

MRS. GRANT DEAD

LATE PRESIDENT'S WIDOW GOES TO REST.

DEATH DUE TO HEART FAILURE

Only Daughter with Her at End—
—Three Sons Summoned Saturday
Had Too Short Notice to Reach
Capital in Time to Bid Farewell.

WASHINGTON.—Mrs. Ulysses S. Grant, wife of the late President Grant, died at her residence in this city at 11:17 o'clock Sunday.

Death was due to heart failure, Mrs. Grant having suffered some years from valvular disease of the heart, which was aggravated by a severe attack of bronchitis. Her age prevented her rallying from the attacks.

Her daughter, Nellie Grant-Sartoris, was the only one of her children with her at the time of her death, her three sons, who were summoned Saturday night, not having had time to arrive.

There were also present at the bedside when the end came Miss Rose Mary Sartoris, a granddaughter; Dr. Bishop, one of the attending physicians, and the two trained nurses.

Death came peacefully, the sufferer retaining almost complete consciousness practically to the end. Word has come from Jesse and Ulysses S. Grant, two of the sons now in California, that they have started on their way to Washington. The other, General Fred Grant, is in Texas, and he will hasten here as soon as he receives a message telling him of his mother's death.

The remains of Mrs. Grant will be interred at Riverside Park, New York, beside those of her husband, but whether they will be taken there immediately or at a later date, however, could not be ascertained at the house tonight.

Mrs. Grant, whose maiden name was Julia Dent, was born in St. Louis in 1826 and was the daughter of Frederick and Ellen Wrenshall Dent. She was married to General, then Captain Grant, in 1848. During the civil war Mrs. Grant was with the general much of the time and remained as near as possible to him when he was campaigning. She saw her husband twice inaugurated as president and accompanied him on his journey around the world.

As mistress of the white house she gave liberal to all charitable institutions in the city.

Four children were born to her—three sons and one daughter—all of whom are living. Miss Nellie, the daughter who became the wife of Algernon Sartoris in 1874, has lived in Washington with her mother for several years. Frederick Dent Grant, the oldest son, is in the army and two other sons, Jesse and Ulysses Sherman, live at San Diego, Cal.

During recent years, since General Grant's death, Mrs. Grant had spent most of her winters in this city, living at 2111 Q street, while during the summer she usually stayed at Saratoga, Manchester-by-the-Sea and other popular resorts until the last two summers, when she resided with her daughter, Mrs. Sartoris, at Coburg, Ont.

BLOW AIMED AT AMERICA.

New German Tariff Especially Designed to Affect Trade.

BERLIN.—During the debate on the third reading of the tariff bill in the reichstag Monday it was evident from many speeches delivered members of the majority that the bill is aimed chiefly at the United States. This was clear even when the United States was not named, for it was understood that the term "abroad" referred to America. Dr. Pasche, national liberal, made a pointed reference to the United States which most of the newspapers failed to print. These remarks were:

"We expect that the government will undertake a thorough going revision of all treaties containing the most favored national advantages. We have absolutely no occasion to concede any such thing to such nations as are glad to take what we give other countries without making us any concession in return. The United States having introduced the limitation of the most favored nation clause, we have every reason to act in precisely the same manner."

State hood Report is Out

WASHINGTON.—The testimony taken by the sub-committee of the senate committee on territories on the house omnibus statehood bill has been printed as a senate document and was made public Monday night. It makes a book of 394 pages, with maps, and includes quotations and answers of many people examined with reference to the size, population, resources, schools and churches, business, moral and other characteristics of the people of the three proposed states, and miscellaneous information.

STATEHOOD BILL.

It Will Be Taken Up in the Senate Wednesday

WASHINGTON, D. C.—In accordance with the unanimous agreement of the last session, the senate will take up the statehood bill Wednesday, and it is expected to remain the unfinished business for some time. The bill undoubtedly will provoke considerable debate and it is generally believed that it will continue to receive attention until the adjournment for the Christmas holidays at least.

