

CONGRESSMAN WILBER SAYS

[To The Pe-ru-na Medicine Co., of Columbus, O.]

"Pe-ru-na is All You Claim For It."

Congressman D. F. Wilber, of Oneonta, N. Y., writes:
The Peruna Medicine Co., Columbus, Ohio:

Gentlemen—"Persuaded by a friend I have tried your remedy and I have almost fully recovered after the use of a few bottles. I am fully convinced that Peruna is all you claim for it, and cheerfully recommend your medicine to all who are afflicted with catarrhal trouble."—David F. Wilber.

Pe-ru-na a Preventive and Cure for Colds.

Mr. C. F. Given, Sussex, N. R., Vice President of "The Pastime Boating Club," writes:

"Whenever the cold weather sets in I have for years past been very sure to catch a severe cold which was hard to throw off, and which would leave after-effects on my constitution the most of the winter.

"Last winter I was advised to try Peruna, and within five days the cold was broken up, and in five days more I was a well man. I recommended it to several of my friends and all speak the highest praise for it. There is nothing like Peruna for catarrhal affections. It is well nigh infallible as a cure, and I gladly endorse it."—C. F. Given.

A Prominent Singer Saved From Loss of Voice.

Mr. Julian Weissitz, 175 Seneca street, Buffalo, N. Y., is corresponding secretary of the Sangerlust, of New York; is the leading second bass of the Sangerlust, the largest German singing society of New York and also the oldest.

In 1899 The Sangerlust celebrated its fiftieth anniversary with a large celebration in New York City. The following is his testimony:

"About two years ago I caught a severe cold while traveling and which settled into catarrh of the bronchial tubes, and so affected my voice that I was obliged to cancel my engagements. In distress I was advised to try Peruna, and although I had never used a patent medicine before, I sent for a bottle.

"Words but illly describe my surprise to find that within a few days I was greatly relieved, and within three weeks I was entirely recovered. I am never without it now, and take an occasional dose when I feel run down."—Julian Weissitz.

If you do not derive prompt and satisfactory results from the use of Peruna write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

The Young Man Vanished.

When Mr. Miles, assistant secretary of the treasury, was returning from Cuba a few days ago, a young man whom he had seen on the Key West steamer came up to him on the train and began a conversation with easy familiarity. "Get any cigars through?" asked the affable young man. "Oh, yes," replied Mr. Miles. "A couple of boxes." "Didn't pay any duty on 'em, I hope?" "Yes, I paid duty," said Mr. Miles, sadly. "Oh, pshaw!" said the young man. "You're dead slow. I got 250 through and they didn't pay duty." "You see," said Mr. Miles, "the difference between us is that I am an assistant secretary of the treasury." The young man vanished and Mr. Miles did not see him again during the trip to Washington.

Took Howells for a Crook.

A Boston business man who has a very poor opinion of the detectives in that city sent for two of them recently and showed the photograph of a rather tough-looking person whose identity he seemed anxious to learn. One of the sleuths at once identified the man as a noted bank robber; the other inclined to the belief that it was an equally notorious forger. They finally agreed that it was the bank robber, whereupon the business man showed the back of the photograph—on which they read the original's name—William Dean Howells. When the author heard that he had been mistaken for a noted criminal he thoughtfully observed that he could not blame the detectives.

Pharaoh's Chariot Found.

The credit for making the most interesting discovery in Egypt last season is given to an American, Theodore M. Davis, whose work resulted in the discovery of the tomb of the Pharaohs of the eighteenth dynasty. In the tomb was the chariot in which the pharaoh rode at Thebes. The actual find was made known, not by Mr. Davis, but by Howard Carter, inspector of the monuments of Upper Egypt for the Egyptian government, who has been assisting Mr. Davis.

We Are Great Apple Eaters.

The latest estimate places the total number of apple trees of bearing age in the United States at something over 200,000,000. This is nearly three trees to every person. These trees yield more than 175,000,000 bushels. Not all of these apples are consumed at home, for in years of full crop more than 3,000,000 go abroad. Yet the apples kept at home are more than two bushels to every adult and child.

To those who work the world owes all its progress.

