A Good Thing.
German Syrup is the special prescription of Dr. A. Boschee, a celebrated German Physician, and is acknowledged to be one of the most fortunate discoveries in medicine. It quickly cures coughs, colds and lung troubles of the severest nature, removing the cause of the affection and leaving the parts in a strong and healthy condition. It is not an experimental medicine, but has stood the test of years, giving satisfaction in every case which its rapidly increasing sale every season confirms. Two million bottles sold annually. Boschee's German Syrup was introduced in the United States 1863, and is now sold in every town and village in the civilized world. Three doses will relieve any ordinary cough. Price 75 cents. Get Green's Special Almanac.

It excites the wonder of the world, a magic remedy, liquid electricity, that drives away suffering and disease. Rocky Mountain Tea. 5c. McConnell & Berry.

I'll brave the storms of Chilkoot Pass,
I'll cross the plains of frozen glass,

How to Prevent Croup.
It will be good news to the mothers of small children to learn that croup can be prevented. The first sign of croup is hoarseness. A day or two before the attack the child becomes hoarse. This is soon followed by a peculiar rough cough. Give Chamberlain's Cough Remedy freely as soon as the child becomes hoarse, or even after the rough cough appears, and it will dispel all symptoms of croup. In this way all danger and anxiety may be avoided. This remedy is used by many thousands of mothers and has never been known to fail. It is, in fact, the only remedy that can always be depended upon and that is pleasant and safe to take. For sale by McConnell & Berry.

A Timely Suggestion.
This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system. In almost every instance a severe cold may be warded off by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to children for it contains no harmful substance. It is pleasant to take—both adults and children like it. Buy it and you will get the best. It always cures. For sale by McConnell & Berry.

ARE YOU A COMING MOTHER? ARE YOU EXPECTANT?
MOTHER'S FRIEND
makes childbirth easy by preparing the system for parturition and thus shortening labor. The painful ordeal is robbed of its terrors, and the danger lessened to both mother and child; the time of confinement is shortened, the mother rested, and child fully developed, strong and healthy.
Morning sickness, or nausea arising from pregnancy, is prevented by its use.
As pregnancy advances, the breasts enlarge, become swollen and hard. Long before the child is born, they are preparing for the secretion of milk. It is important that they receive early attention. Mother's Friend softens the skin and facilitates the secretion of Life Fluid. Undeveloped breasts, hard-caked shortly after delivery, are the result of non-treatment, and likely to culminate in Mammary Abscess, from which so many suffer excruciating pain and are left with these organs permanently impaired.
Softness, pliability and expansion are given to the muscles and sinews, thus bringing comfort and causing an easy issue of the child. Try it. Of druggists \$1.00. Our book "Motherhood" free.

More than seventy-five per cent of the people in the United States are afflicted with these two diseases and their effects, such as sour stomach, sick headache, habitual constiveness, palpitation of the heart, heartburn, water-brash, gnawing and burning pains at the pit of the stomach, yellow skin, coated tongue and disagreeable taste in the mouth, coming up of food after eating, low spirits, etc. Go to your druggist and get a bottle of August Flower for 75 cents. Two doses will relieve you. Try it. Get Green's Special Almanac.
