Croup.
The peculiar
cough which
indicates croup,
is usually well
known to the
mothers of
croupy children.
No time should
be lost in the
treatment of
it, and for this
purpose no
medicine has
received more
universal
approval than
Chamberlain's
Cough Remedy.
Do not waste
valuable time
in experimenting
with untried
remedies,
no matter how
highly they
may be recom
mended, but
give this
medicine as
directed and
all symptoms
of croup will
quickly disappear.
