If there is one jim-crow town in all southwestern Nebraska that is not an ideal town for the location of a junior state normal we would be pleased to hear from it.

The Central Short-horn Breeders' association will hold its annual meeting in Lincoln, January 22 and 23, and the Western Passenger association announces a one-third rate from points west of the Missouri.

Two practices of capital and labor ought to be "cut out" and that promptly and forever in America: The blacklist of capital and the boycott of labor. Both are equally reprehensible and cowardly. They are flowers so noxious that they should be rooted up and no more forever should be given growing room in the free soil of this fair land of liberty.

BINGER HERMAN, commissioner of the general land office, will probably retire from that office on January 15th, and William A. Richards, now assistant commissioner of the general land office, will succeed him. Mr. Herman has resigned by request of the secretary of the interior. Two subordinate officers of the general land office have been asked to make explanations.

Perseverance.

Spouse the fish don't bite at fast;
What be you goin' to do?
Chuck down your pole, throw out your bait,
An' say your fishin's through?
Uv course you haint; you're goin' to fish,
An' fish, an' fish, an' wait
Until you've ketch'd your basket full,
An' 'ne'd up all your bait.
Spouse success don't come at fast;
What be you goin' to do?
Throw up the sponge and kick yourself,
An' go to feelin' blue?
Uv course you haint; you've got to fish,
An' bait, an' bait ag'in.
Bimby success will bite your hook,
An' you will pull him in.

Consumption

Salt pork is a famous old-fashioned remedy for consumption. "Eat plenty of pork," was the advice to the consumptive 50 and 100 years ago.

Salt pork is good if a man can stomach it. The idea behind it is that fat is the food the consumptive needs most.

Scott's Emulsion is the modern method of feeding fat to the consumptive. Pork is too rough for sensitive stomachs. Scott's Emulsion is the most refined of fats, especially prepared for easy digestion.

Feeding him fat in this way, which is often the only way, is half the battle, but Scott's Emulsion does more than that. There is something about the combination of cod liver oil and hypophosphites in Scott's Emulsion that puts new life into the weak parts and has a special action on the diseased lungs.

A sample will be sent free upon request. Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.

Pleasant Evenings on the Farm.

The long winter evenings are here again and in most farm houses it is a question how to spend them in a way which is not only pleasant, but also that the time will not be altogether wasted. The farmer, as a rule, cannot get away from his work even in reading time and he enjoys most of all sitting down and going through a first-class farm magazine like the Twentieth Century Farmer. This is chock full of the ideas of the brainiest men in the country, practical men, who have been selected as writers because each in his own line has made a study of how to make farming pay. One idea from men like these may be worth hundreds of dollars to any farmer or stock raiser.

There is no more wide-awake weekly magazine published than the Twentieth Century Farmer and a trial subscription of three months will be sent on receipt of 25 cents, the price per year being \$1. A free sample copy will be sent to anyone sending his name and address to the Twentieth Century Farmer, 2057 Farnam street, Omaha, Nebraska. It contains from twenty-four to forty-eight pages every week and besides articles dealing with farming and stock raising, it has abundant reading matter in the way of stories and matter interesting to the farmer's wife and the children as well.

A Most Liberal Offer.

All our farmer readers should take advantage of the unprecedented clubbing offer we make, this year, which includes with this paper the Iowa Homestead, its special Farmers' Institute Editions and the Poultry Farmer. These three publications are the best in their class and should be in every farm home. To them we add, for local, county and general news our own paper, and make the price of the four one year only \$1.25. Never before was so much superior reading matter offered for so small an amount of money. The three papers named, which we club with our own, are well known throughout the west, and commend themselves to the reader's favorable attention upon mere mention. The Iowa Homestead is the great agricultural and live stock paper of the west; the Poultry Farmer is the most practical poultry paper for the farmer, while the Special Farmers' Institute editions are the most practical publications for the promotion of good farming ever published. Take advantage of this great offer as it will hold good for a short time only. Samples of these papers may be examined by calling at this office.

