

# PRESIDENT FULLER OF THE JEWELERS' ASSOCIATION

## Threatened With Loss of Hearing, Smell and Sight From the Ravages of Catarrh.

Pe-ru-na Cured Him.

"I Feel Like a Young Man Again."

Mr. J. W. Fuller.

A GREAT many remedies to temporarily relieve catarrh have been devised from time to time, such as sprays, snuffs, creams and other local applications, but, as a rule, the medical profession has little or no enthusiasm in the treatment of catarrh.

It is generally pronounced by them to be incurable.

It therefore created a great sensation in medical circles when Dr. Hartman announced that he had devised a compound which would cure catarrh permanently.

The remedy was named Peruna and in a short time became known to thousands of catarrh sufferers north, south, east and west. Letters testifying to the fact that Peruna is a radical cure for catarrh began to pour in from all directions.

Thousands of such letters are on file in the office of The Peruna Medicine Co. Rev. E. Stubbenvoll, Pella, Wis., writes: "I feel obliged to extend you my personal thanks for my complete restoration. All through the winter I suffered from throat and lung trouble, but recovered my entire health by the use of your excellent remedy, Peruna."

The following letter from a prominent gentleman of Los Angeles, is a case in point:

Mr. J. W. Fuller, President of the Jewelers' Association of Los Angeles, Cal., has been in business in that city for seven years out of the forty-five that he has been engaged in business. Concerning his experience with Peruna he says:

"I was troubled with catarrh of the head for many years. It affected my sense of smell, hearing and sight. I spent lots of money with doctors and the use of local applications to relieve me but to no purpose, until my attention was called to the wonderful effects of Peruna."

"I must say that I met with most surprising and satisfactory results. Peruna took hold of the complaint and drove it entirely out of my system."

"Although well along toward the allotted span of man's life I am pleased as a child over the results, and feel like a young man again."—J. W. Fuller.

Such letters as the above are not used for publication except by the written permission of the writer.

A pamphlet filled with such letters will be sent to any address free. This book should be read by all who doubt the curability of catarrh.

If you do not receive prompt and satisfactory results from the use of Peruna write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis. Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

### Amusing Editorial Squibs.

This amusing excuse was given by the editor of an Indian vernacular paper, which was printed with two columns left blank on the most important page, says the London Express:

"We had reserved this space for an exceptionally powerful article on a subject of universal interest to our readers, but at the last moment we find the article cannot be compressed into the two columns reserved for it. The article will make its appearance next week."

Another Hindu editor, who wanted a holiday, published this editorial:

"As we are beginning to feel the physical and mental effects of a year's unremitting devotion to the interests of our readers, we feel it due to them that we should take a rest, which our labors in their behalf demand and deserve, and as a natural consequence beg to notify that this paper will cease to appear for the space of four weeks."

### He Despised Office-seekers.

President Roosevelt was telling a friend about his mail, which averages 500 or 600 a day. "One of the most remarkable letters I ever received," he said, "arrived on the morning the first full accounts of the Martinique disaster were printed in the newspapers. The writer said he saw that the American consul at Martinique had been burned to death. He applied for the place and wound up with this assertion: 'I make this early application so as to get in ahead of those loathsome creatures, the office seekers.'"

### Would Sell Offices at Auction.

Colonel J. D. Shires, of Marion county, Ky., seems to be rather radical in his ideas. "I am in favor," he says, "of putting up all county offices for sale to the highest bidder. Let the auctioneer run each office to the highest notch, then knock it off. The money thus obtained should be used for building and bettering roads. As it is worked now, candidates with money behind them buy the offices from floaters, who spend the money in riotous living before they get home, and leave their families breadless."

### Only Open in Summer.

A sense of humor is not a very strong characteristic of the English clergy, but occasionally some of them possess it saving grace, says the London Tatler.

Canon Knox Little tells a story of being asked once to preach in the country, and being in the neighborhood went to inspect the church in question beforehand.

He arrived at a side door, over which was carved in stone, "This is the Gate of Heaven," but underneath was written, "This door is only open in summer."

### Revival of Foppism.

It may have been only one of life's little ironies, says the London Express, that when Mr. Beerbohm Tree was giving a picture at His Majesty's of "The Last of the Dandies," there should have been a revival of foppism all over London. Carefully cosseted young men may be seen daily swaggering down Piccadilly elaborately attired, with tight trousers, gorgeous waistcoats and slender-waisted frock-coats, and invariably a crook-stick swinging in one arm. The eye-glass, which hangs by a slender cord, or is kept in a special small pocket, is by no means an assistance to sight; and though, happily, it is no longer the custom to "make up" vast sums of money are spent in soaps and shaving creams, hair lotions, and even fine face powder. A man's dressing case today has quite as many appointments as a lady's, and can cost quite as much.

### Bridesmaids Who Are Paid.

The profession of bridesmaid seems to be growing in New York. For some time it has been the habit at weddings in that city to pay bridesmaids. At a recent wedding there were no fewer than fifteen bridesmaids, who were all punctually paid. Besides the beautiful dresses given by the bride's father, they each received \$25 apiece for appearing in the wedding trap. There are young ladies who accept so much as \$100 for their office of honor. One girl who is much sought after for her beauty has appeared as bridesmaid at more than 200 weddings, and has in a short time amassed quite a goodly sum, besides receiving many costly presents.

