

Takoma

When Sheba called on Solomon,
He gave her presents rare;
But Sheba looked on all his gifts
With a disdainful air.

Until he gave the gift of gifts,
The one he knew was right;
And said, "Takoma biscuit,"
Then she gurgled with
delight.

His Last Hope Realized.

(From the Sentinel, Gosh, Mont.)
In the first opening of Oklahoma to settlers in 1890, the editor of this paper was among the many seekers after fortune who made the big race one fine day in April. During his traveling about and afterwards his camping on his claim he encountered much bad water, which together with the severe heat, gave him a very severe diarrhoea which it seemed almost impossible to check, and along in June the case became so bad he expected to die. One day one of his neighbors brought him one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a last hope. A big dose was given him while he was rolling about on the ground in great agony, and in a few minutes the dose was repeated. The good effect of the medicine soon noticed, and within an hour the patient was taking his first sound sleep for a fortnight. That one little bottle worked a complete cure, and he cannot help but feel grateful. The season for bowel disorders being at hand suggests this item. For sale by L. W. McConnell.

Constipated Bowels.
To have good health, the body should be kept in a laxative condition and the bowels moved at least once a day, so that all the poisonous wastes are expelled daily. Mr. G. L. Edwards, 142 N. Main street, Wichita, Kansas, writes: "I have used Herbine to regulate the liver and bowels for the past ten years, and found it a reliable remedy." 50c., at A. McMillen's.

Hot Weather Weakness.

If you feel fagged out, listless and lacking in energy, you are perhaps suffering from the debilitating effects of summer weather. These symptoms indicate that a tonic is needed that will create a healthy appetite, make digestion perfect, regulate the bowels, and impart natural activity to the liver. This Herbine will do; it is a tonic, laxative, and restorative. H. J. Freegard, proprietor Grand View hotel, Cheney, Kan., writes: "I have used Herbine for the last 12 years, and nothing on earth can beat it. It was recommended to me by Dr. Newton, of Newton, Kansas." 50c., at A. McMillen's.

Chamberlain's Colic, Cholera and Diarrhoea Remedy.

The uniform success of this remedy has made it the most popular preparation in use for bowel complaints. It is everywhere recognized as the one remedy that can always be depended upon and that is pleasant to take. It is especially valuable for summer diarrhoeas in children, and is undoubtedly the means of saving the lives of a great many children each year. For sale by L. W. McConnell.

Elementary Agriculture for Teachers.

The Nebraska legislature recently passed a law requiring all applicants for teacher's certificates to pass an examination in the principles of elementary agriculture. This law goes into effect July 1, 1903.

In view of these requirements, the University of Nebraska offers in its summer school, June 12 to July 25, a course in agriculture especially arranged for teachers.

This course includes lectures and recitations upon such subjects as the formation and physical properties of soils, the methods of tillage to conserve moisture in soils, and topics dealing with plant growth with special reference to farm crops. The class work will be illustrated by simple laboratory experiments which can be performed in any school. Attention will also be given to subjects pertaining to the breeds of live stock, animal nutrition etc.

This course has the endorsement of the state superintendent of public instruction. The county superintendents interviewed express a willingness to accept University credits in agriculture without requiring an examination in that subject when certificates are applied for.

The success of the present movement introducing the elements of agriculture into the common schools will depend upon the fitness of teachers for carrying on the work.

It is hoped the teachers of Nebraska will avail themselves of the opportunity offered by the University at Lincoln this summer. The work will be in charge of Prof. H. R. Smith of the School of Agriculture.

THE FORD'S
BLACK-DRAUGHT
THE ORIGINAL
LIVER MEDICINE

A sallow complexion, dizziness, biliousness and a coated tongue are common indications of liver and kidney diseases. Stomach and bowel troubles, severe as they are, give immediate warning by pain, but liver and kidney troubles, though less painful at the start, are much harder to cure. The Ford's Black-Draught never fails to benefit diseased liver and weakened kidneys. It stirs up the torpid liver to throw off the germs of fever and ague. It is a certain preventive of cholera and Bright's disease of the kidneys. With kidneys reinforced by The Ford's Black-Draught thousands of persons have dwelt immune in the midst of yellow fever. Many families live in perfect health and have no other doctor than The Ford's Black-Draught. It is always on hand for use in an emergency and saves many expensive calls of a doctor.

Mullins, S. C., March 10, 1901. I have used The Ford's Black-Draught for three years and have not had to go to a doctor since I have been taking it. It is the best medicine for me that is on the market for liver and kidney troubles and dyspepsia and other complaints. Rev. A. G. LEWIS.

Startling Evidence.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for Consumption to be unequalled. A recent expression from T. J. McFarland, Bentonsville, Va., serves as example. He writes: "I had bronchitis for three years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing all Lung and Throat troubles, Consumption, Pneumonia, and Grip. Guaranteed by L. W. McConnell, druggist. Trial bottles free, regular sizes 50c. and \$1.00.

A Splendid Remedy.

Neuralgic pains, rheumatism, lumbago and sciatic pains yield to the penetrating influence of Ballard's Snow Liniment. It penetrates to the nerves and bone, and being absorbed into the blood its healing properties are conveyed to every part of the body, and effect some wonderful cures. D. F. Moore, Agt Illinois Central Railway, Milan, Tenn., states: "I have used Ballard's Snow Liniment for rheumatism, backache, etc., in my family. It is a splendid remedy. We could not do without it." 25c., 50c., and \$1.00, at A. McMillen's.
