Cancer Cured.
W. W. Prickett, Smithfield, Illinois, writes,
September 10th, 1901: "I had been suffering
several years with a cancer on my face, which
caused me great annoyance and unbearable
itching. I was using Ballard's Snow
Liniment for a sore leg and through an accident
I rubbed some of the liniment on the cancer and
it gave me almost instant relief. I decided to
continue to use the liniment on the cancer. In
a short time the cancer came out, my face
healed up and there is not the slightest scar
left. I have implicit faith in the merits of this
preparation and it cannot be too highly recom-
mended." 25c, 50c and \$1.00. For sale by A.
McMillen.

The scratch of a pin may cause the loss of a
limb or even death when blood poisoning re-
sults from the injury. All danger of this may
be avoided, however by promptly applying
Chamberlain's Pain Balm. It is an antiseptic
and quick healing liniment for cuts, bruises and
burns. For sale by L. W. McConnell, druggist.

Tendency of the Times.

The tendency of medical science is toward
preventive measures. The best thought of the
world is being given to the subject. It is
easier and better to prevent than to cure. It
has been fully demonstrated that pneumonia,
one of the most dangerous diseases that medi-
cal men have to contend with, can be prevented
by the use of Chamberlain's Cough Remedy.
Pneumonia always results from a cold or from
an attack of influenza (grip) and it has been
observed that this remedy contracts any ten-
dency of these diseases toward pneumonia.
This has been fully proven in many thousands
of cases in which this remedy has been used
during the great prevalence of colds and grip
in recent years, and can be relied upon with im-
plicit confidence. Pneumonia often results
from a slight cold when no danger is ap-
prehended, until it is suddenly discovered that
there is a fever and difficulty in breathing and
pains in the chest and then it is announced that
the patient has pneumonia. Be on the safe side
and take Chamberlain's Cough Remedy as soon
as the cold is contracted. It always cures. For
sale by L. W. McConnell, druggist.

full of snow. T. M. Campbell's team

ing, as he took Miss Eliza Johnson to

We understand that our energetic
blacksmiths feel slighted because we
do not mention their business and as we
don't want to hurt anyone's feelings we
make this statement: Blacksmiths
Clouse & Wood engaged in a little
scrape, Wednesday, in which both used
knives and one life was lost. No arrests
have been made owing to the fact that
it was only a hog that lost its life and
the same which caused the scrape.

Thursday morning shortly after 12 a.
m., fire broke out in William Short's
store and soon Short's store, Jack Craw-
mer's store and Fletcher's land office
were going up in smoke. The bell was
rung to arouse the people to the danger,
but nothing could be done to save any-
thing. Both stores carried a large line
of merchandise and Short carried a large
stock of feed also. Nothing has been
found out as to how the fire started and
as yet the loss has not been fully esti-
mated. None of the building were in-
sured except Jack Cramer's.

"I was troubled for several years with chronic
indigestion and nervous debility," writes F. J.
Green of Lancaster, N. H. "No remedy helped

used. They have also kept my wife in excellent
health for years. She says Electric Bitters are
just splendid for female troubles; that they are
a grand tonic and invigorator for weak, run-
down women. No other medicine can take its
place in our family." Try them. Only 50c.

beets for feed. One acre of sugar beets
makes more feed than five acres of corn

Weak and Low-Spirited.
A correspondent thus describes his experience:
"I can strongly recommend Herbine as a medi-
cine of remarkable efficacy for indigestion, loss
of appetite, sour taste in the mouth, palpi-
tation, headache, drowsiness after meals with
distressing mental depression and low spirits.
Herbine must be a unique preparation for cases
such as mine for a few doses entirely removed
my complaint. I wonder at people going on
suffering or spending their money for worthless
things, when Herbine is procurable, and so
cheap." 50c a bottle at A. McMillen's.

"My husband lay sick for three months; the
doctors stated that he had quick consumption.
We procured a bottle of Ballard's Horehound
Syrup and it cured him. That was six years

A Cough

"I have made a most thorough
trial of Ayer's Cherry Pectoral and
am prepared to say that for all dis-
eases of the lungs it never disap-
points."
J. Early Finley, fronton, O.

Ayer's Cherry Pectoral
won't cure rheumatism;
we never said it would.
It won't cure dyspepsia;
we never claimed it. But
it will cure coughs and
colds of all kinds. We
first said this sixty years
ago; we've been saying it
ever since.