THE LIVE STOCK MARKET.

Latest Quotations from South Omaha and Kansas City.

CATTLE—There was a fairly liberal run of cattle, but at the same time there were none too many to meet the requirements of the local trade. Beef steers were in liberal demand, and the market could be safely quoted strong. The desirable grades in a good many cases sold 50 to 100 higher than the same kinds brought yesterday. Both the heavy and light weights sold to good advantage, and as compared with the first of the week the general market is fully 15 to 20c higher. Cows and heifers were again in good demand, and anything at all decent sold at fully steady prices. Good light weight heifers, in particular, sold to good advantage, and they are quite a little higher for the week. Bulls were in good demand and the better grades commanded stronger prices. Veal calves and stags were also fully steady. There were only just a few stockers and feeders on sale and they were mostly on the common order. The few good cattle that did arrive sold at about steady prices.

HOGS—There was a very light run of hogs, but as other markets were quoted lower the tendency was in the direction of lower prices. At the start the market was just about steady, but toward the close buyers did not take hold with as much life, and the last end of the market was slow and weak. Light hogs sold from \$7.20 down, mediums from \$7.20 to \$7.25, and good weights from \$7.25 to \$7.30, with a top at \$7.35. Trading was not very active at any time.

SHEEP—Quotations for woolled stock: Choice western lambs, \$7.50 to \$7.55; fair to good, \$7.40 to \$7.45; choice light weight yearlings, \$6.90 to \$6.95; fair to good yearlings, \$6.80 to \$6.85; choice wethers, \$6.90 to \$6.95; fair to good, \$6.75 to \$6.80; choice ewes, \$6.75 to \$6.80; fair to good, \$6.60 to \$6.65; feeder lambs, \$4.50 to \$4.55; feeder wethers, \$4.00 to \$4.05; feeder ewes, \$3.90 to \$3.95; clipped stock sells about 50c lower than woolled stock.

KANSAS CITY.

CATTLE—Beef steers active and strong; fat cows and heifers firm; stockers and feeders steady; choice export and dressed beef steers, \$1.00 to \$1.05; fair to good, \$3.80 to \$3.85; stockers and feeders, \$3.50 to \$3.55; western fed steers, \$3.00 to \$3.05; Texas and Indian steers, \$2.90 to \$2.95; Texas cows, \$2.00 to \$2.05; native cows, \$1.75 to \$1.80; native heifers, \$2.00 to \$2.05; canners, \$1.25 to \$1.30; bulls, \$3.00 to \$3.05; calves, \$2.00 to \$2.05.

HOGS—Steady to 75c lower; top, \$7.45; bulk of sales, \$7.20 to \$7.25; heavy, \$7.30 to \$7.35; mixed packers, \$7.20 to \$7.25; light, \$7.10 to \$7.15; yorkers, \$7.20 to \$7.25; pigs, \$5.50 to \$5.55.

SHEEP AND LAMBS—Market steady; native lambs, \$5.00 to \$5.05; western lambs, \$5.75 to \$5.80; fed ewes, \$1.70 to \$1.75; native wethers, \$4.50 to \$4.55; Texas clipped sheep, \$4.50 to \$4.55; stockers and feeders, \$3.50 to \$4.80.

MANY MOROS DIE IN BATTLE.

Short but Decisive Conflict with American Troops in Mindanao.

MANILA.—Captain Pershing's force captured Bacolod, island of Mindanao, Wednesday, killed 100 Moros and wounded many others. Three Americans were wounded.

Pershing's force consisted of Shaw's battalion of the Twenty-first infantry, Kilpatrick's troops of the Fifteenth cavalry and McMain's battery.

Pershing was surveying the west shore lands when the Bacolodians opposed his advance and provoked the fight. Pershing's force surrounded and attacked their stronghold, first shelling them, and, rushing his troops forward, charged gallantly.

After crossing a deep moat and entering the fort the Americans engaged the Moros, bayonets against krissees. A hundred of the defenders were killed, including the datto of Panandungan, and many were wounded. Only three Americans were wounded. After the capture of the fort it was destroyed.

IOWA IS OUT OF COMMISSION.

