PORTE'S APOLOGY

REGRET AT SEARCH OF BULGARIAN LEGATION.

MANY WARSHIPS AT SALONICA

Opinion is General that Nothing but War with Bulgaria Will Clear the Situation and Lead to Permanent Peace.

CONSTANTINOPLE—It is denied here that the powers have lodged claims for damages resulting from the Salonica outrages. The Turkish government has apologized to the Bulgarian diplomatic agent here for the domiciliary visits made by the police of Constantinople last week when about sixty Bulgarians were arrested and when the papers of the secretary of the Bulgarian diplomatic agency were seized at his residence. The agent threatens to leave Constantinople unless satisfaction for this action is given.

The statement that the porte has requested Austria and Italy to withdraw their warships from Salonica has been confirmed.

WASHINGTON, May 10—The Turkish minister here has received the following cablegram from his government:

"On May 6 the Bulgarian revolutionists attempted to commit at Monastir an outrage analogous to those perpetrated at Salonica. Thanks to the efficacious measures taken by the imperial authorities, however, they have been unable to put their designs into execution. Stontshief one of the ring-leaders of the Bulgarian revolutionary committee, perished with five of his accomplices in the village of Fraishna (Florida)."

LONDON—The Salonica correspondent of the Times says there are ten men-of-war in the harbor of Salonica. A state of siege has been declared and Turkish troops are guarding every square yard of the town. The schemes of the revolutionist leaders may hang fire, but it is not likely that they will be abandoned. There have been found documents which convince the authorities that the recent explosions were carried out by officials of the Bulgarian royal engineers.

The general opinion prevails, the correspondent says in conclusion, that the only way to clear the atmosphere is by a war with Bulgaria.

CONSTANTINOPLE—Consular dispatches received here from Monastir, European Turkey, says the Mussulman and Turkish troops are murdering Christians in the suburbs of the Christian quarter of the town. Houses are deserted and shops are closed.

The statement that General Deltcheff, one of the principal Macedonian leaders, has been killed in a fight with Turks at Florida has been officially confirmed.

AMERICA MUST BUILD CANAL.

Colombian Senator Says Otherwise it Will Not Be Constructed.

PANAMA—Gerard Pulecio, a prominent member of the conservative party, discusses the canal question in a recent issue of the Correo Nacional, published at Bogota. He says the renewal of the canal concession, granted by President San Clemente is legal, the government having constitutional powers to take this step. No company or European government is willing to risk any money in the canal venture after the De Lesseps failure, says Senator Pulecio, therefore the United States only can undertake the construction of the canal with chances of success.

Colombia never enjoyed effective sovereignty on the isthmus because the United States landed troops there whenever it wanted to and even denied Colombians the "innocent right to kill each other," still in the canal treaty Colombian sovereignty on the isthmus should be distinctly recognized, argues Senator Pulecio, not only to calm the nerves of the apprehensive patriots, but because Colombia may within 100 or 200 years develop into a strong nation and be able to recover sovereignty on the isthmus.

THE OMAHA LABOR TROUBLES.

Governor Mickey Asked to Appoint Arbitrators.

OMAHA—Governor Mickey, after visiting Omaha and looking over the labor situation, issued the following: To the Citizens of Omaha: Having been invited by the mayor of your city and the sheriff of your county yesterday to come to your city for the purpose of conferring with them and others to aid in arriving at an amicable settlement of the labor troubles in which your city is now involved, I met with the Business Men's association last evening and heard their discussion relating to the matter and was enabled to get some information as to their attitude and complaint, and this afternoon at the Millard hotel, I met a delegation representing the labor unions as previously arranged, and on invitation to myself and mayor, and discussed with them their complaints and attitudes in relation to the situation.

After this brief and fair consideration on my part with both sides, I asked that the labor unions appoint a committee of seven and the Business Men's association a committee of like number to meet me on Monday evening, May 11, at 8 p. m., at the Millard hotel for the purpose of mutually considering the matters in controversy and arriving at an amicable settlement to all interested.

JOHN H. MICKEY, Governor.

Railroad Wins Land Suit.

WASHINGTON, D. C.—The supreme court of the United States decided the case of the Oregon & California Railroad company against the United States in a case involving certain lands in Oregon, which were claimed by the railroad company under patents issued in 1871 under the Oregon donation act. The decision was favorable to the company. The contention in behalf of the United States was that the patent had been issued by mistake, as the land in dispute had been located as early as 1853, but the court held that as the land had not been reclaimed, as required by law, the settlement of 1853 was not valid.

