### A Good Thing.

German Syrup is the special prescription of Dr. A. Boesche, a celebrated German Physician, and is acknowledged to be one of the most fortunate discoveries in medicine. It quickly cures coughs, colds and lung troubles of the severest nature, removing the cause of the affection and leaving the parts in a strong and healthy condition. It is not an experimental medicine, but has stood the test of years, giving satisfaction in every case which its rapidly increasing sale every season confirms. Two million bottles sold annually. Boesche's German Syrup was introduced in the United States 1888, and is now sold in every town and village in the civilized world. Three doses will relieve any ordinary cough. Price 75 cents. Get Green's Special Almanac.

### Finds a Way to Live Long.

The startling announcement of a discovery that will surely lengthen life is made by Editor O. H. Downey of Churubusco, Indiana. "I wish to state," he writes, "that Dr. King's New Discovery is the most infallible remedy that I have ever known for coughs, colds and grip. It's invaluable to people with weak lungs. Having this wonderful medicine no one need dread pneumonia or consumption. Its relief is sure and certain." McCook & Berry guarantee every 50c and \$1.00 bottle and give trial bottles.

## THE DRAUGHT BLACK-DRAUGHT THE ORIGINAL LIVER MEDICINE

A sallow complexion, dizziness, biliousness and a coated tongue are common indications of liver and kidney diseases. Stomach and bowel troubles, severe as they are, give immediate warning by pain, but liver and kidney troubles, though less painful at the start, are much harder to cure. Theodora's Black-Draught never fails to benefit diseased liver and weakened kidneys. It stirs up the torpid liver to throw off the germs of fever and ague. It is a certain preventive of cholera and Bright's disease of the kidneys. With kidneys reinforced by Theodora's Black-Draught thousands of persons have dwelt immune in the midst of yellow fever. Many families live in perfect health and have no other doctor than Theodora's Black-Draught. It is always on hand for use in an emergency and saves many expensive calls of a doctor.

Mullins, S. C., March 10, 1901.  
I have used Theodora's Black-Draught for three years and I have not had to go to a doctor since I have been taking it. It is the best medicine for me that is on the market for liver and kidney troubles and dyspepsia and other complaints. Rev. A. G. LEWIS.

### Circumstances.

The endless road has many a sudden turn. Its landscape changes ever and is gone; Yet must the myriad thousands journey on; And many haply meet there who would learn The pitfalls waiting and the dangers stern. But while they palter, lo, the happy dawn Is noonday, and a hopeful life is paw Unto the voiceless mystery of an urn! The men and things that round us congregate Are sent there by the will and wish of fate. We cannot say them nay, nor from the deep Of nothingness call them to good or ill— A preappointed way we take and keep, O'er self alone maintain supreme a will. —Charles W. Stevens in The Outlook.