Senator Beveridge, as chairman of the committee on territories, will call the bill up Wednesday, and probably will make a speech in support of the report in favor of the substitute bill presented by the committee. Other members of the committee who agree with him will follow. All of them will give careful attention to the testimony taken by the sub-committee which recently visited the territories. The committee's written report has not yet been submitted to the senate and this, too, will probably be put in on Wednesday. The report will analyze the testimony, dealing with the questions of soil, mines, agricultural possibilities, educational facilities and general fitness of the population of the various territories for statehood. It is generally understood that a strong position will be taken in opposition to the claims of New Mexico and Arizona, considerable stress being laid on the fact that a large percentage of the people of these territories do not use the English language and that interpreters are necessary in the conduct of the business of the many courts. Attention will be given to the previous question of statehood of those territories, many of which are seriously criticized by the present committee, on the ground that they fall entirely to represent the real conditions. The report giving the views of the committee will be accompanied by a transcript of the testimony taken by the committee, which will be printed for the information of the senate and the country.

It is expected that the immigration bill will continue to receive desultory attention on Monday and Tuesday, but the proceedings with reference to this bill will consist largely in the reading of the bill and the consideration of amendments.

There will be more or less of executive business during the week, and in all probability another adjournment from Thursday until the following Monday.

Land Ready to Distribute.

ARDMORE, I. T.—With the government appraisal of the lands in the Chickasaw-Choctaw nation completed, everything is practically arranged for allotment of nine million acres to the Indians. Under the law each Indian is entitled to the value of 320 acres of average allotable land, the value of each allotment being \$1,000. Division will commence within sixty days.

Stay Granted in Contempt Case.

DENVER, Colo.—The court of appeals on Tuesday granted a writ of supersedeas, staying execution of sentence in the contempt case of County Clerk Aichele. A bond of \$500 was exacted. Aichele was recently sentenced by Judge Johnson to pay a fine of \$500 and serve sixty days in the county jail for disregarding the injunction issued in the registration case.

Appropriation Bills Reported.

WASHINGTON.—The legislative, executive and judicial appropriation bill, carrying \$26,930,453, was reported to the house Friday by the appropriations committee. This is an increase of \$500,301 over the appropriation for the current fiscal year.

Indicted for Selling Votes.

SHOLES, Ind.—After a session lasting a week the grand jury has returned 104 indictments. All the men named are charged with selling their votes at the last election.

Adopt Resolution of Regret.

CHICAGO.—The Hamilton club, of which organization Thomas B. Reed was an honorary member, held a special meeting Tuesday and adopted resolutions of regret on the death of the ex-speaker. Preceding the adoption of the resolutions prominent members of the club paid tributes to Mr. Reed. The principal speakers were United States Judges W. H. Seaman and C. C. Kohlsaat, Hon. O. N. Carter and Alexander R. Revell.

Fire in Mine Still Burns.

MARQUETTE, Mich.—The underground workings of the Oliver Iron Mining company's section 16 mine, at Ishpeming, were still burning Tuesday night, though the fire is not as fierce as it was the day before. It is still impossible to enter the mine. All the shafts and openings are sealed with timber and clay, but owing to the crevices it is impossible as yet to block the smoke, and gases still continue to ooze forth.

NEBRASKA IN GENERAL

VALUE OF SCHOOL LANDS.

What Commissioner Follmer's Report Will Show.

The report of Land Commissioner Follmer will show that the schools of the state will ultimately have more than \$11,000,000 of interest bearing values contributing to their support. At present the total interest bearing values belonging to the fund is \$9,746,451.25. More than half of this amount, \$5,459,228.25, is in securities of the state, counties and the recently purchased bonds of Massachusetts. The remainder is made up of the sale contracts and lease contracts, bearing interest. Besides this income the fund will have the rental of school lands, which under the present law cannot be alienated. The table giving these statistics is the first of the kind ever compiled. It is as follows:

Permanent common school securities	\$5,459,228.25
Cash on hand	131.30
Total	\$5,459,359.55
Permanent university securities	161,550.97
Cash on hand	643.05
Total	162,194.02
Agricultural college securities	224,822.14
Cash balance	674.51
Total	225,496.65
Normal endowment securities	59,000.00
Cash balance	812.49
Total	59,812.49
Total educational securities in permanent school fund	\$5,459,228.25
Value of sale contracts	2,257,245.11
Value of lease contracts	2,029,948.29
Total interest bearing values	\$9,746,451.75

THE SOLDIERS' HOME.