Claim an American is Implacated.

PARIS—The mysterious murder of Mme. De Brienne, who was found strangled in her room, has aroused widespread interest. The police officials followed a clue indicating that it was an act of an Englishman, but they now claim that an American is implicated. Police do not know the name of the suspect, but are following vague descriptive clues. The victim, a well known figure, came from America.

INCREASED CROP ACREAGE.

Labor Bureau Issues Bulletin on Condition of Grain and Fruits.

The labor bureau has issued a statement showing the condition of crops and fruit. With the report is a table showing the increase and decrease in the per cent of acreage put in wheat, oats, rye, alfalfa and corn. The reports said that if March and April had been changed a normal season would have resulted, but as it was the warm weather of March caused an early planting of crops and the cold weather in April injured them to some extent. The report follows:

The average total precipitation for March for Nebraska was 0.72 inch and for April 1.63 inch.

Wheat—prior to the cold weather of April the appearance of wheat presented a 95 per cent condition. This applied to other crops of small grain. The prospects were for the largest per cent yield in the history of the state. The wet weather of last fall caused a decrease in the acreage that would have been sown had it not been for this wet weather.

Corn—For corn there will be an increase of 10.86 per cent in the state. The prospects are excellent over the entire state and the only fear expressed is that the cold, wet condition of the ground may continue, which might prevent germination.

Oats—For the oat crop there is reported a 6.76 per cent increase and a 0.28 per cent decrease, giving a net increase in the state of 6.48 per cent. This increase will occur mostly in the south central counties.

Rye—There will be an increase in the acreage of rye of 3.28 per cent. The prospect is good and the condition of the state crop is about 90. In the eastern part it is better than this.

Alfalfa—Alfalfa is gaining friends rapidly. It has been thoroughly demonstrated in the west that alfalfa can be grown without irrigation and the result is a very great increase in acreage each year. This year it ranks first in increase of acreage, the increase being 19.79 per cent.

Creamery People Confer.

KEARNEY—The first annual meeting of the operators and agents of the Beatrice Creamery company for the Kearney district convened at the city hall in this city. The gathering was on invitation of the managers of the company for interchange of opinions and discussion of creamery topics.

An address of welcome was made by Mayor Roe, which was responded to by Art Gentzler, superintendent for the section north of the Platte river. A. M. Priest gave a talk on "Our Mutual Interests." The regular topics for the afternoon were as follows: "Regular Shippings Days," Art Gentzler; "What Is Good Condition?" A. M. Priest, the company's manager at Lincoln; "Change in Test and Causes," A. P. Salgren; question box, George Lefleur, and a discussion led by A. E. Wilkinson.

Damage Less than Feared.

J. P. Hess, one of the large fruit growers, stated that the damage from the recent freeze and snow storm was much less than was feared. Apples, he says, have been damaged very little and he anticipates that they will make nearly a full crop. Cherries also, much to the surprise of fruit growers, appear to have been but little damaged except in certain localities.

Y. M. C. A. Bids All High.

YORK.—Bids for the erection of the new Young Men's Christian association building were opened by the general committee and the lowest bid was \$5,000 more than the association expected to pay. This is due to the advance in the price of material and the fact that York contractors have more work contracted ahead than they can take care of.

Valuable Farm Changes Hand.

CENTRAL CITY.—Last week T. B. Hord bought the Anthony farm three miles west of town at \$55 per acre. There are 480 acres, all seeded to alfalfa.

TIRED BACKS.

Come to all who overtax the kidneys. Don't neglect the aching back.

Many dangerous kidney troubles follow in its wake. Mrs. C. B. Pare of Columbia avenue, Glasgow, Kentucky, wife of C. B. Pare, a prominent brick manufacturer of that city, says: When Doan's Kidney Pills were first brought to my attention I was suffering from a complication of kidney troubles. Besides the bad back which usually results from kidney complaints, I had a great deal of trouble with the secretions, which were exceedingly variable, sometimes excessive and at other times scanty. The color was high, and passages were accompanied with a scalding sensation. Doan's Kidney Pills soon regulated the kidney secretions, making their color normal and banished the inflammation which caused the scalding sensation. I can rest well, my back is strong and sound and I feel much better in every way.

A FREE TRIAL of this great kidney medicine which cured Mrs. Pare will be mailed to any part of the United States on application. Address Foster-Milburn Co., Buffalo, N. Y. For sale by all druggists, price 50 cents per box.
