It looked quite dark for  
Solomon  
When one eventful day  
His cook ladies went on a strike,  
Demanding higher pay.

But when his faithful officer  
Takoma biscuit bought,  
"I reckon," said King Solomon,  
"This strike will come to  
nought."

### Subsidies to Support Art.

The government of Bavaria has voted a considerable sum for the maintenance of art institutions throughout the kingdom during the coming year. The allowances for the purchase of paintings and their preservation is particularly liberal. The various art institutes in Munich receive handsome subsidies and the Germanic museum in Nuremberg gets an increased allowance. ### Mistakes Made at the Mint.

John Erhard of Philadelphia has a coin dated 1891, which has a head on either side, showing that mistakes are made even at the mint. Every finished coin passes through the hands of a great many experts, and there is little chance of an imperfect piece escaping this scrutiny. There are said to be many of them in circulation, however. No particular value is attached to the coins outside of their rarity as curiosities.

### Milk Attracts Disease Germs.

Place a jug of milk near fish for a few hours and there will be a fishy flavor about it. In this same way that milk is susceptible to odors, so it attracts disease germs; diphtheria, typhoid fever, etc., are often contracted in this manner. This is not always due to carelessness, for these bacilli are in the very air we breathe. The only true safeguard when contagious disease is about to sterilize the milk.

Is Captured by  
Bradfield's Regulator.

Thousands of young women are awaking to the fact that inherited coarseness has been stolen, and instead of glowing cheeks and bright eyes, the fell-tale wrinkles of pain have taken their place. These are the warning feelings! Weak and tired in the morning, no life to enter upon their former pleasures, irritable, cross, dull headaches, general dispirited feeling, sleepless nights, cold feet, "bearing down" pains. All these symptoms indicate deranged and weakened organs, and exhausted energies follow the weakened condition of the female organs as surely as night follows day. Save yourself from worse results by taking
