

CAUGHT BY THE GRIP. RELEASED BY PE-RU-NA.

**Congressman Geo. H. White's Case.
A Noted Sculptress Cured.**

The world of medicine recognizes Grip as epidemic catarrh. Medical Talk.

writes the following letter from 3417 Wabash avenue, Chicago, Ill.:
"I suffered this winter with a severe attack of the grippe. After using three bottles of Peruna I found the grip had disappeared."—Mrs. T. Schmitt.
Mrs. Celeste Covell writes from 219 N. avenue, Aurora, Ill.:
"Only those who have suffered with the grippe and been cured can appreciate how grateful I feel that such a splendid medicine as Peruna has been placed at the door of every suffering person."—Mrs. C. Covell.

Noted Sculptress Cured of Grip.
Mrs. M. C. Cooper, of the Royal Academy of Arts, of London, England, now residing in Washington, D. C., is one of the greatest living sculptors and painters of the world. She says:
"I take pleasure in recommending Peruna for catarrh and la grippe. I have suffered for months, and after the use of one bottle of Peruna I am entirely well."—Mrs. M. C. Cooper.

D. L. Wallace, a charter member of the International Barber's Union, writes from 15 Western avenue, Minneapolis, Minn.:
"Following a severe attack of the grippe I seemed to be affected badly all over.
"One of my customers who was greatly helped by Peruna advised me to try it, and I procured a bottle the same day. Now my head is clear, my nerves are steady, I enjoy food and rest well. Peruna has been worth a dollar a dose to me."—D. L. Wallace.

Lieutenant Clarice Hunt, of the Salt Lake City Barracks of the Salvation Army, writes from Ogden, Utah:
"Two months ago I was suffering with so severe a cold that I could hardly speak.
"Our captain advised me to try Peruna and procured a bottle for me, and truly it worked wonders. Within two weeks I was entirely well."—Clarice Hunt.

Congressman White's Letter.
Tarboro, N. C.
Gentlemen:—I am more than satisfied with Peruna and find it to be an excellent remedy for the grip and catarrh. I have used it in my family and they all join me in recommending it as an excellent remedy."—George H. White, Member of Congress.

Mrs. T. W. Collins, Treasurer Independent Order of Good Templars, of Everett, Wash., writes:
"After having a severe attack of the grippe I continued in a feeble condition even after the doctors called me cured. My blood seemed poisoned. Peruna cured me."—Mrs. T. W. Collins.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of the Hartman Sanitarium, Columbus, Ohio.

A GRIPPE is epidemic catarrh. It spares no class or nationality. The cultured and the ignorant, the aristocrat and the pauper, the masses and the classes are alike subject to la grippe. None are exempt—all are liable.
Have you the grip? Or, rather, has the grip got you? Grip is well named. The original French term, la grippe, has been shortened by the busy American to read "grip." Without intending to do so a new word has been coined that exactly describes the case. As if some hideous giant with awful GRIP had clutched us in its fatal clasp. Men, women, children, whole towns and cities are caught in the baneful grip of a terrible monster.

Constipation Cured

Those who have used salts, castor oil, and the many home and manufactured purgatives, know that in such treatment there is no possibility of a cure from constipation. These remedies are at most physics and do absolutely no good. In fact they frequently provoke piles, fistula, female disorders and many cases of appendicitis are traceable to their use. Soon the ordinary doses of these physics fail to have any effect upon the bowels.

There never was a case of temporary or obstinate constipation that would not cure. First, Mull's Grape Tonic is unlike any other treatment for constipation. It is the greatest and most positive laxative known. But that isn't what cures. It is the tonic properties of the grape and other fruits that strengthens the worn-out muscles of the intestinal tract. Mull's Grape Tonic builds flesh, makes strength and creates rich, red blood. Mull's Grape Tonic is the finest thing ever known for constipation. It is guaranteed to cure you. Large sample bottle sent free to any address on receipt of 10 cents for postage by Lightning Medicine Co., Rock Island, Ill. Send your druggist's name. All druggists sell Mull's Grape Tonic at 50 cents a bottle.

The Reason Why more wheat is grown in Western Canada in a few short months than elsewhere, is because vegetation grows in proportion to the sunlight. The more northerly latitude in which grain will come to perfection, the better it is. Therefore 62 lbs. per bushel is as fair a standard as 60 lbs. in the East. I am sure Pisco's Cure for Consumption saved my life three years ago.—Mrs. THOS. ROBBINS, Maple Street, Norwich, N. Y., Feb. 17, 1900.

