of rule resigned her crown and went off to amuse herself in Europe.

BOILING IT DOWN.

A Valuable Lesson in the Gentle Art of Omitting. "It was this way," was explaining a quite fresh and young appearing gentleman to a much older companion as I took a seat near them in the restaurant.

"Good for the first writing," he said, "but you must learn the art of omitting. You have unnecessary sentences. Find them, omit them and come and read it again."

"That is nearer to the correct thing," he said, with an approving nod, "but there is chance for a little more pruning."

"It was with an effort that I restrained myself, but knowing that he is an authority in literary matters for the third time I went to the slaughter of the innocents and, returning the next day, read it to him in ten minutes."

"That is something like," he exclaimed, slapping me on the back. "Another little omitting seance will fix it."

"This is a little too much," I answered as I seized my manuscript, with a show of feeling. "You had better tell me to omit every word of it."

"I'll be hanged if I didn't take his advice again and throw the story in the wastebasket."—New York Herald.

A Wise Answer. The shab once asked a group of courtiers whom they thought the greater man—himself or his father. At first he could get no reply to so dangerous a question, the answer to which might cost the courtiers their heads.

Logie. "The vessel is on the rocks!" shouted the captain, thrusting his head in the ship's saloon.

"That's good news," remarked the idiotic passenger who was taking his first trip abroad. "So long as we are on the rocks we can't sink."—Ohio State Journal.

RHEUMATISM CURED AT LAST

Good News For all Who Suffer With Rheumatism.—Free.

To all who suffer with rheumatism I will gladly send free the wonderful story of how my mother was cured after years of suffering, together with the most elaborate treatise on rheumatism ever published.

No matter what your form of rheumatism is, whether acute, chronic, muscular, inflammatory, deformed, sciatic, neuralgia, gout, lumbago, etc.—no matter how many doctors have failed in your case—no matter how many so-called "sure cures" you have tried I want you to write to me and let me tell you how my mother was cured.

I am neither a doctor nor a professor—simply a plain man of business, but I have a cure for rheumatism, and I want to tell everyone who suffers with rheumatism about it. I wish that all who suffer with this terrible disease, however apparently beyond the reach of cure, will write to me this day and I will send you by return mail this work of mine.

BEAUTY TRIUMPHS, 'Tis a Priceless Treasure.

Beauty is woman's greatest charm. The world adores beautiful women. A pretty woman dreads maternity for fear of losing this power. What can be done to perpetuate the race and keep women beautiful? There is a balm used by cultured and uncultured women in the crisis. Husbands should investigate this remedy in order to reassure their wives as to the ease with which children can be born and beauty of form and figure retained.