Commandant Cole of Grand Island Makes Report.

Commandant Cole of the soldiers' home in Grand Island has completed his biennial report and recommends quite a number of necessary improvements owing largely to the increased number of members cared for at the institution.

The report shows an increase in membership in the biennium of twenty-one per cent over that of two years previous. On November 30, 1900, there were, according to the records of the institution, 342 members. There were on November 30, 1902, 415 members, of whom 313 were men and 102 women. Among the recommendations are \$4,000 for a new brick building for the quartermaster and commissary's supplies. This would give room in the basement of the main building for another ward for members. An appropriation of \$7,500 is also recommended for better fire protection in and about the home grounds, including a better piping of the building and a pipe leading to the cottages and barns, resetting the boilers, the erection of a small building for laundry purposes and enlarging the engine rooms and improvements on the sewerage system.

Finds Foods Adulterated.

Deputy Food Commissioner Bassett has filed with the governor his biennial report. The commissioner speaks of the need of guarding the public against foods which have been preserved by the admixture of dangerous chemicals, such as hydrofluoric acid, a dangerous corrosive, and others. Out of 228 samples of food products analyzed by the chemist of the food commission, 163 were adulterated or not sold in compliance with law, the report stated. The commissioner desires the legislature to make an appropriation to fit up a laboratory so that he will not be under the necessity of using the university laboratory, which he has been doing for the last two years. He recommends a direct appropriation for the maintenance of the commission rather than the present plan of allowing the commission to depend upon fees.

Recommends Normal Schools.

W. F. Fowler, superintendent of instruction, in the advance sheets of his report, which will be concluded by the first of the year, makes the following recommendations:

1. Exchange the industrial school for boys at Kearney with the state normal school at Peru.
2. Establish a new normal school at Lincoln.
3. Provide for junior normal schools at Alliance and McCook.
4. Recognize more liberally the first class private normal schools and denominational colleges of high standard.

In support of the first recommendation, that is, an exchange of the Kearney and Peru institutions, he calls attention to the distance, lack of railroad facilities and the expense in reaching Peru as obstacles to a large attendance of students there.

Paper Changes Hands.

MCCOOK.—After editing and publishing the Hayes Center Republican for eighteen years, Judge M. J. Abbott has been compelled to relinquish the paper to the mortgagee, R. May of Hayes Center, who will run the paper until he can realize on his mortgage.

BRIEFLY TOLD.

Two new delivery routes are soon to be established at North Bend.

Mr. and Mrs. Jobman of Gage county last week celebrated their golden wedding.

Nebraska City has of late been shy on water and private wells have been resorted to.

Train Dispatcher L. E. Cann of McCook died suddenly in Salt Lake, whither he had gone for his health.

Rufus Hook, a farmer living near Glencoe, had his arm caught in the cogs of a corn sheller and sustained serious injuries.

The Republican valley district poultry association will hold its sixth annual exhibition in McCook December 31, 1902, January 1, 2, 3, 1903.

The Fremont and Blair high schools will debate the question, "Resolved, That labor unions are an injury to the public." Fremont will have the choice of sides.

Miss Gertrude Enlow, a teacher in the public schools of Beatrice, had her face and hands badly burned during school hours by the explosion of a coal stove.

John Thompson, who lived two miles southwest of Blair, was run over by a train and killed. He was on his way home from Blair. Thompson was about 45 years old and single.

Orders were received in Nebraska City to get things ready in the starch works so as to start that monster plant as soon as possible. This factory belongs to the trust and has been closed since early last spring.

Nebraska turkeys are evidently in great demand in Chicago, a prominent newspaper of that city having instructed its representatives in Omaha to get bids to supply 1,000 of the birds for that paper's Christmas work.

The jury in the district court at Grand Island in the case of Jamieson against the Burlington railroad returned a verdict in favor of the plaintiff of \$1,220. Jamieson was a brakeman and received injuries on the road.