Lieutenant General W. G. Dunham Massy, colonel of the 5th Royal Irish Lancers, who presided at the welcome-home dinner to the regiment in London, recently, had a sobriquet once that can hardly be forgotten yet. For years after 1855 he was known as "Redan Massy," by reason that on a memorable 8th of September this "officer boy," as our friend Mulvaney would have called him, had led an assault of his own upon the Russian outworks at Sebastopol. He was 17, perhaps, then, and this first commission was not a year old.

He was so badly hurt—a ball had smashed his left thigh—that the Russians left him for dead, and when his own people much later on recovered him, he was only just alive. But he lived through a six months' confinement to "a camp stretcher," and the primitive surgery of those days, to command first the Royal Irish Lancers, then, in Roberts' Afghan campaign, a cavalry brigade at Charasia and Sherpur; and, by and by, the garrison of Ceylon. And he is just a C. B. like another, though he has the Legion, and his old University of Dublin gave him his LL. D.

He is a soldier's son, and a soldier's son-in-law; an Irishman born, with a family place in Tipperary, where he is to be found a good deal oftener than in Pall Mall, and where the "Redan Massy" of the far-off days he brings so near finds his chief delight in the peaceful business of the architect and the horticulturist.

THE LIVE STOCK MARKET.

Latest Quotations from South Omaha and Kansas City. SOUTH OMAHA.

CATTLE—There was a liberal run of cattle and buyers took advantage of the opportunity to pound the market a little. The beef steer market was slow in getting started and could safely be quoted a dime lower than yesterday. The quality of the cattle was just fair, which, perhaps, had something to do with the lack of activity. The cow market suffered a little worse than the steers. The morning was well advanced before much trading was done, and as a general thing the decline amounted to 10¢/50. The bull market did not show much change, as buyers have been taking off all the week on that class of cattle. Veal calves also held about steady. There were only a few bunches of stockers and feeders in the yards, so that although the close of the week is at hand prices held about steady. As high as \$14.5 was paid for some cattle, but they were much better than anything that has arrived here in some little time. The common stuff was slow, the same as usual.

HOGS—There was only a moderate run of hogs and under the influence of a good local demand the market opened strong to a nickel higher. The bulk of the medium weight hogs sold from \$6.55 to \$6.65, and the prime heavy hogs sold from \$6.55 down. As a general thing the better weight hogs were a nickel higher, while the lighter hogs were strong to 5¢ higher. Trading was fairly active on the more desirable loads, and the bulk of them was disposed of in good season. As is generally the case, though, the lighter weights were neglected, and were largely left until the last.

VENEZUELAN ARE INDIGNANT.

Excitement Against German Arms High at La Guayra.

LA GUAYRA—The former Venezuelan gunboat Restaurador, now in the possession of the Germans, arrived here Friday from Puerto Cabello and anchored near the shore. Her presence caused great popular indignation. At 3 o'clock several rifle shots were heard in the distance. Shortly afterward the Restaurador left her anchorage and moved to a position outside the harbor and under the protection of the guns of the British cruiser Tribune.

The Restaurador had been armed, equipped and manned by the Germans since her capture. Her anchoring close into the shore was taken by the populace, in view of the Maracabo occurrences, as a direct provocation to retaliation. It is not known where the rifle shots of Friday afternoon were fired, but it is believed that the precaution of the Restaurador in moving from the shore was timely, as the hungry unemployed populace of La Guayra, excited by recent events and driven to desperation by their condition, had applied to the local authorities for arms and proposed making a night attack on the gunboat. The excitement against the Germans is running high here.

FAMINE MAKES CANNIBALS.

New Guinea Black Kill and Eat White Men on the Island.

VICTORIA, B. C.—The steamer Miowara, which arrived Saturday, brings news of the murder of several white men by the natives of New Guinea. A drought has been experienced for some time and it is thought that on account of shortage of food the natives have resorted to cannibalism.

Reports of murders have been received from many places. One tells of the killing of two European prospectors who were eaten by the blacks, and a Dutch constable is also reported killed and eaten. Several blacks were also murdered. Many of the natives have no food and are subsisting on roots and herbs.

Fleeing Felon is Held.

LEAVENWORTH, Kan.—W. O. Murray, one of the leaders of the convict mutineers who escaped from the federal prison on November 7, 1901, is in a Georgia prison camp serving a sentence for robbery. He was arrested four months ago, but his identity was not established until a few days ago. An effort will be made to have the governor of Georgia pardon him, so that he can be brought here for trial.