Sympathy to the Injured Friends Expressed.

WASHINGTON, D. C.—Acting Secretary Darling on Friday sent the following dispatch of sympathy to Rear Admiral Higginson, commanding the North Atlantic fleet at Pensacola.

"Please convey to officers and men of the fleet sincere sympathy of department in the loss of their comrades by the unfortunate accident on board the Iowa."

Although it has been intended that the Iowa should be repaired at the New York navy yard without going out of commission, the damage done by the explosion probably will make it necessary to put the vessel out of commission.

Where Toads Are Respected.

At the ancient church of St. Michael, at Schwyz, in Tyrol, the sacred edifice is invariably kept secretly closed on the evening before every great festival, and the simple peasantry of the district are convinced that on these occasions, when no one is present, an immense toad comes crawling before the altar, where it kneels and prays, weeping bitterly, for the population is imbued with the belief that toads are for the most part good Christians who have made vows to go on pilgrimages and who have died without fulfilling their pledges. So the poor creatures go hopping about astray, bewildered and perplexed, striving to find their way to shrines, which perchance have long ceased to exist.

Arsenic in the Food.

Arsenic, the dreaded poison that Professor Armand Gautier, of Paris, asserts is essential to life, proves to be disseminated in the primitive rocks from which sea water derives its store. The minute quantity taken in the food becomes localized in the skin and its appendages, the thyroid bones, mammary glands, the brain and the bones, and it is stated to be the exciting ferment of the functions of sensation and reproduction, just as phosphorus is the exciting element of the functions of cellular nutrition.

Married a Century Ago.

At Banjalaska, in Bosnia, lives a man born so long ago that his birthday has been forgotten, but in the year 1802, he was married and was, as his J. WORLD 6 cmfwp cmfwp cmfwp certificate proves, over 20 years of age. He is supposed to be at least 122 years old. His father, he says, died at 80, and his mother at 125. The old man is still active, possesses an unimpaired set of teeth and has smoked for the last 100 years, but only a chibouque. Cigarettes he considers harmful and refuses to accept them.

Lived in Three Centuries.

Mrs. Myrsalla Keith, of Montgomery, Ala., celebrated her 116th birthday on the 7th, with religious services at her home. Mrs. Keith was born in South Carolina, but has been living in Alabama since a child. She has lived in three centuries, and has vivid recollections of incidents before the war of 1812. Though in ill health for six years, her faculties are not in the least impaired. She is the mother of thirteen children.

Prison Official's Daring Feat.

Second Warden E. A. McPherson, of the prison wall at Salem, Ore., the other night to test the vigilance of guards, McPherson's feat was performed at the risk of his life. Had he been discovered he would probably have been instantly shot. He placed a ladder against the exterior of the wall, climbed up, lowered his ladder in the yard and, descended. He went through the prison shops, and as a final touch carried away the coat and hat of one of the guards. It was from this jail that the famous Tracy escaped last summer, and it is supposed that the rifle with which he fought his way out was taken into the prison over the yard fence.

Reed and the Spanish War.

One of the late Tom Reed's friends and colleagues was telling story the other day illustrative of the distinguished speaker's opposition to the Spanish war and interference in Cuba. About the time war was declared Reed came out of his hotel one morning boiling mad. To a friend he declared: "I would not give a drop of American blood for all the 'daggoes' and negroes in the island of Cuba. I would not give the life of one American to save 3,000,000 of them. No, sir, I would not, except—perhaps—here a smile spread over his big face and he relapsed into his 'down East' drawl—"yes, I believe I might sacrifice Senator—," and he named a senator whom he held responsible for much of the feeling that resulted in the war with Spain, and who is still a member of the senate.

COOKING CONTEST.

Right in the Family Kitchens. The ladies have a champion interested in the betterment of family cooks.

\$7,500.00 in cash has been donated by C. W. Post, Chairman of the Postum Cereal Co., Ltd., to be distributed between now and July next in 755 cash prizes to stimulate family cooks to better service.

Less burned and greasy meat, and potatoes; less soggy biscuits, cake, etc., and better coffee, Postum and tea is the motto.

