

Takoma

King Solomon had a thousand wives
And when he staid out late
To face a thousand mothers-in-law
Was his unhappy fate.

But after frequent trouble,
He got the idea right—
To just Takoma Biscuit
And everything was bright.

BOX ELDER.

Robert Lorington moved over near Hannan, last Friday.

Miss Florence Younger closed a six months' school, last Friday.

Ray Campbell of Osburn was the guest of Orin Wilson, Saturday and Sunday.

Misses Maude Harrison and Maude Stone visited Miss Younger's school, last Friday.

Elmer Shepherd and Nannie Campbell spent Sunday with T. M. Campbell and family.

Dolly, the little two year old daughter of Mr. and Mrs. J. S. Doyle, who has been having a severe attack of lung fever, is thought to be out of danger.

A few of the young people from here attended the closing exercises of the school at the Ball school-house, last Friday evening. An interesting program is reported.

A doctor was called, last Friday evening, to see Dora, the little daughter of Mr. and Mrs. N. Boyce, who had a very sore throat, but she is getting along nicely and will soon be able to return to school.

Miss Bertha Wolfe's team took quite a spin last Tuesday afternoon. She had been over to J. K. Gordon's and on her way home she got out to open the gate, when they started and ran, breaking the double-tree and top of the buggy. They finally ran home, where they were caught.

How to Ward off Rheumatism.
"For years when spring time came on and I went into gardening, I was sure have an attack of rheumatism and every attack was more severe than the preceding one," says Josie McDonald, of Man, Logan county, West Va. "I tried everything with no relief whatever, until I procured a bottle of Chamberlain's Pain Balm, and the first application gave me ease and before the first bottle was used I felt like a new person. Now I feel that I am cured, but I always keep a bottle of Chamberlain's Pain Balm in the house, and when I feel any symptoms of a return I soon drive it away with one or two applications of this liniment." For sale by L. W. McConnell, druggist.

Young Plants

Every farmer knows that some plants grow better than others. Soil may be the same and seed may seem the same but some plants are weak and others strong.

And that's the way with children. They are like young plants. Same food, same home, same care but some grow big and strong while others stay small and weak.

Scott's Emulsion offers an easy way out of the difficulty. Child weakness often means starvation, not because of lack of food, but because the food does not feed.

Scott's Emulsion really feeds and gives the child growing strength.

Whatever the cause of weakness and failure to grow—Scott's Emulsion seems to find it and set the matter right.

A Talk to the Farmers.

The Saillac Sugar Refining company is meeting with good success in securing its acreage for 1903 and chiefly within wagon-haul of the factory. Agricultural Superintendent Trowbridge makes a few statements regarding the crop that are applicable in any locality and we herewith present them:

1. That sugar-beets can be grown with more profit than any other farm crop has been too fully demonstrated in other localities during previous years to need discussion here.

2. In a fair season and with good land the crop should yield at least twelve tons per acre. Many have obtained results as high as 20 to 25 tons per acre. The cost of growing and delivering 12 tons per acre of sugar-beets will not exceed \$40 per acre, allowing rental for land and compensation at current wages for all time spent in caring for the crop, leaving a margin of net profits of \$20 to \$25 per acre.

3. The growing of sugar-beets increases the value of farm property hence the farmer is able to get better results from his land.

4. The growing of sugar-beets puts the land in better shape for succeeding crops, owing to the depth to which the soil is worked in handling and harvesting the beets. Corn, oats or wheat following a crop of sugar-beets yield from 20 to 40 per cent more than would be obtained under the same conditions when following some other crop.

5. An acreage of sugar-beet properly cared for leaves the land free from fowl weeds.

6. The growing of sugar-beets furnishes employment to women and children, who would not otherwise find continuous remunerative employment during the summer.

7. The growing of sugar beets brings into the country greater numbers of laborers, so that help is more available for haying and harvesting season.

8. A crop of sugar-beets furnishes employment for teams during the late fall and early winter, delivering beets to the factory, when otherwise the teams would be earning nothing for much of the time.

9. The presence of a successful sugar factory in any community makes a marked increase in the population of that community, furnishing a greater market for all farm produce, insuring readier sales and better prices.—Bay City, (Mich.) Sugar Beet.