Doan's Trial Triumph

The Free Trial of Doan's Kidney Pills daily carries relief to thousands. It's the Doan way of proving Doan merit with each individual case.

Aching backs are eased. Hip, back, and joint pains overcome. Swelling of the limbs and dropsy signs vanish.
They correct urine with brick dust sediment, high colored, excessive, pain in passing, dribbling, frequency. Doan's Kidney Pills dissolve and remove calculi and gravel. Relieve heart palpitation, sleeplessness, headache, nervousness.

ROCKDALE, TEX., Dec. 30, 1902.—"When I received the trial package of Doan's Kidney Pills I could not get out of bed without help. I had severe pains in the small of my back. The Pills helped me at once, and now after three weeks the pain in my back is all gone and I am no longer annoyed with having to get up often during the night as formerly. I cannot speak too highly for what Doan's Kidney Pills have done for me. I am now 57 years old, have tried a great many medicines, but nothing did the work until I used Doan's Kidney Pills."—JAMES R. ARTHUR.

A Curious Old Document.

A rare tract by Sir William Seagur, Norroy king-at-arms, printed in 1602, describes the Earl of Cumberland's induction into the office of "Peculiar Champion to Queen Elizabeth." This took place at the annual "feet of arms" held on the queen's birthday. Sir Henry Lea, who was the originator of the celebration, removed his armor and presented the Earl of Cumberland to her majesty, praying her to accept him as her knight. On her signifying her acceptance, the old champion armed the new, and put a cap and coat of velvet upon himself, while one of her majesty's servants sang a song of which one stanza runs: "My helmet now shall make a hive for bees, And lovers' songs shall be my holy psalms; A man at arms must now sit on his knees And feed on prayers which are old age's alms. And so from court to cottage I depart; My saint is sure of mine unspotted heart."

To the housewife who has not yet become acquainted with the new things of everyday use in the market and who is reasonably satisfied with the old, we would suggest that a trial of Defiance Cold Water Starch be made at once. Not alone because it is guaranteed by the manufacturers to be superior to any other brand, but because each 16c package contains 16 ozs., while all the other kinds contain but 12 ozs. It is safe to say that the lady who once uses Defiance Starch will use no other. Quality and quantity must win.

Brighton will next year observe the fiftieth anniversary of an event that stirred the whole of the religious world in England, and moved that of Brighton itself to its depths. That event was the death of the Rev. W. F. Robertson, famous as "Robertson of Brighton." His ministry at the Holy Trinity church in Ship street had only lasted six years, and he was not yet 38, when death took him; but his fame, considerable in life, has since been enormously augmented by the publication of his sermons, and also by the "Life" so sympathetically written by Mr. Stoford Brooke. Indeed, so truly may it be said of him that he is still a living force that it will, doubtless, surprise many to know that nearly half a century has passed since his death. It occurred at midnight on Sunday, August 15, 1853.

The municipal progressiveness of Glasgow is forever showing new sides. At the police stations there is not only a room for lost children, but a tub for stray fish. A fresh-water trout, we read, was seen drifting on the harbor surface at Broomielaw in a sickly condition, "but quickly revived on being placed in a bath of fresh water at the police station." It is not clear that the detention was wholly therapeutic. So reckless an invasion of the lower Clyde, besides being ill-advised, for obvious reasons, may easily have contravened one of Glasgow's numerous regulations. But if salmo trutta comes before the baillie, it will surely be allowed that the offender has already undergone sufficient punishment.

Life would hardly be worth living if one could not forget with some discrimination.

Thought She Would Go Crazy.
Hulls, Ill., Jan. 26th.—"I couldn't sit longer than five minutes in one place. I was always tired, but could not rest or sleep. I couldn't help crying and feeling that something awful was just about to happen. I thought I would go crazy." In this way does Mrs. A. M. Fysh of this place tell of the illness from which she has just recovered.

Mrs. Fysh's case was remarkable. If she fell asleep she would wake up frightened, her mouth dry and her nerves all worked up. She was lonesome and melancholy even when surrounded by loving friends. Her bones ached. She had to make water four or five times every night. She was constipated. She had a voracious appetite, yet was always hungry between meals. She coughed up a great deal of white phlegm.

She heard of Dodd's Kidney Pills and after using them says:
"By the time I had taken five boxes I was a new woman. I can not tell how much good they did for me. Before using Dodd's Kidney Pills life was such a drag to me. Now I can do my work and feel glad that I have work to do. I am completely restored."
