It is with great pleasure that we announce to our patrons and the public the opening of our new holliday line in our new store-room, secured and especially fitted for the purpose; just one door south. Owing to the constant increase in our business we have been forced to find larger and more convenient quarters to better serve our patrons in the holiday trade. Just think of a whole store-room filled from floor to ceiling with good things for Christmas presents. It would be impossible for us to describe each line but will say that we have good things that will make suitable presents for young and old and you will need to pay us a visit before you can form any idea of the variety you have to select from. Our goods are all marked in plain figures with one price to all, and that the lowest.

We invite you all to come. If you are ready to buy come; if you never buy come; come anyway.

Yours for the holiday business,

Bee Hive, McCook

A Good Thing.

German Syrup is the special prescription of Dr. A. Boschee, a celebrated German Physician, and is acknowledged to be one of the most fortunate discoveries in medicine. It quickly cures coughs, colds and lung troubles of the severest nature, removing the cause of the affection and leaving the parts in a strong and healthy condition. It is not an experimental medicine, but has stood the test of years, giving satisfaction in every case which its rapidly increasing sale every season confirms. Two million bottles sold annually. Boschee's German Syrup was introduced in the United States 1868, and is now sold in every town and village in the civilized world. Three doses will relieve any ordinary cough. Price 75 cents.
