TWENTY-FIRST YEAR.

McCOOK, RED WILLOW COUNTY, NEBRASKA, FRIDAY EVENING, APRIL 3, 1903.

NUMBER 46

## In Memoriam—Mrs. A. M. Cassell.

COMMUNICATED.  
Died—at the home of her parents near Chilhowie, Virginia, Mrs. A. M. Cassell, after a serious illness of about eight months. This sad event occurred at 1:20 a. m. on the 10th of March, 1903. Her age was 40 years, 11 months and 9 days.  
The funeral service was conducted by Rev. W. W. Hicks, assisted by Rev. J. F. Maiden and C. T. Rouse. Her remains were peacefully laid to rest in St. James cemetery.  
During Mrs. Cassell's sickness and suffering she displayed much courage and patience. She was always cheerful and hopeful.  
Since 1875 Mrs. Cassell has been a consistent member of the Missionary Baptist church. She performed her church duties with care and devotion.  
Her winsome ways caused her to be highly esteemed and loved by all who knew her, both in Virginia and in the western states where she lived during the last fifteen years of her life.  
Mr. Adam Mitchell Cassell and Senah J. Thompson were united in the holy bonds of matrimony on December 21st, 1876. She leaves a loving mother, a devoted husband and three affectionate children, Willie, Lee and Mary, to mourn this irreparable loss.  
And now in the dark hour, while their hearts are bowed down in sorrow and bereavement, they have the most profound sympathy of all who know them.  
They loved her, yes they loved her,  
But Jesus loved her more,  
And he sweetly called her  
To yonder shining shore.  
The golden gates were opened,  
A gentle voice said come;  
And with farewells unspoken  
She calmly entered home.  
CARD OF THANKS.  
We take this method of publicly extending our sincerest thanks to all who so kindly aided us during the sickness and after the death of our beloved wife, mother and daughter. We pray that God's richest blessing may ever attend you all.

## Death of an Aged Citizen.

R. A. Cole, the West Dennison street merchant tailor who has been ill for several weeks, passed away on Sunday evening, March 29th, at about eight o'clock. His daughter Mrs. Finch of York attended him throughout his final illness.  
The deceased was one of McCook's pioneer businessmen, having for many years carried on the business of merchant tailor in our city.  
Services were held in the Methodist church, Tuesday afternoon at two o'clock by Rev. L. H. Shumate, after which the remains were buried in River-view cemetery.  
[RUFUS ADAM COLE was born in Brockville, Ontario, Canada, January 19th, 1827. He came to York state in 1844. Afterwards returning to Canada for a while. At the age of 21 years he was united in marriage with Elizabeth Gillet, and to them eight children were born, four surviving—Mrs. Mary Newman of Canada, Mrs. George Stephens of Chicago, Mrs. Finch of York, Nebraska, and Carman L. Cole of Colorado.  
A change was made in the assignment of mail clerks between Omaha and McCook, Wednesday. Under the system abandoned three men ran between Lincoln and Omaha and two from Lincoln to Hastings on Nos. 5 and 12. Now three men run from Omaha to Lincoln and two run clear through to McCook. This took off one man from the run to Hastings on Nos. 3 and 6. The change was made because the increase of western mail made a new division of the work between the two trains necessary. H. S. Knight and R. E. Warren, formerly running to Hastings, now run to McCook. B. F. Moore and J. N. Fry go through to McCook instead of stopping at Lincoln. H. B. Campbell and R. D. Sherbondy will run between Lincoln and Omaha. James S. Horney of the Lincoln-Kansas City run has been transferred to the Holdrege-Sterling run vice Walter Muller who has been given Mr. Horney's run.

## A Former McCook Physician.

Kansas City, Mo., March 21.—Dr. Elbert A. Hall was caught at Fiftieth and Campbell streets by two detectives. Hall was carrying at the time a large package, which seemed to tax his strength severely. Upon examination it contained a dozen three-foot lengths of leadpipe recently sawed out of the plumbing in a house, Kansas and Denver. His private papers show him to be an unusual prisoner. He says that he came to Kansas City last fall and that he has a son, "Bert" Hall, who is now a ballboy in the Hotel Baltimore.  
Shortly after reaching here Hall started a matrimonial agency and published a small paper to attract members who wished to join it. The plan was not unusual in any way, except perhaps in some of the methods adopted to keep customers writing. The paper was called Wedding Bells and the subscription price was 40 cents a year.—Lincoln Star.

## Mortgage Burning Celebration.

The Methodist friends celebrated the lifting of the last evidence of debt against their church property last evening. There was a large attendance of members and friends to witness the formal cancellation of the debt and burning of the mortgage of \$500 and interest for six years.  
There was an earnest, congratulatory address by Presiding Elder W. E. Holdrege, and a musical program, viz: vocal solos by Mr. and Mrs. Charles W. Britt, a violin solo by Roswell Cutler and a clarinet solo by Ralph Cutler.  
Refreshments were served by the ladies of the Aid society.  
It was a genuine jubilee occasion, warranted by the happy fact that the church is out of debt and has cash in the treasury.  
We congratulate.

## It's Not Every Year

## Junior Normal Bill Becomes a Law.

Now that the bill establishing Junior Normal school has become a law and one being located at McCook will we have the ambition to make it a success? The law establishing these schools in the western part of the state is understood to be somewhat experimental. A good many of the educators in the western part of the state have felt that if normal schools held during the summer could be established a great many of the teachers would avail themselves of the opportunity to secure normal school training.  
In the opinion of the writer it is going to depend greatly on the citizens residing where these schools are located whether they will be permanent and grow in benefits or whether they will die at birth as has been the case with a number of enterprises in our territory. It does seem as though we should keep this new offspring alive long enough to see how it looks. May be if we nurse it through the colic, croup, whooping-cough, and other diseases of infancy, after a while we may like it and be glad that we gave it the necessary parental care.  
For this Junior Normal to be successful it will be necessary to advertise it thoroughly, letting all the teachers and everyone else interested in this branch of education, know that the law is passed and that this school will be held here this summer. This advertisement should be so persistently placed before the public that everyone will hear of it, talk of it and a large number attend. This will make it a success.  
On the part of the people in McCook it will be necessary to make some provision for taking care of and making it comfortable and to some extent entertain those in attendance. Our hotel and boarding house accommodations are not sufficient to take care of nearly so many people as should attend this school.  
We are told by members of the library board that a good many books of reference and books on educational lines, are not in our library and the pride that the McCook citizens take in the library will make it almost necessary that these books be procured and the library kept open all day and evening during the time the school is in session.  
The management of the school will be under the state educational department and doubtless there will be a number of good lectures during the session and our citizens will have the privilege of hearing them and the advantage will be partially on our side.  
Some money has been subscribed for assisting a summer school, and this added to what should be raised by some means the committee on normal schools may devise, should be placed in the hands of some person to be used in advertising this school and in making the first session a success. If a large attendance can be secured and interest is taken in the school by our citizens and the first term can be made successful we shall have taken the first step toward securing a state normal school for McCook.