### ASKING QUESTIONS.

An Inquiry Changed a Man's Whole Life.

When you get a man to recognize that his bad feelings come from improper food and that he can get well by using scientific food, the battle is half won. One of New York's business men says:

"I was troubled for a long time with indigestion, headache, and stomach trouble, and had taken various medicines, but with no good results. I concluded to see how a change of food would affect me. I never cared particularly for cereals of any kind, but ate meat and pastry continually and drank coffee.

"I found on inquiring that Grape-Nuts were highly spoken of, and decided to give them a trial. To say I was surprised at the result would not begin to do justice to my feelings. My headaches left me, my brain became clearer and active, my attacks of indigestion grew fewer and fewer until they ceased entirely, and where I once went home tired, fagged out and indisposed to any exertion whatever, I now found a different state of affairs.

"My color was good, my muscles strong and firm and fully equal to anything I asked of them, instead of soft and flabby. I live two miles from my business and walk it daily back and forth, if the weather permits. I am 55 years old and feel as well and strong as when I was 30, and can ride 70 miles a day on a bicycle without feeling any bad results." Name given by the Postum Co., Battle Creek, Mich.

### THE LIVE STOCK MARKET.

Latest Quotations from South Omaha and Kansas City.

#### SOUTH OMAHA.

CATTLE—The receipts of cattle were about normal and the market showed no great changes. About the usual proportion of the receipts consisted of beef steers, and buyers took hold fairly well and paid just about steady prices for everything offered. The better the quality the easier the cattle were to dispose of, but still even the half fat stuff sold to about as good advantage as it did yesterday. The cow market seemed to be rather uneven. Some salesmen were well satisfied with the market, and were quoting it steady, while others thought they did not do quite as well as yesterday. Taking the average, there was very little change from yesterday in the prices paid. Bulls, veal calves and stags also sold without material change, the demand apparently being fully equal to the supply. Stockers and feeders were scarce, and as speculators carried over very few from yesterday, anything at all desirable sold at just about steady prices. Common kinds, though, were slow sale, as no much demand from the country was expected for the remainder of this week.

HOGS—There was not an excessive supply of hogs, but as all other markets were quoted lower prices here also took a tumble. The decline amounted to just about 5¢. Trading was not exactly brisk, but still the bulk of the offerings were disposed of in good season. Good heavy hogs sold largely from \$7.00 to \$7.10 and prime heavyweights sold up to \$7.17½. The medium weights went largely from \$6.95 to \$7.00 and the light stuff from \$6.95 down. The last end of the market was if anything a shade easier, as packers filled their more urgent orders and were not as anxious for supplies.

### BIG PAY AIDS AMERICA.

Drives Goods from Market and Sends Clerks to Competitive Stores.

BERLIN.—Export, a trade paper devoted to extending German foreign trade, publishes a series of articles on the methods by which American goods are supplanting German goods in foreign markets. The articles consist largely of letters from Germans living in Mexico, Venezuela, Brazil and Australia.

The writers explain that German houses are being beaten because they are unwilling to guarantee agents fixed salaries, as Americans do, and also because they depend upon send-out catalogues, whereas Americans keep stocks of goods in established agencies, where buyers are able to purchase after seeing the goods. German agents, it is added, are largely taking service with American houses because of the better terms offered them.

Export urges the German manufacturers to abandon their "penny-wise, pound foolish policy" and give their agents decent fixed salaries so as to enable them to withstand the flattering offers of the American competitors, adding:

"This is all the more important since American competition in the world's market will evidently grow keener during the next ten years."

### Injunction Judge Denounced.

Paducah, Ky.—At the western Kentucky district miner's convention W. F. Farley of Birmingham, Ala., denounced Judge Adams of St. Louis for granting an injunction to prevent the Wabash employes striking. He said if Judge Adams was within the law American workmen were in a worse condition of slavery than the negroes before the civil war.

### TOPEKA, Kan.—The state senate passed resolutions providing that a \$1,500 silver service should be purchased for the new battleship Kansas. The house will concur in the resolution.

### Earthquakes in Saxony.

Berlin.—Earthquake shocks have been felt for two days in the district of Voigtland, Saxony, in the Erzgebirge (Ore) mountains. Yesterday's shock slight, but those of today were felt. The inhabitants of Graulitz left their houses and passed the day in the streets. The tremors were felt so far as Plouan, Reichenbach and Zekicha. Houses at Unter Sachsenburg and at Asch shook for several seconds. Excitement prevails in the district.

Regular bowels will result in a complete cure when you use Mull's Grape Tonic. No matter if it is piles, liver complaint, kidney disorder, vertigo, palpitation of the heart, diarrhoea or the self-poisoning which follows when the undigested food remains in the bowels where it putrefies and empties highly diseased germs into the blood, such as typhoid and malaria, Mull's Grape Tonic will positively cure.