The Greeley County Sunday school convention was held at Greeley December 6 and 7. All sessions of the conventions were very well attended. Prof. H. M. Stedley, field secretary of the State Sunday School association, took a very active part in all sessions.

The sugar beet season just closed has been very satisfactory in that part of Nebraska about McCook. Over 600 carloads have been shipped to Grand Island from McCook alone. The yield per acre under fair circumstances has been from fifteen to twenty tons, and as high as \$5.25 per ton has been received by farmers.

A. M. Hargis, proprietor of the Grand Island Business college, has purchased the Security bank building for \$14,000 and will in the future occupy the greater part of the building for the college. It is a stone front, erected in 1899, at a cost of about \$50,000. It was recently owned by the Massachusetts Mutual Life Insurance company.

Willard Williams of Ashland, who was at the Mead hotel for a few days, was surprised the other evening, while seated at the desk, by his sons, Herbert and Albert, whom he had not seen or heard from for fifteen and twenty years respectively. The boys, or rather men, are located in Cuba, N. Y., and are prosperous and well-to-do residents of that town.

Edward Fry, agent for the Standard Oil company at Beatrice, was found lying near his wagon on the public road five miles east of that city in a dying condition. Examination developed the fact that the large freight wagon had passed over his stomach, inflicting fatal injuries. Medical assistance was immediately summoned, but Mr. Fry expired before anything could be done to relieve him of his suffering.

Orders have been issued by the Union Pacific for the immediate building at Sidney of an additional ten stalls to the roundhouse, a new boiler house with a battery of three boilers of 250 horse power, a large new well near the ice house and electric lighting plant, a large sandhouse, an addition to the machine shops and a complete remodeling of the Union Pacific hotel to be modern in every particular.

Deputy Food Commissioner Bassett has made public his biennial report to the governor. He urges a larger appropriation on the part of the legislature, as the present one, which is almost entirely contingent on the fees of the office, will not suffice to employ a clerk and chemist or to maintain a laboratory. He also asks that the present law which provides against the adulteration of foods, but which names penalties for the adulteration of vinegar and dairy products only, shall be changed in order to provide penalties for all adulterations or the use of preservatives which are harmful.

Hunting Raleigh's Burial Place.

The question of Sir Walter Raleigh's burial place has lately been revived in England. Three churches claim both the head and the body of the gallant courtier. Immediately after the execution, which took place in Tothill street, Westminster, on October 29, 1618, his wife placed the head in a red bag and rode off with it in a morning coach. This treasure she kept for twenty-five years. The body was buried in St. Margaret's church, but shortly after the execution Lady Raleigh wrote to her brother, Sir Nicholas Carew, asking permission to bury her husband in his church at Beddington, where she desired also to be buried. History is silent from that time on. It is known, however, that her son treasured the head as his mother had, and, according to the London Daily Chronicle, tradition says that it was finally buried with him at West Horsley, Surrey.

No Disrespect Intended.

That knightly Mississippi gentleman, Colonel Bob Bobo, of Bobo, Miss., who organizes and leads his hounds to President Roosevelt's recently, explains that he had guests of his own at the time, who, under the laws of Mississippi hospitality, held a first lien on the dogs. The explanation effectively absolves the colonel from the charge of disrespect to the president. It also indicates that if the latter desires the use of the Bobo hounds on the occasion of his next bear hunt he will make his headquarters at the Bobo mansion.—Newark News.

A Memorial Club House.

The wife of Bishop Potter is about to build a club house in Cannon street, Manhattan, adjoining the Neighborhood house at Cannon and Rivington streets, which she equipped for kindergarten and industrial work. The club house, for men, will be named after Mrs. Potter's son, the late Edward Clark, and will contain a coffee room in the basement, recreation rooms of various character in the four stories and a roof garden.

Storekeepers report that the extra quantity, together with the superior quality, of Defiance Starch makes it next to impossible to sell any other brand.

What the modern airship navigator needs is a safety anchor and something to anchor to.

Mrs. Winslow's Soothing Syrup. For children teething, softens the gums, reduces inflammation, allays pain, cures wind colic. 25c a bottle.

The vainest hopes are generally the most roscate.

Carpets can be colored on the floor with PUTNAM FADELESS DYES.