Best Liniment on Earth.
Henry D. Baldwin, Sup't City Water Works, Shullsburg, Wis., writes: "I have tried many kinds of liniment, but have never received much benefit until I used Ballard's Snow Liniment for rheumatism and pains. I think it the best liniment on earth." 25c, 50c and \$1 bottle at A. McMillen's.

BARTLEY.
A CHRISTMAS SENSATION,
Sunday night before Christmas, Oliver Bush, Jim Arrassicks and several others were over to Sam Young's and it is supposed they were playing cards when something occurred to arouse the fighting blood of Bush and he struck at Sam Young with a bottle and Jim caught his arm, which act caused Bush to turn on Jim and in the course of a few minutes Bush was ready to quit, after being badly whipped. Nevertheless he made brags that Arrassicks would be a dead man inside of eight days. Accordingly on Wednesday Bush came to town ready to keep his word and watching a chance when Jim was alone Sampson Bush called him out and politely knocked him through a window of Short's store, and while Arrassicks was satisfying Samp Oliver stepped up and stabbed him in the head and over the left eye with a knife. At this juncture the old man Bush put in his appearance also with a knife drawn and long after Jim had said enough the Bushes kept on. Mr. Bush was put under bonds, but at this writing Oliver and Samp have not been found. The sheriff still has a posse hunting for them. The trial is expected to take place, tomorrow.

Herb Burtin is in our midst again. Ben Sibbitt is down from Hayes county visiting relatives.

Will Wadsworth was in town, Wednesday, after an absence of several months in Oklahoma.

Mrs. Liston and family and Mae Wood spent Christmas in McCook, guest of Mr. and Mrs. Floyd Ford.

Mr. Axtell has moved into the Bechtel residence and Mr. Lemasters is moving into the house vacated by Axtell.

Mr. Grisell seemed to have temporarily lost his mind, last Saturday night, and got lost. About a dozen people were out hunting for him and after a couple of hours search found him on the creek north of Mr. Baker's nearly frozen to death. Reports say he is some better.

Rev. Carlisle P. E. Martin, L. L. D. Waverly, Texas, writes: "Of a morning when first rising, I often find a troublesome collection of phlegm, which produces a cough, and is very hard to dislodge; but a small quantity of Ballard's Horehound syrup will dissolve it, and the trouble is over. I know of no medicine that is equal to it, and is so pleasant to take. I can most cordially recommend it to all persons, needing a medicine for lung or throat troubles." RHEUMATISM CURED AT LAST

Good News For all Who Suffer With Rheumatism.—Free.

To all who suffer with rheumatism I will gladly send free the wonderful story of how my mother was cured after years of suffering, together with the most elaborate treatise on rheumatism ever published.

No matter what your form of rheumatism is, whether acute, chronic, muscular, inflammatory, deformant, sciatic, neuralgia, gout, lumbago, etc.—no matter how many doctors have failed in your case—no matter how many so-called "sure cures" you have tried I want you to write to me and let me tell you how my mother was cured.

I am neither a doctor nor a professor—simply a plain man of business, but I have a cure for rheumatism, and I want to tell everyone who suffers with rheumatism about it. I wish to be clearly understood, and trust that all who suffer with this terrible disease, however apparently beyond the reach of cure, will write to me this day and I will send you by return mail this work of mine. I appeal especially to the "chronically ill" who are wearied and discouraged with doctoring and to those who have been cast aside as incurable. All you have thought about rheumatism may be wrong. Let me tell you our experience. Surely, if you have rheumatism or have a suffering friend it will pay you to investigate my offer, anyway, and prove for yourself the claims I make.

Send me your address, today—a postal card will do—and I will mail you this wonderful story. If you have any friends suffering with rheumatism no matter where located send me their address, and I will mail them a copy. My address in VICTOR RAINBOLT, Bloomfield, Indiana.