The girls are to compete in the preparation of good, everyday dishes and in general cookery. Probably Grape-Nuts and Postum Coffee will come in for some attention incidentally, but the tests will be conducted under the daily direction of the housewife and 755 cooks will win varying cash prizes from \$200.00 down to \$5.00, no one is required to pay anything whatever to enter this contest and each winner will receive a large certificate or diploma with the big Postum seal in gilt, a badge of distinction much to be sought after. Particulars can be had by addressing Cookery Dept. No. 349 of Postum Cereal Co., Ltd., Battle Creek, Mich.

TWO SIGNALS.

There are two serious signals of Kidney ills. The first signal comes from the back with numerous aches and pains. The second signal comes in the Kidney secretions. The urine is thin and pale, or too highly colored, and showing a "brick-dust like" deposit. Urination is infrequent, too frequent or excessive.

You should heed these danger signals before chronic complications set in—Diabetes, Dropsy, Bright's Disease.

Take Doan's Kidney Pills in time and the cure is simple.

J. F. Wainwright, of the firm of Bones & Wainwright, painters and contractors, Pulaski, Va., says: "Four or five times a year for the past few years I have suffered with severe attacks of pain in my back, caused from kidney trouble. During these spells I was in such misery from the constant pain and aching that it was almost impossible for me to stoop or straighten and it really seemed as if the whole small of my back had given away. At times I also had difficulty with the kidney secretions which were discolored, irregular and scalding, and I was also greatly distressed with headaches and dizziness. I used a number of recommended remedies but I never found anything so successful as Doan's Kidney Pills. When I heard of them I had an attack and procured a box of them. In a few days the pain and lameness disappeared, the trouble with the kidney secretions was corrected and my system was improved generally. I have every confidence in Doan's Kidney Pills."

A FREE TRIAL of this great kidney medicine which cured Mr. Wainwright will be mailed to any part of the United States on application. Address Foster-Milburn Co., Buffalo, N. Y. For sale by all druggists, price 50 cents per box.

GRAIN GROWING. MIXED FARMING.
The Reason Why more wheat is grown in Western Canada in a few short months than elsewhere, is because vegetation grows in proportion to the sunlight. The more northerly latitude in which grain will come to perfection, the better the soil. Therefore 42 lbs. per bushel is as fair a standard as 50 lbs. in the East. THE MEN AND WOMEN

Who Enjoy the Choicest Products of the World's Commerce.

Knowledge of What Is Best More Important Than Wealth Without It.

It must be apparent to every one that qualities of the highest order are necessary to enable the best of the products of modern commerce to attain permanently to universal acceptance. However loudly heralded, they may not hope for world-wide preeminence unless they meet with the general approval, not of individuals only, but of the many who have the happy faculty of selecting, enjoying and learning the real worth of the choicest products. Their commendation, consequently, becomes important to others, since to meet the requirements of the well informed of all countries the method of manufacture must be of the most perfect order and the combination the most excellent of its kind. The above is true not of food products only, but is especially applicable to medicinal agents and after nearly a quarter of a century of growth and general use the excellent remedy, Syrup of Figs, is everywhere accepted, throughout the world, as the best of family laxatives. Its quality is due not only to the excellence of the combination of the laxative and carminative principles of plants known to act most beneficially on the system and presented in the form of a pleasant and refreshing liquid, but also to the method of manufacture of the California Fig Syrup Co., which ensures that uniformity and purity essential in a remedy intended for family use. Ask any physician who is well informed and he will answer at once that it is an excellent laxative. If at all eminent in his profession and has made a special study of laxatives and their effects upon the system he will tell you that it is the best of family laxatives, because it is simple and wholesome and cleanses and sweetens the system effectually, when a laxative is needed, without any unpleasant after-effects. Every well-informed druggist of reputable standing knows that Syrup of Figs is an excellent laxative and is glad to sell it, at the regular price of fifty cents per bottle, because it gives general satisfaction, but one should remember that in order to get the beneficial effects of Syrup of Figs it is necessary to buy the genuine, which is sold in original packages only; the name of the remedy—Syrup of Figs and also the full name of the Company—California Fig Syrup Co.—printed on the front of every package.
