Orleans-St. Francis Branch.
THE STORY OF THE RAWLINS COUNTY TREASURY ROBBERY.—M. A. WILSON AND A WOMAN.
Orleans, Neb., April 15, 1903.
Special to McCook Tribune.
M. A. Wilson, who was convicted by a Rawlins county jury and sentenced by Judge Hamilton to a term of nine years in the Kansas penitentiary, has been re-arrested and in jail at Atwood, Kansas.
Wilson who is ex-county attorney of Rawlins county, an old settler and one of the best-known men in Northwestern Kansas, was arrested, tried and convicted over a year ago for blowing open the vault of the treasury of Rawlins county and robbing it of over \$170,000.
He was convicted on purely circumstantial evidence and appealed his case to the supreme court and it was sent back to the district court for a new trial and fixed his bond at \$10,000.
A short time ago the county attorney of Rawlins county received a letter stating that for a consideration the writer would furnish clues for robberies that had been committed in the county. The letter was unsigned and was placed in the hands of a detective who traced it to

Mrs. Marie Newsome, living at Ottawa, Kansas, and once a resident of Atwood. Mrs. Newsome went from Ottawa to Oklahoma City, Oklahoma. When Wilson found that Mrs. Newsome was at Oklahoma City he leaves Atwood and goes to her. In the meantime the whereabouts of the pair is well known and they are shadowed and a confession obtained from Mrs. Newsome. Both parties were arrested and brought back to Kansas by requisition papers from Governor Bailey.
Wilson and Mrs. Newsome made a legal fight through the courts to keep from coming to Kansas and were not successful. Sheriff Lucas of Topeka and Mahoney of Atwood brought the pair to Rawlins county and Wilson is in jail and the woman strongly guarded by officers.
Some time prior to the looting of the county treasury at Atwood, robberies had been committed, postoffices at Herndon and Atwood broken open and robbed, stores pilfered, money drawers relieved of their contents and citizens held up by masked footpads on the highway and robbed in bandit style. A hue and cry was started to fasten the perpetration of this deviltry on the Shelly boys who had lately been pardoned from the United States prison at Fort Leavenworth and who lived ten miles northwest of Atwood.
It was the same old story of border cunning and ruffianism of white men, perpetrating crimes and throwing the suspicion on Indians.
As time went on the belief grew that a well organized gang had perpetrated these crimes and that the Shelly boys had nothing to do with the deviltry.
It is expected that sensational developments will soon be unearthed and the mysterious robberies and depredation that have so long been shrouded in darkness will be cleared up and the guilty parties brought to justice.

"In December, 1900, I had a severe cold and was so hoarse that I could not speak above a whisper," says Allen Davis of Freestone, N. Y. "I tried several remedies but got no relief until I used Chamberlain's Cough Remedy, one bottle of which cured me. I will always speak a good word for that medicine." For sale by L. W. McConnell, druggist.

THUNDER MOUNTAIN.

Reports from the New Thunder Mountain Gold Fields grow steadily better. There will undoubtedly be a great rush into the district this year. Last year the news concerning the new discoveries of free-milling ore had only begun to leak out and before October more than 20,000 claims were filed.
From every quarter there will be people going to Thunder Mountain, and all will want reliable information as to the best route and how soon the trail will be open. Many who cannot go will want to invest in a good property there, and the time to do that is now when money is needed for mine equipment.
The Thunder Mountain Gold Mining and Milling Company has a splendid property of 120 acres, across which there is a tremendous vein of free-milling ore 30 feet wide and running right into Rainbow Peak. Mr. Charles J. Perkins, General Manager of the Company, spent all last summer in the district. He is now at the Company's eastern offices in New York, where he will remain until some time in May purchasing equipment and describing the property to all who wish to buy shares.
He also possesses full information regarding the district and makes it a point to answer all questions about it, without charge, so that all who are interested may write and get the information free and at first hand.
The Company which Mr. Perkins represents made its first public offering of stock in January, and so many subscriptions have been received that a great deal of the equipment for the mine has been purchased and prepared for shipment as soon as the way is opened for travel.
It is estimated that fully three millions of dollars of machinery and equipment is now on the way to Thunder Mountain for various companies. One of the companies sold stock a year ago at 50 cents a share and now it is not to be bought for \$5.00 per share. Thirty other mines are opened and are getting into richer ore every day.
The property which this Company owns is second to none in the district, and the more one learns about it and its officers the greater the desire becomes to own some of its stock. For information regarding it, price of shares, etc., write to

THE DORR'S BLACK-DRAUGHT THE ORIGINAL LIVER MEDICINE
A sailow complexion, dizziness, biliousness and a coated tongue are common indications of liver and kidney diseases. Stomach and bowel troubles, severe as they are, give immediate warning by pain, but liver and kidney troubles, though less painful at the start, are much harder to cure. Theodor's Black-Draught never fails to benefit diseased liver and weakened kidneys. It stirs up the torpid liver to throw off the germs of fever and ague. It is a certain preventive of cholera and Bright's disease of the kidneys. With kidneys reinforced by Theodor's Black-Draught thousands of persons have dwelt immune in the midst of yellow fever. Many families live in perfect health and have no other doctor than Theodor's Black-Draught. It is always on hand for use in an emergency and saves many expensive calls of a doctor.
Mullins, S. C., March 10, 1901.
I have used Theodor's Black-Draught for three years and have not had to go to a doctor since I have been taking it. It is the best medicine for me that is on the market for liver and kidney troubles and dyspepsia and other complaints. Rev. A. G. LEWIS.