Avoid whisky and water; it is a dilution and a snare.

ALL UP-TO-DATE HOUSEKEEPERS Use Red Cross Ball Blue. It makes clothes clean and sweet as when new. All grocers.

Time will tell—but the woman with a secret never gives time a chance.

HALF RATES TO CANADIAN POINTS.

The Wabash will sell tickets from Chicago to many points in Canada Dec. 18, 19, 20, 21st, good returning until Jan. 10th, 1903. For rates and all information call at the Wabash office, 1901 Farmington St., or address Harry E. Moores, G. A. P. D., Omaha, Neb.

Some men's fitness is by far the biggest part of them.

Sensible Housekeepers will have Defiance Starch, not alone because they get one-third more for the same money, but also because of superior quality.

When the bookkeeper drops a nickel in the slot he makes a cash entry.

To Cure a Cold in One Day. Take Laxative Bromo Quinine Tablets. All druggists refund money if it fails to cure. 25c.

A man has to be dunned to death before he will pay the debt of nature.

Dealers say that as soon as a customer tries Defiance Starch it is impossible to sell them any other cold water starch. It can be used cold or boiled.

A sensitive man, unlike a clock, is apt to go when he is run down.

TO WORKING GIRLS

FREE MEDICAL ADVICE
Every working girl who is not well is cordially invited to write to Mrs. Pinkham, Lynn, Mass., for advice; it is freely given, and has restored thousands to health.

Miss Paine's Experience.

"I want to thank you for what you have done for me, and recommend Lydia E. Pinkham's Vegetable Compound to all girls whose work keeps them standing on their feet in the store. The doctor said I must stop work; he did not seem to realize that a girl cannot afford to stop working. My back ached, my appetite was poor, I could not sleep, and menstruation was scanty and very painful. One day when suffering I commenced to take Lydia E. Pinkham's Vegetable Compound, and found that it helped me. I continued its use, and soon found that my menstrual periods were free from pain and natural; everyone is surprised at the change in me, and I am well, and cannot be too grateful for what you have done for me."—MISS JANET PAINE, 530 West 125th St., New York City.—\$5.000 forfeit if original of above letter proving genuineness cannot be produced.

Take no substitute, for it is Lydia E. Pinkham's Vegetable Compound that cures.

It sometimes happens that a politician is never so much out of place as when he is in one.

ALL UP TO DATE HOUSEKEEPERS Use Defiance Cold Water Starch, because it is better and 4 oz. more of it for same money.

The easiest money to spend and the hardest money to save is that which you haven't yet earned.

STATE OF OHIO, CITY OF TOLEDO, Lucas County, ss. Frank J. Cheney makes oath that he is the senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for such and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure.

Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1892.
[SEAL] A. W. GLEASON, Notary Public.

Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces of the system. Send for testimonials, free.
F. J. CHENEY & CO., Toledo, O.
Sold by Druggists, 75c.
Hall's Family Pills are the best.

Don't be so aggressively charitable as to make beneficiaries uncomfortable.

A gentleman of leisure excels in doing nothing gracefully.

Constipation Makes Bad Blood.

MULL'S GRAPE TONIC CURES CONSTIPATION

Constipation is the rotting and decaying of undigested food in the alimentary canal. Disease germs arise from this festering mass, which find their way into the blood. The blood becomes impure and shortly the entire system gives way to the unhealthy condition.

You cannot cure a case like this by taking pills or other common cathartics. A laxative will not do. A blood medicine is ineffective. Mull's Grape Tonic is a gentle and mild laxative in addition to being a blood-making and strength-giving tonic which immediately builds up the wasted body and makes rich, red blood that carries its health-giving strength to every tissue at every heart beat.

Mull's Grape Tonic is made of pure crushed fruit juices and is sold under a positive guarantee.

Doctors prescribe it. All druggists sell it at 50 cents a bottle. Send 10c to Lightning Medicine Co., Rock Island, Ill., to cover postage on large sample bottle.

GET READY FOR BAD WEATHER.
Cold weather is sure to ripen a crop of Old Aches and Pains.
MEXICAN MUSTANG LINIMENT
cures aches and injuries. It ought to be in easy reach in every home.