Walks Without Crutches.

I was much afflicted with sciatica, writes Ed C. Nud, Iowaville, Kansas, "going about on crutches and suffering a deal of pain. I was induced to try Ballard's Snow Liniment, which relieved me. I used three 50c bottles. It is the greatest liniment I ever used; have recommended it to a number of persons and all express themselves as being benefitted by it. I now walk without crutches, able to perform a great deal of light labor on the farm." 25c, 50c \$1.00 at A. McMillen's.

Due Notice is Served.

Due notice is hereby served on the public that De Witt's Witch Hazel Salve is the only salve on the market that is made from the pure, unadulterated witch hazel. De Witt's Witch Hazel Salve has cured thousands of cases of piles that would yield to no other treatment, and this fact has brought out many worthless counterfeits. Those persons who get the genuine De Witt's Witch Hazel Salve are never disappointed, because it cures.

DANBURY.

J. C. Roesch, near Hamburg, is very sick with stomach trouble.

J. G. Evers is having his house remodelled before moving into it. Mr. Cribben is doing the work.

Ab Lister died at the home of his brother James, last week, and was buried in the Danbury cemetery.

W. H. Eifert moved U. S. Leisure's bee house and joined it to Mr. Leisure's residence to be used for a kitchen.

Sylvia Dow was in town again Wednesday, bringing Pearl Hayes home and taking her mother back with her.

Mr. and Mrs. C. W. Dow of Indianola drove over and visited Danbury friends, Sunday, Mrs. Dow staying until Wednesday.

W. H. Eifert and crew moved the old Dolph barn for Charles Rogers, on Monday and Tuesday, and are now repairing and fitting it for use.

Sylvia Dow of Indianola visited Danbury relatives and friends, last week, returning home on Friday. She was accompanied home by Pearl Hayes.

A Sweet Breath

Is a never-failing sign of a healthy stomach. When the breath is bad the stomach is out of order. There is no remedy in the world equal to Kodol Dyspepsia Cure for curing indigestion, dyspepsia and all stomach disorders. Mrs. Mary S. Crick of White Plains, Kentucky, writes: "I have been a dyspeptic for years, tried all kinds of remedies but continued to grow worse. By the use of Kodol I began to improve at once and after taking a few bottles am fully restored in weight and health and can eat whatever I like." Kodol digests what you eat and makes the stomach sweet. L. W. McConnell.

Now's the time to take Rocky Mountain Tea; it drives out the microbes of winter; it builds up the stomach, kidneys and liver. A wonderful spring tonic that makes sick people well. L. W. McConnell.

Want More Teams Urgently.

Culbertson seems to be the present center of the sugar beet industry of the Republican valley. With their 1,500 acres being prepared and planted to beets the scene presented is one of intense activity. Teams are being pushed to their utmost, earning \$4 to \$5 per day, and many more teams are wanted. It is feared that some of their best beet land will be idle this year for want of teams to do the work.

Beauty and Strength

Are desirable. You are strong and vigorous, when your blood is pure. Many—men, most—women, fail to properly digest their food, and so become pale, sallow, thin and weak, while the brightness, freshness and beauty of the skin and complexion depart. Remedy this unpleasant evil, by eating nourishing food, and taking a small dose of Herbine after each meal, to digest what you have eaten. 50c at A. McMillen's.

A Great Sensation.

There was a big sensation in Leeville, when W. H. Brown of that place, who was expected to die, had his life saved by Dr. King's New Discovery for Consumption. He writes: "I endured insufferable agonies from asthma, but your New Discovery gave me immediate relief and soon thereafter effected a complete cure." Similar cures of consumption, pneumonia, bronchitis and grip are numerous. It's the peerless remedy for all throat and lung troubles. Price 50c, and \$1. Guaranteed by L. W. McConnell, druggist. Trial bottles free.

Herbine Cures

Fever and ague. A dose will usually stop a chill, a continuance always cures. Mrs. William M. Stroud, Midlothian, Texas, May 31, 1899, writes: "We have used Herbine in our family for eight years, and found it to be the best medicine we have ever used, for la grippe, bilious fever, and malaria." 50c at A.
